S. Broderick-Scott, 2014 It is no secret that many of us are challenged every day in our personal journeys to achieve success and fulfillment But with the right mental attitude it may be possible to overcome any obstacle that stands in the way of accomplishing goals In Life Lessons from the Heart Dr H S Broderick Scott shares twelve powerful principles intended to help anyone discover his or her true potential plan a unique life journey and live an empowered life Dr Broderick Scott a seasoned educator and founder of a successful mentor program offers a road map through simple truths that help others recreate a new plan for their lives She includes ways to implement a clear vision and mission set goals create a plan of action and develop good character and leadership skills Within her lessons of love and poignant stories Dr Broderick Scott provides positive reinforcement and step by step guidance that encourages you to stay on course find your purpose build lasting relationships manage finances and stress and pay it forward by becoming a mentor to someone else Life Lessons from the Heart offers practical compassionate advice that can help you take the right steps to begin achieving your dreams and make positive contributions to the world starting today Running For My Life Dragoș Rouă, 2020-10-13 The spooky thing about depression is that it sneaks in There aren't really trumpets and loud voices announcing Hail hail this is depression entering the room all rise Nope It's slow silent creepy It doesn't even look like depression It starts with small isolation thoughts like Maybe I shouldn't get out today I just don't feel like going out And then it does the same next day And then the day after that and so on And then it starts to whisper louder and louder in your ears Why would you go outside you loser Didn't have enough yet Want more people to make fun of how much of a big fat loser you are And then you start to breathe in guilt and shame instead of air Every breathe you take is putting more dark thoughts into your body Until you get stuck You can't move anymore At all One of the most common sensations I had during those times was me curling down in a corner crushed by the immense weight of a huge invisible fist pushing me down I was feeling like this when I was lying down in the bed when I was walking around in the backyard when I was talking to people on the phone Crushed by an immense invisible fist unable to move in any direction just waiting to be completely destroyed Sometimes I was actually hoping that the destruction will come from that fist somehow because it would spare me the effort of doing it myself Yes there were times when I felt the only viable way out from that nothingness was my physical extinction I think the word many of you use for that is suicidal The

book you are about to read is the chronicle of my way out of that space Some parts of it are recorded just as I lived them in the moment journaling style Some chapters are literally pages from my journal blog But some are written once the healing effect of running started to kick in It s not so much about being able to run hundreds of kilometers although a lot of it will be just stories about my races as it is about how to regain balance and overcome anxiety and loss **The Running Life**
