Speaking and Writing English Bernard Matthew Sheridan,1917   Find the Errors! Nancy Lobb,1998 No matter how much teachers may talk about the importance of solid writing skills nothing beats giving students the opportunity to make their own edits Find the Errors is a light hearted approach to this age old challenge 37 passages contain short humorous anecdotes letters crossword puzzles and more But each passage is also riddled with errors Now it s up to your students to go into those passages and identify and annotate the mistakes They ll work on spelling capitalization punctuation sentence structure and style For middle school students this is a very successful way to engage them while giving them a palpable sense of accomplishment as they improve each passage Extensive teacher support includes grammatical rules answer keys additional activities and tests for easy assessment See also Find the Errors II   **Madhubun☐s Grammar for Learners ☐ 8** Anuradha Murthi, Madhubun s Grammar for Learners is a series of eight books for students of Classes 1 to 8 It aims at helping learners grasp grammatical concepts with ease through its learner friendly approach It offers sufficient practice in grammar comprehension and composition The ebook version does not contain CD   **Sessional Papers** Great Britain. Parliament.
