Shakespeare and the Environment: A Dictionary Sophie Chiari,2022-01-27 While our physical surroundings fashion our identities we in turn fashion the natural elements in which or with which we live This complex interaction between the human and the non human already resonated in Shakespeare s plays and poems As details of the early modern supra and infra celestial landscape feature in his works this dictionary brings to the fore Shakespeare s responsiveness to and acute perception of his environment and it covers the most significant uses of words related to this concept In doing so it also examines the epistemological changes that were taking place at the turn of the 17th century in a society which increasingly tried to master nature and its elements For this reason the intersections between the natural and the supernatural receive special emphasis All in all this dictionary offers a wide variety of resources that takes stock of the green criticism that recently emerged in Shakespeare studies and provides a clear and complete overview of the idea imagery and language of environment in the canon

Women J.P. Vaswani,2019-06-20 Woman the eternal symbol of Shakti Shakti is not force It is the energy that integrates people communities and nations It is therefore woman s integrated Shakti that will build a new civilization for the new age Not only does this book acknowledge the potential of the feminine force but it also outlines its massive all encompassing role against the continuing backdrop of a largely patriarchal world His message is indeed a powerful one a new civilization awaits us all a civilization built by women a civilization of harmony and peace and progress What makes this book a valuable addition to any library is the fact that each argument is backed up by expert data and socio legal studies Above all the author s message is one of hope and promise for he is certain that in the future women s voices and contribution will grow from strength to strength

The Last Men Out Tom Downey,2005-05 An insightful dramatic and emotional tale that deserves a place alongside Dennis Smith s classic firefighting memoir Report from Engine Co 82 Terry Golway New York Post Brooklyn s Rescue 2 has long been known as one of the country s top firehouses a model for departments nationwide Recognized for their expertise and commitment Rescue 2 s men handle only big blazes where civilians and their fellow firemen are in danger
