Annual Report South Africa. Department of Defence, 2016 **The South China Sea Arbitration** Alfredo C.

Robles, 2019-01-01 The South China Sea Arbitration which marks the first time that the Philippines and China have been parties to a compulsory dispute settlement procedure is a landmark legal case The Tribunal tackled head on critical issues in the interpretation and application of the UN Convention on the Law of the Sea that other international courts have failed to address particularly the compatibility of historic rights with the Convention the identification of maritime features as permanently submerged or above water at high tide and the distinction between features that are fully entitled to maritime zones and those that are not In addition the Tribunal also had to decide on issues as diverse as near collisions at sea illegal fishing of giant clams and sea turtles and the destruction of fragile coral reefs resulting from island building The Tribunal's task was rendered arduous by China's refusal to appear before it In these circumstances understanding the Tribunal's decisions is a challenging undertaking China's public relations campaign targeting the proceedings raised issues that the layperson could readily grasp notably African states support for its non appearance the integrity of the judges and the validity of arbitral awards Understanding the Awards and Debating with China aims to facilitate understanding of the South China Sea Arbitration by presenting detailed summaries of the two Arbitral Awards The author rebuts the questionable claims raised by China's public relations campaign and highlights China's covert actions during the proceedings Racing for the Surface Bingyun Li, Thomas Fintan Moriarty, Thomas Webster, Malcolm Xing, 2020-03-02 This book covers the latest research in biofilm infection and antimicrobial strategies in reducing and treating musculoskeletal skin transfusion implant related infections etc Topics covered include biofilms small colony variants antimicrobial biomaterials antibiotics antimicrobial peptides hydrogels bioinspired interfaces immunotherapeutic approaches and more antimicrobial coatings engineering and 3D printing antimicrobial delivery vehicles and perspectives on clinical impacts Antibiotic resistance which shifts the race toward bacteria and strategies to reduce antibiotic resistance are also briefly touched on Combined with its companion volume Racing for the Surface Pathogenesis of Implant Infection and Advanced Antimicrobial Strategies this book bridges the gaps between infection and tissue engineering and is an ideal book for academic researchers clinicians industrial engineers and scientists governmental representatives in national laboratories and advanced undergraduate students and post doctoral fellows who are interested in infection microbiology and biomaterials and devices **State Neutrality** Kerry O'Halloran, 2021-01-21 The state is legally required to be neutral towards religion but in many countries it is increasingly anything but This book conducts a comparative legal analysis of the church state relationship within and between western countries including the USA France and Israel that are key players in international and domestic dynamics in which religion

and religious conflict take centre stage It analyses how government accommodates diversity how policies of multiculturalism and pluralism translate into legislation the extent to which they address matters of religion and belief and what pattern of related issues then come before the courts Finally it considers how civil society and democracy in general can maintain a balance between the interests of those of different religions and beliefs and those of none In this illuminating study Kerry O Halloran shows how the relationship between religion and government affects civil society and the functioning of democracy in North America and Europe **Army-Navy-Air Force Register and Defense Times** ,1914 Handbook of African Development Tony Binns,Kenneth Lynch,Etienne Nel,2018-04-27 This handbook presents an extensive new overview of African development past present and future It addresses key core themes and topics that are pertinent to the continent s development including sections on history health and food politics economics rural and urban development and development policy and practice The volume draws on the expertise of over 60 of the world s leading scholars to provide a detailed and up to date analysis of the key opportunities and challenges that confront Africa and how such issues are being addressed Arranged by key themes the handbook provides not only a historical understanding of the past but also political perspectives on the future The chapters provide critically informed analyses of their topics by drawing upon the latest conceptual viewpoints and applied experiences in Africa in the form of case studies to offer a comprehensive examination of the opportunities challenges key debates and future prospects This handbook is an invaluable state of the art overview and reference concerning many different aspects of Africa s development which will be of interest to academics in all fields of African studies and also academics and students working in cognate disciplines such as development studies geography history politics and economics Political Handbook of the World 2018-2019 Tom Lansford,2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia Fractional Calculus and its Applications in Physics Dumitru Baleanu,Devendra Kumar,2019-11-15 *Cross Border Security in the Southern African Region* Inocent Moyo,2024-07-29 This book provides a sophisticated analysis of cross border challenges and

problems in the southern African region It advances explanations that transcend the state centric narrative that has nationalised cross border security It provides insights from non state actors such as informal cross border traders ICBTs informal cross border transporters undocumented migrants and cross border communities It argues that security needs to be understood beyond a state centric paradigm by focusing on the political economic environmental and societal threats at macro meso and micro levels The book suggests that at the core of cross border security challenges in the Southern African region is a post colonial governmentality This drives the nationalisation of cross border security as though it is the only security leading to nation states in turn depoliticising and invisibilising the security and livelihoods of ordinary people even when nation states claim to be protecting the same The book will be a useful resource for students scholars and researchers of African Studies Border Studies Human Geography Migration Studies Development Studies International Studies International Relations Political Science and Security Studies

Morocco's Africa Policy Yousra Abourabi, 2024-05-13 Since the advent of the reign of Mohammed VI in 1999 Morocco has deployed a new continental foreign policy. The Kingdom aspires to be recognized as an emerging African power in its identity as well as in its space of projection. In order to meet these ambitions the diplomatic apparatus is developing and modernizing while a singular role identity is emerging around the notion of the golden mean. This study presents on an empirical level the conditions of the elaboration and conduct of this Africa policy and analyzes on a theoretical level the evolution of the Moroccan role identity in the international system. Artificial Intelligence and Global Security Yvonne R. Masakowski, 2020-07-15 Artificial Intelligence and Global Security Future Trends Threats and Considerations brings a much needed perspective on the impact of the integration of Artificial Intelligence AI technologies in military affairs. Experts forecast that AI will shape future military operations in ways that will revolutionize warfare.
