Page, 2012-11-16 How to enhance well being by reconnecting to sacred womanhood Shares ways to embody the power wisdom and compassion of the Great Mother Reveals a woman s purpose is to give birth not only to new life but also to new levels of consciousness Shows how female illnesses represent a disconnection from our true identity as women Four thousand years ago women were seen as living representatives of the Great Mother whose cyclical and potent energy gave birth to all existence Today this sacred awareness has been lost or distorted causing a collective amnesia among women around the world However there is one symbol of the Great Mother s loving presence that has remained unchanged for tens of thousands of years the physical body Its curves sensuality softness and monthly flow are constant reminders of this deep loving connection When illness appears especially within the breasts and fertility organs a woman is being reminded to return to her pure and sacred identity where death and birth are essential for growth and love flows without expectations Combining more than 30 years experience in health care with in depth research into the history and mythology of the divine feminine Christine R Page M D reveals that women are the foundation of the birth of new levels of consciousness without which the evolution of humanity will become barren and dry Yet such birth can occur only when women have the courage to reject the beliefs and images of the feminine

imposed upon them four thousand years ago and reclaim their true identity Through a fascinating journey into the body Dr Page shows the importance of self love and self respect and explains how sex is a natural process of unification where women take the lead similar to the ancient sacred priestesses Dr Page reminds women to reconnect to the potent and creative energy of Mother Earth which gives power to the intuitive voice of the heart and nurtures new seeds of inspiration and enlightenment through the womb

Mending Abortion Trauma with Presence Marsha Donner, 2024-07-26 Terminating an unplanned pregnancy is often an unacknowledged trauma due to silence and lack of support. The process is too much, too soon, and too fast. Numbing of emotions is a normal reaction that provides emotional safety for the moment. Yet the suppressed experiences create consequences over time as they cry out to be felt more fully and within supportive relationships. The poignant stories within this book are intended to embrace you and remind you that you are not alone. You are invited to go at your own pace and use the prompts for writing and reflection while facing what lingers from that pivotal choice with self-compassion. Your journey through the canyon of silence will be a reclamation, a process of mending fractures and integrating all that is discovered. New possibilities open when emotional movement is restored.

North American Indian Anthropology Raymond J. DeMallie, Alfonso Ortiz, 1994 These essays explore the blending of structural and historical approaches to American Indian anthropology that characterizes the perspective developed by the late Fred Eggan and his students at the University of Chicago. They include studies of kinship and social organization, politics, religion, law, ethnicity, and art. Many reflect Eggan's method of controlled comparison, a tool for reconstructing social and cultural change over time. Together, these essays make substantial descriptive contributions to American Indian anthropology, presenting contemporary interpretations of diverse groups from the Hudson Bay Inuit in the north to the Highland Maya of Chiapas in the south. The collection will serve as an introduction to Native American social and cultural anthropology for readers interested in the dynamics of Indian social life.

Lakhota Rani-Henrik Andersson, David C. Posthumus, 2022-11-17 The Lakhota are among the best-known Native American peoples. In popular culture and even many scholarly works, they were once lumped together with others and called the Sioux. This book tells the full story of Lakhota culture and society from their origins to the twenty-first century, drawing on Lakhota voices and perspectives. In Lakhota culture, listening is a cardinal virtue, connoting respect, and here authors Rani Henrik Andersson and David C. Posthumus listen to the Lakhota both past and present. The history of Lakhota culture unfolds in this narrative as the people lived it. Fittingly, *Lakhota: An Indigenous History* opens with an origin story that of White Buffalo Calf Woman, Ptesanwin, and her gift of the sacred pipe to the Lakhota people. Drawing on winter counts, oral traditions, and histories, and Lakhota letters and speeches, the narrative proceeds through such periods and events as early Lakhota-European trading, the creation of the Great Sioux Reservation, Christian missionization, the Plains Indian Wars, the Ghost Dance, and Wounded Knee, 1890, the Indian New Deal, and self-determination, as well as recent challenges like the NoDAPL movement and management of COVID-19 on reservations. This book centers Lakhota experience as when it shifts the focus of the Battle of Little Bighorn from Custer to fifteen-year-old Black Elk, or puts American Horse at the heart of the negotiations with the Crook Commission, or explains the Lakhota agenda in negotiating the Fort Laramie Treaty in 1851. The picture that emerges is of continuity and change in Lakhota culture from its distant beginnings to issues in

our day is as sweeping and intimate and as deeply complex as the lived history it encompasses The Circle of Life James David Audlin, 2012-02-22 THE CIRCLE OF LIFE presents traditional oral Native American sacred teachings from the Iroquois Lakota and other traditions The author has been receiving these teachings from elders since his youth The wisdom embraces cosmology ethics epistemology metaphysics sociology psychology healing dream interpretation and more Audlin calls himself neither a spiritual teacher nor an authority but a conduit through which these oral traditions can be presented meaningfully to people in a modern world He outlines universal principles common to many traditional peoples worldwide The Red Road is available to all regardless of religion or ethnicity willing to follow its paths These paths however are often not easy and require deep personal and spiritual commitment Audlin says in his introduction If this book serves any purpose let it be to help us bring the Sacred Hoop of All the Nations back together again so we and all that lives may stand as one in silent awe before that Great Mystery **2021** Günter Berghaus, Monica Jansen, Luca Somigli, 2022-01-19 This volume explores the fraught relationship between Futurism and the Sacred Like many fin de siècle intellectuals the Futurists were fascinated by various forms of esotericism such as theosophy and spiritualism and saw art as a privileged means to access states of being beyond the surface of the mundane world At the same time they viewed with suspicion organized religions as social institutions hindering modernization and ironically used their symbols In Italy the theorization of Futurist Sacred Art in the 1930s began a new period of dialogue between Futurism and the Catholic Church The essays in the volume span the history of Futurism from 1909 to 1944 and consider its different configurations across different disciplines and geographical locations from Polish and Spanish literature to Italian art and American music Diary of a Damascene wound khalil altahhan, A poetry book containing a complete collection of my romantic poems that exude the scent of Damascene jasmine which I wrote between 2005 and 2018
