Wilton Images Of America Series:

Wilton Jeannine Woutersz, 2003 Throughout history people of Wilton Native Americans early settlers of the hamlets of Wiltonville Stiles Corner and Gurn Spring and current residents all have shared a common love of this eastern New York State place located just north of Saratoga Springs Wilton captures the high points of the town's history including the Battle of Wilton in February 1693 and Mount McGregor famous for its grand hotel built in 1884 and for a cottage where in 1885 President Ulysses S Grant finished his memoirs shortly before his death It also features the mineral spring water that was bottled and marketed in the early 1900s and a farm with forty thousand turkeys **Diamonds in the Rough** James Sanders Day, 2013-06-24 Diamonds in the Rough reconstructs the historical moment that defined the Cahaba Coal Field a mineral rich area that stretches across sixty seven miles and four counties of central Alabama Combining existing written sources with oral accounts and personal recollections James Sanders Day's Diamonds in the Rough describes the numerous coal operations in this region later overshadowed by the rise of the Birmingham district and the larger Warrior Field to the north Many of the capitalists are the same Truman H Aldrich Henry F DeBardeleben and James W Sloss among others however the plethora of small independent enterprises properties of the coal itself and technological considerations distinguish the Cahaba from other Alabama coal fields Relatively short lived the Cahaba coal mining operation spanned from discovery in the 1840s through development boom and finally bust in the mid 1950s Day considers the chronological discovery mapping mining and marketing of the field's coal as well as the issues of convict leasing town development welfare capitalism and unionism weaving it all into a rich tapestry At the heart of the story are the diverse people who lived and worked in the district whether operator or miner management or labor union or nonunion white or black immigrant or native who left a legacy for posterity now captured in Diamonds in the Rough Largely obscured today by pine trees and kudzu the mining districts of the Cahaba Coal Field forever influenced the lives of countless individuals and families and ultimately contributed to the whole fabric of the state of Alabama Winner of the 2014 Clinton Jackson Coley Award for Best Work on Alabama Local History from the Alabama Historical Association New Hampshire Old Home Celebrations Gary Crooker, 2009-06-01 In 1899 when many New Hampshire residents were moving to cities and other parts of the nation Frank Rollins soon to become governor of New Hampshire delivered a proposal to hold an annual event he dubbed Old Home Week Similar in form to many of the family and town picnics already a tradition throughout New Hampshire Old Home Week was designed as an open invitation to all the former residents of the Granite State to return to the homes of their youth In addition to the ballgames picnics parades and bonfires that were held during the third week of August the celebrations resulted in municipal improvements across the state Old homesteads were refurbished as summer homes and libraries and monuments sprung up throughout the region as residents returned creating a movement toward a renewed pride in the community **Smashing Statues: The Rise and Fall of America's Public Monuments** Erin L. Thompson, 2022-02-08 A leading expert on the past

present and future of public monuments in America An urgent and fractious national debate over public monuments has erupted in America Some people risk imprisonment to tear down long ignored hunks of marble others form armed patrols to defend them Why do we care so much about statues Which ones should stay up and which should come down Who should make these decisions and how Erin L Thompson the country s leading expert in the tangled aesthetic legal political and social issues involved in such battles brings much needed clarity in *Smashing Statues* She lays bare the turbulent history of American monuments and its abundant ironies from the enslaved man who helped make the statue of Freedom that tops the United States Capitol to the fervent Klansman fired from sculpting the world s largest Confederate monument who went on to carve Mount Rushmore And she explores the surprising motivations behind contemporary flashpoints including the toppling of a statue of Columbus at the Minnesota State Capitol the question of who should be represented on the Women s Rights Pioneers Monument in Central Park and the decision by a museum of African American culture to display a Confederate monument removed from a public park Written with great verve and informed by a keen sense of American history *Smashing Statues* gives readers the context they need to consider the fundamental questions for rebuilding not only our public landscape but our nation as a whole Whose voices must be heard and whose pain must remain private
