*What Is World Literature?* David Damrosch,2018-06-05 World literature was long defined in North America as an established canon of European masterpieces but an emerging global perspective has challenged both this European focus and the very category of the masterpiece The first book to look broadly at the contemporary scope and purposes of world literature What Is World Literature probes the uses and abuses of world literature in a rapidly changing world In case studies ranging from the Sumerians to the Aztecs and from medieval mysticism to postmodern metafiction David Damrosch looks at the ways works change as they move from national to global contexts Presenting world literature not as a canon of texts but as a mode of circulation and of reading Damrosch argues that world literature is work that gains in translation When it is effectively presented a work of world literature moves into an elliptical space created between the source and receiving cultures shaped by both but circumscribed by neither alone Established classics and new discoveries alike participate in this mode of circulation but they can be seriously mishandled in the process From the rediscovered Epic of Gilgamesh in the nineteenth century to Rigoberta Mench s writing today foreign works have often been distorted by the immediate needs of their own editors and translators Eloquently written argued largely by example and replete with insightful close readings this book is both an essay in definition and a series of cautionary tales     *The Norton Anthology of World Literature, Vol. 2, Shorter 2nd Ed* ,2009

**The Norton Anthology of World Literature** ,2012     *The Norton Anthology of World Literature: Lucretius, from On the Nature of Things* Martin Puchner,Suzanne Conklin Akbari,Wiebke Denecke,Barbara Fuchs,Caroline Levine,Pericles Lewis,Emily R. Wilson,2018     **The Norton Anthology of Western Literature** Martin Puchner,Suzanne Conklin Akbari,Wiebke Denecke,Barbara Fuchs,2014 A completely new editorial team dozens of new selections and translations all new introductions and headnotes hundreds of illustrations redesigned maps and timelines and a completely revamped media program all add up to the most exciting accessible and teachable version of the Norton ever published     **World Literature Decentered** Ian Almond,2021-07-13 What would world literature look like if we stopped

referring to the West Starting with the provocative premise that the West is ten percent of the planet World Literature Decentered is the first book to decenter Eurocentric discourses of global literature and global history not just by deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world     *The Routledge Companion to World Literature* Theo D'haen,David Damrosch,Djelal Kadir,2011-09-14 In the age of globalization the category of World Literature is increasingly important to academic teaching and research The Routledge Companion to World Literature offers a

comprehensive pathway into this burgeoning and popular field Separated into four key sections the volume covers the history of World Literature through significant writers and theorists from Goethe to Said Casanova and Moretti the disciplinary relationship of World Literature to areas such as philology translation globalization and diaspora studies theoretical issues in World Literature including gender politics and ethics a global perspective on the politics of World Literature The forty eight outstanding contributors to this companion offer an ideal introduction to those approaching the field for the first time or looking to further their knowledge of this extensive field      **World Literature** Klaudia Hiu Yen Lee, Eli Park

Sorensen, 2025-07-22 World Literature Approaches Practices and Pedagogy combines theoretical explorations and pedagogy to explore approaches to teaching some of the key concepts issues and topics in world literary studies Recognising the evolving and at times contested meanings of world literature this book treats world literature as a mode of reading and one that provides opportunities to create a space for critical discussions and reflections on understanding unpacking and at times challenging some of the assumptions and practices in world literary studies Contributors discuss a wide array of topics including the role of translation and literary marketplace in global circulation of texts the function and problematics of paratexts questions of co authorship in transnational contexts debates on major minor in world literature cosmopolitanism and the impact of English as a lingua franca on the development of the field Accompanied by reading questions individual and group exercises as well as suggested further readings this collection offers a practical resource for instructors and an accessible guide to advanced undergraduate and postgraduate students taking world literature courses in different parts of the world
