ML Yell

North West University 2015 2016 Prospectus:

Self-Tracking Btihaj Ajana, 2017-10-01 This book provides an empirical and philosophical investigation of self tracking practices In recent years there has been an explosion of apps and devices that enable the data capturing and monitoring of everyday activities behaviours and habits Encouraged by movements such as the Quantified Self a growing number of people are embracing this culture of quantification and tracking in the spirit of improving their health and wellbeing The aim of this book is to enhance understanding of this fast growing trend bringing together scholars who are working at the forefront of the critical study of self tracking practices Each chapter provides a different conceptual lens through which one can examine these practices while grounding the discussion in relevant empirical examples From phenomenology to discourse analysis from questions of identity privacy and agency to issues of surveillance and tracking at the workplace this edited collection takes on a wide and yet focused approach to the timely topic of self tracking It constitutes a useful companion for scholars students and everyday users interested in the Quantified Self phenomenon

The Outlaw Ocean Ian Urbina, 2019-08-20 NATIONAL BESTSELLER A riveting adrenaline fueled tour of a vast lawless and rampantly criminal world that few have ever seen the high seas There are few remaining frontiers on our planet But perhaps the wildest and least understood are the world s oceans too big to police and under no clear international authority these immense regions of treacherous water play host to rampant criminality and exploitation Traffickers and smugglers pirates and mercenaries wreck thieves and repo men vigilante conservationists and elusive poachers seabound abortion providers clandestine oil dumpers shackled slaves and cast adrift stowaways drawing on five years of perilous and intrepid reporting often hundreds of miles from shore Ian Urbina introduces us to the inhabitants of this hidden world Through their stories of astonishing courage and brutality survival and tragedy he uncovers a globe spanning network of crime and exploitation that emanates from the fishing oil and shipping industries and on which the world s economies rely Both a gripping adventure story and a stunning expos this unique work of reportage brings fully into view for the first time the disturbing reality of a floating world that connects us all a place where anyone can do anything because no one is watching

One Korea Tae-Hwan Kwak, Seung-Ho Joo, 2016-11-10 On the Korean peninsula there exist two sovereign states the Republic of Korea ROK or South Korea and the Democratic People s Republic of Korea DPRK or North Korea both of whom hold separate membership at the United Nations This book discusses the construction of one Korea and highlights the potential benefits of unification for the Koreans and the international community Arguing that Korean unification is intrinsically international in nature the authors outline how the process and outcome would impact upon the policies of the four major powers the U S China Russia and Japan In addition the authors highlight the possible far reaching repercussions of unification on the political and economic dynamics of Northeast Asia Making a case for the two Koreas and interested powers to plan and orchestrate their acts for sustained peace and gradual unification on the Korean peninsula this book examines the Korean question and the related issue of peace building in

Northeast Asia from a global perspective It will be of interest to students and scholars researching politics and international relations

Utopian Universities Miles Taylor, Jill Pellew, 2020-11-12 In a remarkable decade of public investment in higher education some 200 new university campuses were established worldwide between 1961 and 1970 This volume offers a comparative and connective global history of these institutions illustrating how their establishment intellectual output and pedagogical experimentation sheds light on the social and cultural topography of the long 1960s With an impressive geographic coverage using case studies from Europe the Americas Africa and Asia the book explores how these universities have influenced academic disciplines and pioneered new types of teaching architectural design and student experience From educational reform in West Germany to the establishment of new institutions with progressive interdisciplinary curricula in the Commonwealth the illuminating case studies of this volume demonstrate how these universities shared in a common cause the embodiment of utopian ideals of living learning and governance At a time when the role of higher education is fiercely debated Utopian Universities is a timely and considered intervention that offers a wide ranging historical dimension to contemporary predicaments

The Puzzle of the American Economy Mark A. Pisano, 2017-03-09 Exploring how sweeping demographic changes have resulted in the ineffectiveness of recent monetary and fiscal policies this book identifies corrective actions that will start to reverse the trends of low economic growth and widespread government deficits The field of demographics does not focus on the economic impacts and the funding issues resulting from demographic change Similarly economics does not take into account demographic changes The omissions in both fields are negatively impacting the nation income reductions caused by demographic changes that have not been accounted for are so large that current fiscal policies are not able to mitigate them The Puzzle of the American Economy How Changing Demographics Will Affect Our Future and Influence Our Politics exposes the factors that are undermining the nation s prospects for improving the rate of economic growth and keeping up with citizens needs for government provided services Author Mark A Pisano explains the hidden drag on the economy that has led to the ineffectiveness of recent monetary and fiscal policies how uncertainty in economic policymaking is affecting America politically as well as at the individual household level and why those who are adversely impacted are becoming politically disaffected He also presents an agenda for corrective individual action Readers will understand how the results of changes in demographics will last for decades and extend beyond the United States to many developed countries particularly Japan and nations in Europe as well as to some developing countries The book will be of value to students studying macro and micro economics those in public policy at all levels of government public administration and governmental budgeting and anyone attempting to understand the current dilemma in economic policymaking and our disjointed political process

Bright Star in the Present Prospect Ian Dunn, 2015-10-19 An illustrated history of the University of Chester charting its progress from the foundation as Chester Diocesan Training College in 1839 to the achievement of university status in 2005 and subsequent consolidation as a leading higher education

institution in the region **Annual Report - Central Soil Salinity Research Institute** Central Soil Salinity Research Institute (Karnāl, India),2015 *Debt Capital Markets* Vincenzo Bavoso,2024-11-11 Debt capital markets have been at the heart of regulatory and policy debates since the global financial crisis of 2008 In this work Vincenzo Bavoso explores the role financial markets and products have in fuelling episodes of crises and financial instability Focussing on the law and regulation but also drawing on current economics and finance scholarship *Debt Capital Markets* examines both the pre 2008 regulatory environment and the framework that has emerged from post crisis regulatory corrections since Charting the evolution of debt capital markets and the transformation and liberalisation of the financial markets throughout the 1980s and 1990s the book outlines how debt capital markets from bonds to more sophisticated forms of securitised credit have become engines of private debt creation excessive levels of leverage and inevitably financial instability It covers all the main channels of debt intermediation in capital markets bonds commercial paper covered bonds securitisation collateralised debt obligations collateralised loan obligations and explains relevant synergies with adjacent markets and products such as credit derivatives repurchase agreements or FinTech lending Bavoso argues that the regulatory response after the 2008 global financial crisis has been insufficient so that debt capital markets remain the main locus of financial instability today His book provides a complex analysis of financial markets that accounts for theoretical practical and regulatory aspects It provides a multifaceted and contextual appraisal of the role of debt capital markets together with the legal and regulatory challenges posed by their development Handbook of Research on Administration, Policy, and Leadership in Higher Education Mukerji, Siran,Tripathi, Purnendu,2016-09-27 The creation of a sustainable and accessible higher education systems is a pivotal goal in modern society Adopting strategic frameworks and innovative techniques allows institutions to achieve this objective The *Handbook of Research on Administration Policy and Leadership in Higher Education* is an authoritative reference source for the latest scholarly research on contemporary management issues in educational institutions and presents best practices to improve policies and retain effective governance Addressing the current state of higher education at an international level this book is ideally designed for academicians educational administrators researchers and professionals Recovering the Voice in Our Techno-Social World Deborah Eicher-Catt,2020-02-18 Using a communicological perspective *Recovering the Voice in our Techno Social World* On the Phone identifies voice phone in Greek as the essential medium for a re enchantment of human communication in our highly impersonal techno social environment This book is a response to the growing concern by social critics that we are becoming a de voiced society because of our preferences for hyper textual image based forms of electronic connectivity Ironically while we are increasingly on the phone we are sacrificing our vocality within immediate ear to ear relations Framed by the trope of enchantment Deborah Eicher Catt argues that the immediacy of the sounding voice calls us and enchants us to make possible productive moments of resonance in which we might cultivate an interpersonal resilience in today s fast paced media saturated environment

Scholars of media studies communication and sociology will find this book particularly useful **Contextualizing Angela Davis** Joy James, 2023-12-28 Angela Davis is iconic as an international figure but few recognize the educational political and ideological contexts that formed the public persona Excavating layers of networks activists academics polemicists and funders across the ideological spectrum Joy James studies the paradigms and platforms that leveraged Angela Davis into recognition as an activist and radical intellectual Beginning in Alabama in 1944 with Davis's birthplace and ending in California in 1970 with a surrogate political family James investigates context in order to better understand the agency and identity of Davis Her chronology marks key events relevant to Davis Black communities and the US AntiBlack repression under Jim Crow Black bourgeois southern families revolutionaries elite education communist parties international travels undergrad and graduate schooling all interconnect and play a part in Davis's rise in stature from persecution as a UC graduate student to the UC Presidential chair some three decades later Set against the backdrop of 21st century US democracy and the rise of neofascists James highlights of the centrality of those considered ancillary to US liberation movements She unpacks the contradictions of iconography and revolutionary agency and shows how a triumphal figure from a symbolic era of struggle became the icon of the rare peoples victory Transformation of Higher Education Through Institutional Online Spaces Taiwo, Rotimi, Idowu-Faith, Bimbola, Ajiboye, Simeon, 2023-07-11 The surge in the demand for higher education is closely connected with the liberalization and globalization of education Websites and social media have been chosen for promotional purposes for obvious reasons they are globally accessible For rapid communication of a significant amount of information virile institutional websites and social media spaces with promotional messages have become very important assets for higher institutions and their stakeholders Transformation of Higher Education Through Institutional Online Spaces presents multidisciplinary and interdisciplinary approaches to promotional discourses as presented on higher institution online spaces Covering topics such as brand building and marketing content marketing curriculum marketing digital marketing higher education digital marketing and higher education marketing campaigns this book is ideal for educational website managers educational institution managers public relations units researchers academicians practitioners instructors and students *Imaging Pilgrimage* Kathryn Barush, 2021-07-29 Winner of the American Academy of Religion's Religion and the Arts Book Award Winner of the Borsch Rast Book Prize it also challenges the tendency to think of the original in hierarchical terms The book brings various fields into conversation by offering a number of lenses and theoretical approaches materialist kinesthetic haptic synesthetic that engage objects as radical sites of encounter activated through religious and ritual praxis and negotiated with not just the eyes but a multiplicity of senses The first full length study to engage contemporary art that has emerged out of the embodied experience of pilgrimage Imaging Pilgrimage is an important and timely addition to the field of material and visual culture of religion It is essential reading for anyone interested in pilgrimage studies material culture and the place of religion within contemporary art **Underwater**

Ghost Towns of North Georgia Lisa M Russell, 2021-06-28 An archeologist reveals the mysterious world that disappeared under North Georgia's man-made lakes in this fascinating history North Georgia has more than forty lakes and not one is natural The state's controversial decision to dam the region's rivers for power and water supply changed the landscape forever Lost communities forgotten crossroads dissolving racetracks and even entire towns disappeared with remnants occasionally peeking up from the depths during times of extreme drought The creation of Lake Lanier displaced more than seven hundred families During the construction of Lake Chatuge busloads of schoolboys were brought in to help disinter graves for the community's cemetery relocation Contractors clearing land for the development of Lake Hartwell met with seventy-eight-year-old Eliza Brock wielding a shotgun and warning the men off her property Georgia historian and archeologist Lisa Russell dives into the history hidden beneath North Georgia's lakes

The Population Ecology and Conservation of Charadrius Plovers Mark A. Colwell, Susan M. Haig, 2019-04-26 The 40 or so species of beach-loving plovers genus *Charadrius* comprise a diverse group of shorebirds found around the world Most of these species are challenged by changing climates and other human-related development activities yet they provide key insights into basic ecological and evolutionary processes The expert international contributors take a comparative approach presenting examples from many worldwide plover studies and synthesizing the group's most pressing and important topics The book further presents an emphasis on full life cycle biology including the importance of examining migratory connectivity issues even for non-migratory plovers Color pages were planned and approved for some pages in this volume but due to a printing error some copies have incorrectly been released with these pages printed in black and white Replacement copies with the correct color in place can be obtained upon request by contacting orders.crcpress.com CRC Press extends apologies to any customers affected by this error and for the inconvenience caused Key Features Serves as a fundamental resource for conservation practitioners Detailed overview of a widely distributed group of shorebirds Authored by renowned specialists who present theoretical and applied perspectives Emphasis on comparative and synthetic approach in all chapters Related Titles McComb B et al Monitoring Animal Populations and Their Habitats A Practitioner's Guide ISBN 978 0 4291 3827 0 Garvey J E M R Whiles Trophic Ecology ISBN 978 1 4987 5846 8 Dewdney A K Stochastic Communities A Mathematical Theory of Biodiversity ISBN 978 1 1381 9702 2

Ichnology in Shallow-marine and Transitional Environments C. Cónsole-Gonella, S. de Valais, I. Díaz-Martínez, P. Citton, M. Verde, D. McIlroy, 2023-06-06 The ichnology of shallow marine to transitional environments is a key field of study with respect to understanding the variability of environmental parameters from inshore marginal marine settings to the offshore transition zone Over the last decades ichnology has evolved from being a tool to determine bathymetry becoming the standard palaeoenvironmental methodology by which trace fossils can be used to inform sedimentary facies models In particular the analysis of mixed assemblages of invertebrate and vertebrate trace fossils allows detailed palaeoenvironmental and facies analysis This volume focuses on the ichnological record of shallow

marine to transitional environments through the geological record in addition to modern ones through neoichnology

Drawing the Past, Volume 1 Dorian L. Alexander, Michael Goodrum, Philip Smith, 2022-01-04 Contributions by Lawrence Abrams Dorian L. Alexander Max Bledstein Peter Cullen Bryan Stephen Connor Matthew J Costello Martin Flanagan Michael Fuchs Michael Goodrum Bridget Keown Kaleb Knobloch Christina M Knopf Martin Lund Jordan Newton Stefan Rabitsch Maryanne Rhett and Philip Smith History has always been a matter of arranging evidence into a narrative but the public debate over the meanings we attach to a given history can seem particularly acute in our current age Like all artistic mediums comics possess the power to mold history into shapes that serve its prospective audience and creator both It makes sense then that history no stranger to the creation of hagiographies particularly in the service of nationalism and other political ideologies is so easily summoned to the panelled page Comics like statues museums and other vehicles for historical narrative make both monsters and heroes of men while fueling combative beliefs in personal versions of United States history *Drawing the Past Volume 1 Comics and the Historical Imagination in the United States* the first book in a two volume series provides a map of current approaches to comics and their engagement with historical representation The first section of the book on history and form explores the existence shape and influence of comics as a medium The second section concerns the question of trauma understood both as individual traumas that can shape the relationship between the narrator and object and historical traumas that invite a reassessment of existing social economic and cultural assumptions The final section on mythic histories delves into ways in which comics add to the mythology of the US Together both volumes bring together a range of different approaches to diverse material and feature remarkable scholars from all over the world [The Nile Delta](#) Katherine Blouin, 2024-02-22 This is the first volume on the history of the Nile Delta to cover the c 7000 years from the Predynastic period to the twentieth century It offers a multidisciplinary approach engaging with varied aspects of the region s long complex yet still underappreciated history Readers will learn of the history of settlement agriculture and the management of water resources at different periods and in different places as well as the naming and mapping of the Delta and the roles played by tourism and archaeology The wide range of backgrounds of the contributors and the broad panoply of methodological and conceptual practices deployed enable new spaces to be opened up for conversations and cross fertilization across disciplinary and chronological boundaries The result is a potent tribute to the historical significance of this region and the instrumental role it has played in the shaping of past present and future Afro Eurasian worlds

Laughing North Koreans Immanuel Kim, 2020-06-22 This study analyzes North Korean comedy films from the late 1960s to present day It examines the most iconic comedy films and comedians to show how North Koreans have enjoyed themselves and have established a culture of humor that challenges subverts and at times reinforces the dominant political ideology The author argues that comedy films popular comedians and the viewers have an intricate interdependent relationship that shaped the film culture the pre post production of filmmaking film watching experience and the legacies of

actors in North Korea **Unbound** Heather Boushey, 2019-10-15 A Financial Times Book of the Year The strongest documentation I have seen for the many ways in which inequality is harmful to economic growth Jason Furman A timely and very useful guide Boushey assimilates a great deal of recent economic research and argues that it amounts to a paradigm shift New Yorker Do we have to choose between equality and prosperity Decisions made over the past fifty years have created underlying fragilities in our society that make our economy less effective in good times and less resilient to shocks such as today's coronavirus pandemic Many think tackling inequality would require such heavy handed interference that it would stifle economic growth But a careful look at the data suggests nothing could be further from the truth and that reducing inequality is in fact key to delivering future prosperity Presenting cutting edge economics with verve Heather Boushey shows how rising inequality is a drain on talent ideas and innovation leading to a concentration of capital and a damaging under investment in schools infrastructure and other public goods We know inequality is fueling social unrest Boushey shows persuasively that it is also a serious drag on growth In this outstanding book Heather Boushey shows that beyond a point inequality damages the economy by limiting the quantity and quality of human capital and skills blocking access to opportunity underfunding public services facilitating predatory rent seeking weakening aggregate demand and increasing reliance on unsustainable credit Martin Wolf Financial Times Think rising levels of inequality are just an inevitable outcome of our market driven economy Then you should read Boushey's well argued well documented explanation of why you're wrong David Rotman MIT Technology Review
