the death of their planet which set them on a dangerous adventure of inter species contact Believing that the years of devastating war are behind them the alliance s search for a home planet seems successful when they discover a forgotten world complete with an abandoned city It is only when they are attacked by strangely intelligent machines that they realise that their landing here was not an unfortunate coincidence In Genesis 3 A New Beginning the various species of the alliance are plunged into a brutal battle for survival against an enemy that will never surrender As the odds mount against them it seems that the humans that left earth many years ago have finally met an adversary they cannot overcome
