Paris and the Cliché of History Catherine E. Clark,2018-07-19 This book turns a compelling new lens on thinking about the history of Paris and photography The invention of photography changed how history could be written But the now commonplace assumptions that photographs capture fragments of lost time or present emotional gateways to the past that structure today's understandings did not emerge whole cloth in 1839 Focusing on one of photography's birthplaces Paris and the Cliché of History tells the story of how photographs came to be imagined as documents of the past Author Catherine E. Clark analyzes photography's effects on historical interpretation by examining the formation of Paris's first photo archives at the Musée Carnavalet and the city's municipal library their use in illustrated history books and historical exhibitions and reconstructions such as the 1951 celebration of Paris's 2000th birthday and the public's contribution to the historical record in amateur photo contests Despite the photograph's growing importance in these forums it did not simply replace older forms of illustration visual documentation or written text Photos worked in complex and shifting relation to other types of pictures as photographers popular historians and publishers built on the traditions and iconography of painting and engraving in order to both document the past scientifically and objectively and to reconstruct it romantically In doing so they not only influenced how Parisians thought about the city's past and how they pictured it they also ensured that these images shaped how Parisians lived their own lives especially in deeply charged moments such as the Liberation after World War II This history of picturing Paris does not simply reflect the city's history it is Parisian history

Nouvelles Promenades Dans

Paris Georges Cain,2013-06 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
