Awoyemi, 2003 *Core Competencies in Adolescent Health and Development for Primary Care Providers* WHO, World Health Organization, 2015-03-31 The aim of this document is to help countries develop competency based educational programmes in adolescent health and development in both pre service and in service education In addition it provides guidance on how to assess and improve the structure content and quality of the adolescent health component of pre service curricula By fostering the capacity of health care providers in adolescent health care and development the document supports the implementation in countries of the Global Standards for Quality Health Care Services for Adolescents The ultimate goal of this competency framework is to increase the quality of health care services provided to adolescents by improving the education of primary health care providers *Development and Women's Reproductive Health in Ghana, 1920-1982* Holly Ashford, 2022-12-09 This book investigates the history of women s reproductive health in Ghana arguing that between the 1920s and 1980s it was largely driven by discourses of development and population control rather than a concern for women s health or rights Between the 1920s and 1980s the choices that Ghanaian women made regarding their reproductive health were defined by development policy and practice Spanning the colonial and immediate postcolonial periods this book demonstrates that whilst the substance of development discourse shifted over time principles of development continued to be used to impact and legitimise reproductive health policy and practices well after independence The book explores Ghana s pluralist health system the introduction of maternal and child welfare the dominance of the Red Cross in Ghana s maternal and child health landscape nationalist pronatalism and global population activism In order to understand how global iterations of development and health policy impacted ordinary lives in Ghana the author uses evidence from multiple levels including private papers national archives and records of international and transnational organisations Providing balanced archival perspectives the book includes extensive oral history interviews carried out with both rural Ghanaian women and traditional birth attendants as well as with midwives doctors and family planning fieldworkers This book will have an important impact on a number of historical fields including Ghanaian history global health history global histories of population and family planning and histories of development It will be of interest to researchers and students in the history of public health development Africa Ghana and gender **The Medium Term Expenditure Framework for ... and the Annual Estimates for ...** Ghana, 2009 *Daily Graphic* Sam Clegg, 1988-11-23 *Annual Estimates* Ghana, 1977 *West Africa* , 1989-04 *Directory of Tertiary Institutions in Ghana* , 2001 *The Colonial Office List* Great Britain.
