Getting Into Oxford & Cambridge 2013 Entry Jenny Blaiklock, 2012-04-18 Do you want to win a place at one of the most prestigious universities in the country Do you need help making your application stand out from the crowd Winning a place at Oxford or Cambridge is notoriously difficult and with competition at an all time high Getting into Oxford and Cambridge has all the information you need to put yourself ahead of the fierce competition Covering what you should study at A level to your admissions interview and beyond this is a comprehensive guide to Getting into Oxford or Cambridge including Insider tips and advice from admission tutors The grades expected for each university Advice on writing your personal statement Interview preparation and practice Make sure your application stands out from the crowd impress at interview and secure yourself a place at Oxford or Cambridge **House of Commons - Scottish Affairs Committee: The Impact of the Bedroom Tax in Scotland: Interim Report - HC 288** Great Britain. Parliament. House of Commons. Scottish Affairs Committee, 2013 The Scottish Affairs Committee calls for the repeal of the Bedroom Tax While this is being considered the Committee calls on the Government to suspend application of the Bedroom Tax for all those tenants to whom a reasonable alternative offer cannot be made There are not enough smaller houses available for tenants to transfer into The lack of any alternative offers means that tenants have no choice but to go into arrears if they simply cannot afford the extra costs Other amendments proposed for the operation of the tax include exemptions for those disabled people who require a room to store or use equipment or aids non application where it would be financially perverse to do so eg where removing fixed aids and adaptations and then reinstalling them in a smaller home would be more expensive than the savings over two years all children of secondary school age should be allowed a bedroom of their own to allow quiet study all disabled children of whatever age should have a bedroom of their own The Committee also calls for changes to the system of Discretionary Housing Payments which have been designed by the Government to mitigate the worst impacts of the Bedroom Tax There should be a standard nationwide entitlement system across the UK as a whole rather than the present postcode lottery The

UK and Scottish Governments should make longer term commitments to the provision of DHP payments in order to allow local authorities to plan and structure their budgets **UNIVERSITY GUIDE 2012-2013** www.getting-in.com,2012-11-27

A University Guide Choosing A Course and Getting In is the book produced by the Getting In team to give you all the information you need to know about applying to UK universities using the UCAS system and making sure you get the place you want This book includes up to date league tables and other statistics explanations of common terms and jargon used by university admissions departments an examination of why people go to university the right criteria for choosing a subject institution and degree specialist interview advice for medical degrees Oxford and Cambridge colleges and other courses you are likely to need an interview for a guide to non A level examinations required by some university courses and how to cope with these extra requirements a step by step guide through and timetable of the UCAS process detailed advice on writing a winning personal statement supported by years of experience from the Getting In team an explanation of the changes to student finance made in 2011 and how to use them to your best advantage a guide to the Clearing and Adjustment systems used for students whose grades aren't what they expect a history of universities and their development in the UK With years of experience in getting students into top universities the Getting In team has produced a definitive guide to university applications Written in clear language that any seventeen year old can easily understand this book is designed to allow students consider every angle before making decisions that could shape the rest of their lives Product Description A

University Guide Choosing A Course and Getting In is produced by the team behind popular university applications advice website Getting In com This website provides tailored personal statement help and advice for young people applying to university Now this non fiction guide takes students through the process of applying to UK universities using the UCAS system and making sure that they get the places that they want Written in clear language that any seventeen year old can easily understand this book also caters for mature and gap year students Although Getting In runs its own successful advice website a selection of other online and offline resources are also included here so that students can get the most extensive advice possibly A University Guide Choosing A Course and Getting In is designed to allow students consider every angle before making decisions that could shape the rest of their lives It offers not just practical advice but detailed guidance and counselling on how to choose a subject and a university taking into account your ambitions priorities best loved subjects and personal habits **Educating Tomorrow's Engineers** Great Britain: Parliament: House of Commons: Science and

Technology Committee,2013-02-08 In the UK we teach young people to become computer users and consumers rather than programmers and software engineers This is creating a chronic skills gap in ICT We need around 82 000 engineers and technicians just to deal with retirements up to 2016 and 830 000 SET professionals by 2020 On the plus side the Government's proposal to include computer science as a fourth science option to count towards the EBac is welcomed The Committee also welcomes the EBac's focus on attainment of mathematics and science GCSEs but is concerned that subjects such as Design

and Technology D T might be marginalised A Technical Baccalaureate TechBac is being designed but if it is to be a success schools should be incentivised to focus on the TechBac by making it equivalent to the EBac Reforms to vocational education following the Wolf Review meant that Level 2 of the Engineering Diploma a qualification highly regarded would count as equivalent to one GCSE despite requiring curriculum time and effort equivalent to several GCSEs The Engineering Diploma however is currently being redesigned as four separate qualifications The Committee also expressed concerns over the Department for Education s DfE lack of clarity on its research budget and use of evidence in decision making The DfE needs to place greater focus on gathering evidence before changes to qualifications are made and must leave sufficient time for evidence to be gathered on the effectiveness of policies before introducing further change The possibility of gathering evidence from randomised controlled trials RCTs should be seriously considered

Simultaneous Identities Uma Pradhan, 2020-12-03 The recent socio political changes in Nepal have brought assimilationist notions of Nepali nationalism under a tight scrutiny and drawn attention to more plural inclusive and diverse notions of Nepaliness However both assimilationist and pluralist visions continue to remain normative in their approach and often posit ethnic and national identity in opposition to each other Drawing on the everyday practices in the two schools this book illustrates that social actors in minority language education did not necessarily select between minority identity and national identity but instead made simultaneous claims to more than one social identity by discursively positioning ethnic identity as national identity It builds on the notion of simultaneity to illustrate that it is through the unresolved co presences of apparently contradictory ways that people maintain their multi layered identities By arguing for an analytical necessity to adopt relational approach it aims to complicate the neat compartmentalisation of identities
