Nobody S Baby:

The Lesbian Index Kim Emery, 2002-01-01 Adds historical and philosophical perspectives to current debates over whether lesbian identity is socially constructed or genetically based **Alexandra** Noor Nieftagodien, Phil Bonner, 2008-11-01 Alexandra A History is a social and political history of one of South Africa's oldest townships. It begins with the founding of Alexandra as a freehold township in 1912 and traces its growth as a centre of black working class life through the early years before the Nationalist government through the struggles of the apartheid era and into the present day. Declared as a location for natives and coloureds, Alexandra became home to a diverse population where stand owners, tenants, squatters, hostel dwellers, workers and migrants from every corner of the country converged to make a new life for themselves near the economic hub of Johannesburg. The stories of ordinary people are at the core of the township's history. Based on numerous life history interviews with residents and previously unexamined archive sources, the book portrays in vivid detail the daily struggles and tribulations of the people of Alexandra. A significant focus is the rich history of political resistance in which political organisations and civic movements organised bus boycotts, anti removal and anti pass campaigns and mobilised for housing and a better life for the township's residents. But the book also tells the stories of daily life: the making of urban cultures and of the infamous Spoilers and Msomi gangs. Over weekends, Alexandra came alive as soccer matches, church services and shebeens vie for the attention of residents. Alexandra A History highlights the social complexities of the township which at times caused tension between different segments of the population. Above all else, despite a long history of hardship and adversity, the community spirit of the people of Alexandra, expressed in a fiercely loyal love of their township home, has repeatedly triumphed and endured *Windows* Jo Boyd Hines, 2009-03-19 Writing poetry has been a challenging and fulfilling journey. As I arrange my thoughts, observations and feelings in a concentrated way, a new form of expression emerges and my soul is fed. I began writing poems many years ago and a lifelong learning process began that continues today. I hope my perspective on life, living and dying will engage the reader and encourage speculation about what is illusion and what, if anything, is not. My external life has been that of wife, mother, grandmother, feminist and community servant. My professional life has been in the fields of advertising, education and as a grant writer and non profit program administrator. But my internal life has been a life of poetry. This book is my poem for you *The Gifted Child* Penny Kline, 2016-04-21 How do you deal with what comes after a death? When Kristen's partner William is murdered in a mugging gone wrong, she tries to pick up the pieces for the sake of her young stepson Theo. But when Theo's biological mother Ros demands that he go to live with her, Kristen's world is torn apart again. The police think that William was killed by an elusive criminal known as the dog man, but Kristen has reason to believe that Ros, a woman with an unstable past, is behind the killing. Soon Kristen realises that William's life wasn't all it had seemed. Everyone she encounters has something to hide and not everyone is who they appear to be. Maybe Kristen needs to watch for danger in the places she'd least expect. *The Gifted Child*

is a superb psychological thriller which explores themes of fear and loss through the eyes of those who are left behind
