Wilson, 2011-03-01 John K Wilson the author of President Trump Unveiled tackles the ideologies of America's most notorious conservative radio talk show icon in The Most Dangerous Man in America Rush Limbaugh's Assault on Reason Rush Limbaugh is the most

prominent figure in the conservative movement with millions of listeners every week on more than six hundred stations a larger media platform than almost any other individual in the nation And this is why he is so dangerous Despite refusing to uphold even the most basic standards of journalism Rush has been given an extensive wide reaching platform with which to spew his venom And spew it he does In this book author John K Wilson uses the most damning evidence of all Rush s own words to deliver the ultimate indictment of Limbaugh s bankrupt ideology and how it embodies the decline of the conservative movement Wilson catalogs the world according to Rush from the political conspiracies to his disdain for scientific evidence and apparent love of racist sexist and homophobic stereotypes and shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs lies and intimidation Most revealingly the author demonstrates how Limbaugh s blustering baseless proclamations and love for savage personal attacks have had a chilling effect on both parties as he viciously targets not only liberals but also any Republican who dares question one of his conclusions Meanwhile Rush s viselike grip on the political arena has created a media monster so powerful that even liberal commentators are forced to engage with him and his polarizing discourse *The Most Dangerous Man in America* reveals Rush Limbaugh to be just that No matter what you thought about the man before you will never feel the same way about him again

**Proving Election Fraud** Richard Charnin, 2010-03-25 In 2004 John Kerry appeared to be a clear winner based on the exit polls But the recorded vote counts deviated sharply from the polls and were too one sided to attribute to mere chance The political pundits claimed the polls behaved badly calling the three million Bush margin a mandate They failed to report the impossible late adjustments made to the National Florida and Ohio exit polls that were necessary to force them to match the recorded vote Spreadsheet wielding Internet bloggers analyzed the statistical anomalies Online election forums were aflame with debates about state and national pre election and exit polls Bush approval ratings margins of error non response past vote recall correlation between vote swing from 2000 and the exit poll shift the counter intuitive Bush gain over his 2000 vote share in urban locations compared to the decline in rural areas the Urban Legend But the Smoking Gun was the Final National Exit Poll which indicated that there were four million more returning Bush 2000 voters than were alive in 2004 This phantom voter anomaly has never been discussed by pundits in the media or political scientists in academia even though similar anomalies occurred in 1988 1992 and 2008 The media pundits still claim that the recorded vote is correct and the exit polls wrong despite millions of uncounted votes in every election This book is a comprehensive resource for analyzing presidential elections from 1968 to 2008 including the 2006 midterms It is written for readers of virtually all backgrounds The only requirement is an inquisitive open mind *The True Vote* is estimated using basic statistical modeling that is for some reason avoided in the media and academia Internet links to several election analysis spreadsheet models are provided in the book and are free to download **TV in the USA** Vincent LoBrutto, 2018-01-04 This three volume set is a valuable resource for researching the history of American television An encyclopedic range of information documents how television forever
