**Discourse, conversation and argumentation: Theoretical perspectives and innovative empirical studies, volume II** Antonio Bova, Lise Haddouk, Carlo Galimberti, Francesco Arcidiacono, 2023-06-22      **Building Academic Language** Jeff Zwiers, 2014-03-17

Of the over one hundred new publications on the Common Core State Standards CCSS this one truly stands out. In the second edition of *Building Academic Language* Jeff Zwiers presents a much needed comprehensive roadmap to cultivating academic language development across all disciplines this time placing the rigor and challenges of the CCSS front and center. A must have resource. Andrea Honigsfeld EdD Molloy College. Language is critical to the development of content learning as students delve more deeply into specific disciplines. When students possess strong academic language they are better able to critically analyze and synthesize complex ideas and abstract concepts. In this second edition of *Building Academic Language* Jeff Zwiers successfully builds the connections between the Common Core State Standards and academic language. This is the go to resource for content teachers as they transition to the expectations for college and career readiness. Katherine S McKnight PhD National Louis University. With the adoption of the Common Core State Standards CCSS by most of the United States students need help developing their understanding and use of language within the academic context. This is crucially important throughout middle school and high school as the subjects discussed and concepts taught require a firm grasp of language in order to understand the greater complexity of the subject matter. *Building Academic Language* shows teachers what they can do to help their students grasp language principles and develop the language skills they ll need to reach their highest levels of academic achievement. The Second Edition of *Building Academic Language* includes new strategies for addressing specific Common Core standards and also provides answers to the most important questions across various content areas including: What is academic language and how does it differ by content area? How can language building activities support content understanding for students? How can teachers assist students in using language more effectively especially in the academic context? How can academic language usage be modeled routinely in the classroom? How can lesson planning and assessment support academic language development? An essential resource for teaching all students this book explains what every teacher needs to know about language for supporting reading writing and academic learning.
