Cantonese Made Easy James Dyer Ball,1888      **Airy Nothings** Charles Crittenton Baldwin,1917      The Cantonese Made Easy Vocabulary James Dyer Ball,1908      *Sweet Nothings* Mindy Potash-Smith,2012-09 Cut throat defense attorney Jessie Spring doesn t have time for nonsense so dating is the last thing on her mind until she spots the notorious womanizer Detective Peterson Peterson doesn t believe in relationships Despite his view when he spots Jessie in the court house he only has one thing on his mind and he s willing to do whatever it takes to make his conquest When Jessie starts receiving rhyming notes from a stalker she turns to Peterson for help What they end up with is much more than either of them bargained for

Wittgenstein's Tractatus at 100 Martin Stokhof,Hao Tang,2023-09-22 The 100th anniversary of the first publication of Wittgenstein s Tractatus is celebrated by a collection of original papers by well known experts on various aspects of one of the greatest works of philosophy in the twentieth century      **Finding the Figure in the Carpet** Lee McKay Johnson,2006-12-05 In his 1896 short story The Figure in the Carpet James sets forth a riddle for his critical readers as he approaches the major phase in his career He imagines a fictional novelist Hugh Vereker who tantalizes his critics with the idea of a single thread a design woven throughout all of his major works hidden in plain sight The design Vereker says is as obvious as a foot stuck in a shoe but the distinguished novelist is convinced no one will ever see it One critic Corvick however during a trip to India has an astonishing flash of revelation he sees the figure and the discovery is immense When Corvick returns and shares his epiphany with Vereker the novelist assures him that his discovery is precisely accurate there is not a single wrong note But Corvick dies in a road accident before he can write his definitive book on Verekers secret design My study will show the reader that there is a distinct figure in the carpet in the works of Henry James himself But James only uses the figure in a select group of his major novels and tales all six of which we will examine here These major works are all experimental and radical and show James allowing himself the artistic freedom to follow his own arcane and personal path The pattern is fully manifested in The Turn of the Screw in 1897 and remains the consistent thread all the way through the Masters final completed novel The Golden Bowl in 1904 I began writing about the relation of writing to painting and how James translates structural aspects of the silent art of painting into prose James borrows both silence and simultaneity from the painter his brother of the brush and experiments with their narrative equivalents I saw with increasing clarity that James admiration of the powers of painting led him into depicting nonverbal aspects of consciousness in language Finally I saw the whole system lock into place everything fit The figure in the carpet was revealed as visible silence With only a minute adjustment of focus I suddenly saw that James narrative pictorial structure that I had been tracing all these years constitutes the figure in the carpet itself The pictorial pattern literally governs every line and chooses every word James brings the reader into the full consciousness of his character by taking us into the silent radiation of the visible As readers we experience the silence before language the silence between words and the silence after language In this book I will show my

reader how the figure in the carpet operates as the controlling design in every square inch of text in each of James most famous novels and tales     **The Gospels of Matthew, and of Mark, newly rendered into Engl.; with notes on the Gr.**
