Climbing the Literacy Ladder Beverly Tyner, 2019-08-05. Literacy skills are the cornerstone upon which students' knowledge, self-esteem, and future educational opportunities are built. But far too many teachers lack the time, materials, and specialized knowledge required to address these skills adequately. To that end, *Climbing the Literacy Ladder* is a one-stop shop to help teachers plan and differentiate literacy instruction for all students from prekindergarten through 5th grade. Literacy educator Beverly Tyner presents plans for small group instruction that addresses elementary students' six developmental stages of reading and writing: emergent, beginning, fledgling, transitional, fluent, and independent. To help teachers support students' literacy development, this book also provides characteristics of readers and writers at each stage. Lesson plans that target each of the research-based instructional components: fluency, word study, vocabulary, and comprehension. Authentic classroom scenarios and conversations. Practical classroom strategies and activities. Advice for when to move students to the next stage. If students cannot read with comprehension by 3rd grade, then their educational future is cast in doubt. *Climbing the Literacy Ladder* will not only help you grow as a competent and empowered literacy teacher but also ensure that your students continue to travel a clear and unobstructed educational road. This book is a co-publication of ASCD and ILA.

Curriculum Design for Writing Instruction Kathy Tuchman Glass, 2004-12-09. The author's conversational style hooks and easily engages readers into the four-step curriculum design process: well-sequenced array of design templates and lesson models; synthesis of the six traits and writing process elements; and integration of history, social science, and science content. Carl Zon, Standards and Assessment Consultant, Coach Connections, Sunnyvale, CA. This book effectively walks educators through the standards-based lesson design process in a way that is clear, compelling, and achievable while simultaneously building content knowledge and extending understanding. Ruth Goldhammer, Coordinator Curriculum and Staff Development, San Mateo County Office of Education, CA. Design innovative and engaging lessons and

units that produce measurable gains This clever new resource takes the reader step by step through the curriculum design process from identifying national and local standards and translating them into user friendly language to crafting meaningful writing assignments and assessments that effectively reveal student strengths and weaknesses Rooted in the six traits model of instruction and assessment and illuminated by relevant classroom examples Glass's four part process shows teachers how to Identify grade level content standards for writing Create a teacher rubric with a clear set of criteria for writing assessment Craft a student checklist that guides students through the unit and prepares them for teacher expectations Design lessons that help students achieve success Replete with tools strategies examples and reproducibles Curriculum Design for Writing Instruction is a valuable resource for any teacher who wants to boost student achievement in writing for any subject and for any grade level
