American Ecclesiastical Review ,1906 The Feminine Gaze Anne Innis Dagg,2006-01-01 Many Canadian women fiction writers have become justifiably famous But what about women who have written non fiction When Anne Innis Dagg set out on a personal quest to make such non fiction authors better known she expected to find just a few dozen To her delight she unearthed 473 writers who have produced over 674 books These women describe not only their country and its inhabitants but a remarkable variety of other subjects from the story of transportation to the legacy of Canadian missionary activity around the world While most of the writers lived in what is now Canada other authors were British or American travellers who visited Canada throughout the years and reported on what they found here This compendium has brief biographies of all these women short descriptions of their books and a comprehensive index of their books subject matters The Feminine Gaze A Canadian Compendium of Non Fiction Women Authors and Their Books 1836 1945 will be an invaluable research tool for women s studies and for all who wish to supplement the male gaze on Canada s past **Catalog of Copyright Entries. Sullivan,2016-03-15 In The Shamrock and the Cross Irish American Novelists Shape American Catholicism Eileen P Sullivan traces changes in nineteenth century American Catholic culture through a study of Catholic popular literature Analyzing more than thirty novels spanning the period from the 1830s to the 1870s Sullivan elucidates the ways in which Irish immigration which transformed the American Catholic population and its institutions also changed what it meant to be a Catholic in America In the 1830s and 1840s most Catholic fiction was written by American born converts from Protestant denominations after 1850 most was written by Irish immigrants or their children who created characters and plots that mirrored immigrants lives The post 1850 novelists portrayed Catholics as a community of people bound together by shared ethnicity ritual and loyalty to their priests rather than by shared theological or moral beliefs Their novels focused on poor and working class characters the reasons they left their homeland how they fared in the American job market and where they stood on issues such as slavery abolition and women s rights In developing their plots these later novelists took positions on capitalism and on race and gender providing the first alternative to the reigning domestic ideal of women Far more conscious of American anti Catholicism than the earlier Catholic novelists they stressed the dangers of assimilation and the importance of separate institutions supporting a separate culture Given the influence of the Irish in church institutions the type of Catholicism they favored became the gold standard for all American Catholics shaping their consciousness until well into the next century **Paperbound Books in**
