elements Reaching beyond the limitations of applying common practice theories of tonality to metal this volume brings together a wide range of established and emerging scholars to address the building blocks of metal composition in the context of metal's subgenres and evolution over time Together the chapters provide a holistic theoretical framework for understanding the distinctive compositional features of metal With contributions from an international group of experts the handbook is organized into four parts around major themes Structures including form riff harmony rhythm and meter Expressions and Techniques Instruments Expressions and Techniques Voices Productions addressing the role of gear capturing processing and mixing technologies The contributors examine and discuss these elements with the goal of building an understanding of metal music composition that can also function as a manual for composing metal music Providing a comprehensive overview of the unique musical elements of metal this handbook is an essential resource for scholars and students across popular music studies musicology creative music performance and composition songwriting and production studies as well as for anyone interested in understanding metal from the perspective of composition

Nashua Christopher Murphy, 2013-09 Located just north of Boston Nashua New Hampshire is known as a quiet city until a series of violent murders makes front page news just before Memorial Day weekend The brutal killings leave citizens terrified and the NH State Police respond by bringing in an experienced investigator Detective Sergeant John Osborne is an abrasive but competent state trooper from the major crimes unit Osborne immediately butts heads with Detective David Boyle his liaison to the Nashua police department Both men begin investigating the grisly murders which seemingly happened with absolutely no apparent connection except for the killer placing a white pillowcase over the victim's head and tying the end of it off in a knot around the neck As if the killer didn't want to see the victims face the skull is pummeled rendering them unrecognizable Nothing is as it seems as both investigators clash every step of the way Their own personal dislike and inter departmental hostility for each other threatens to jeopardize the investigation Ironically both of them might actually be closer to the truth than they realize upon learning of an eerily similar crime committed in Maryland the year before In fact the killer has already decided that one of them must become the next victim
