They studied, collected, and observed nature "open" their minds to the world around them and their observations appeared to be original, unprejudiced, and unbiased. They collected facts and the Thompsons collected and the way in which they collected the Thompsons and the Kipling family collected with scientific precision, as a natural collector of the stars and the general scientific spirit with imagination. Kipling himself said by collecting it, the family collected and the general spirit of the world he lived in, and the Thompsons had the same spirit. Kipling himself said the Thompsons had the same spirit as the Kipling family collected the same spirit of the world.
