Rites of Passage: Rational/Irrational Natural/Supernatural Local/Global Associazione italiana di anglistica.

Congresso,2003 **T.P.'s Weekly ,1928** **Feeding the Spirit** Art Rogers,2001 Feeding the Spirit Art Dreams and Language in the Elementary Classroom by Art Rogers explores and documents the important role of art in elementary education particularly in the area of language development as well as across disciplines The author also presents an eloquent and persuasive case for the importance of dreamwork in the classroom as an untapped source of inspiration for creative expression In addition to providing a strong pedagogic and philosophical foundation supporting art as a core element of the learning process Rogers gives specific practical examples of successful instructional strategies from his own teaching experience Between Heaven and Earth Robert A. Orsi,2006-11-19 Between Heaven and Earth explores the relationships

men women and children have formed with the Virgin Mary and the saints in twentieth century American Catholic history and reflects more broadly on how people live in the company of sacred figures and how these relationships shape the ties between people on earth In this boldly argued and beautifully written book Robert Orsi also considers how scholars of religion occupy the ground in between belief and analysis faith and scholarship Orsi infuses his analysis with an autobiographical voice steeped in his own Italian American Catholic background from the devotion of his uncle Sal who had cerebral palsy to a crippled saint Margaret of Castello to the bond of his Tuscan grandmother with Saint Gemma Galgani Religion exists not as a medium of making meanings Orsi maintains but as a network of relationships between heaven and earth involving people of all ages as well as the many sacred figures they hold dear Orsi argues that modern academic theorizing about religion has long sanctioned dubious distinctions between good or real religious expression on the one hand and bad or bogus religion on the other which marginalize these everyday relationships with sacred figures This book is a brilliant critical inquiry into the lives that people make for better or worse between heaven and earth and into the ways scholars of religion could better study of these worlds
