Mightier Than the Sword Rodger Streitmatter, 1998-02-13 For more than two centuries American journalism has played a seminal role not merely in recording this nation's history but also in shaping it By looking at fourteen discrete events from the 1760s through the 1990s this book reveals that as the American news media report and comment on events of the day they wield enormous impact on those events Index 27 photos cartoons *The Most Dangerous Man in America* John K. Wilson, 2011-03-01 John K Wilson the author of *President Trump Unveiled* tackles the ideologies of America's most notorious conservative radio talk show icon in *The Most Dangerous Man in America* Rush Limbaugh's Assault on Reason

Rush Limbaugh is the most prominent figure in the conservative movement with millions of listeners every week on more than six hundred stations a larger media platform than almost any other individual in the nation And this is why he is so dangerous Despite refusing to uphold even the most basic standards of journalism Rush has been given an extensive wide reaching platform with which to spew his venom And spew it he does In this book author John K Wilson uses the most damning evidence of all Rush s own words to deliver the ultimate indictment of Limbaugh s bankrupt ideology and how it embodies the decline of the conservative movement Wilson catalogs the world according to Rush from the political conspiracies to his disdain for scientific evidence and apparent love of racist sexist and homophobic stereotypes and shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs lies and intimidation Most revealingly the author demonstrates how Limbaugh s blustering baseless proclamations and love for savage personal attacks have had a chilling effect on both parties as he viciously targets not only liberals but also any Republican who dares question one of his conclusions Meanwhile Rush s viselike grip on the political arena has created a media monster so powerful that even liberal commentators are forced to engage with him and his polarizing discourse *The Most Dangerous Man in America* reveals Rush Limbaugh to be just that No matter what you thought about the man before you will never feel the same way about him again Kitsch Catherine A. Lugg,2002-05-03 Kitsch or tacky simplistic art and art forms is used by various political actors to shape and limit what we know about ourselves what we know about our past and our future as well as what our present day public policy options might be Using a plethora of historic and contemporary examples such as *Forrest Gump* and *Boys Town* the author maps out how kitsch is employed in various political and educational sites to shape public opinion and understandings *Race-Baiter* Eric Deggans,2012-10-30 Gone is the era of Edward R Murrow and Walter Cronkite when news programs fought to gain the trust and respect of a wide spectrum of American viewers Today the fastest growing news programs and media platforms are fighting hard for increasingly narrow segments of the public and playing on old prejudices and deep rooted fears coloring the conversation in the blogosphere and the cable news chatter to distract from the true issues at stake Using the same tactics once used to mobilize political parties and committed voters they send their fans coded messages and demonize opposing groups in the process securing valuable audience share and website traffic Race baiter is a term born out of this tumultuous climate coined by the conservative media to describe a person who uses racial tensions to arouse the passion and ire of a particular demographic Even as the election of the first black president forces us all to reevaluate how we think about race gender culture and class lines some areas of modern media are working hard to push the same old buttons of conflict and division for new purposes In *Race Baiter* veteran journalist and media critic Eric Deggans dissects the powerful ways modern media feeds fears prejudices and hate while also tracing the history of the word and its consequences intended or otherwise **When Comedy Goes Wrong** Christopher J. Gilbert,2025-04-01 While conventional wisdom has it that humor embodies a spirit of renewal and humility a dispirited form of comedy thrives in a

media saturated and politically charged environment When Comedy Goes Wrong examines how beginning in the late twentieth and carrying into the early twenty first century a certain comic dispirit found various platforms for disheartening cultural politics From the calculated follies on talk radio programs like the Rush Limbaugh Show through the charades of cancel culture and ultimately to so called Alt Right comedy the transgressions improprieties and ego trips endemic to a newfangled comic freedom produced entirely unfunny ways of being To understand these unfunny ways Christopher J Gilbert challenges the prevailing belief in humor's goodness analyzing radio personalities meme culture films civil unrest and even the language of ordinary individuals and everyday speech all to demonstrate what happens when humor becomes humorless As such Gilbert imagines a nuanced sense of humor for a tumultuous world Ultimately When Comedy Goes Wrong transcends partisanship to explore the uglier parts of American culture imagining the stakes of doing comedy and being comical as a means of survival

The Brainwashing of My Dad Jen Senko,2021-10-05 After her beloved dad got addicted to right wing talk radio and Fox News Jen Senko feared he would never be the same again Frank Senko had always known how to have a good time Despite growing up in a poverty stricken family during the Depression and having to fight his way to middle class status as an adult he tended to look on the bright side But after a job change forced Frank to begin a long car commute every day his daughter Jen noticed changes in his personality and beliefs Long hours on the road listening to talk radio commentators like Rush Limbaugh sucked her father into a suspicion laden worldview dominated by conspiracy theories fake news and rants about the coastal elite and libtards trying to destroy America Over the course of a few years Jen's dad went from a nonpolitical open minded Democrat to a radical angry and intolerant right wing devotee who became a stranger to those closest to him As politics began to take precedence over everything else in her father's life Jen was mystified What happened to her dad Was there anything she could do to help And most importantly would he ever be his lovable self again Jen began the search for answers and found them as well stories from countless other families like her own Based on the award winning documentary The Brainwashing of My Dad uncovers the alarming right wing strategy to wield the media as a weapon against our very democracy Jen's story shows us how Fox News and other ultra conservative media outlets are reshaping the way millions of Americans view the world and encourages us to fight back

Talk Radio's America Brian Rosenwald,2019-08-13 The march to the

Trump presidency began in 1988 when Rush Limbaugh went national Brian Rosenwald charts the transformation of AM radio entertainers into political kingmakers By giving voice to the conservative base they reshaped the Republican Party and fostered demand for a president who sounded as combative and hyperbolic as a talk show host **What Liberal Media?** Eric Alterman,2008-12-17 Widely acclaimed and hotly contested veteran journalist Eric Alterman s ambitious investigation into the true nature of the U S news media touched a nerve and sparked debate across the country As the question of whose interests the media protects and how continues to raise hackles Alterman s sharp utterly convincing assessment cuts through the cloud of inflammatory rhetoric settling the question of liberal bias in the news once and for all Eye opening witty and thoroughly and solidly researched What Liberal Media is required reading for media watchers and anyone concerned about the potentially dangerous consequences for the future of democracy in America Partisans Nicole Hemmer,2022-08-30 A bold new history of modern conservatism that finds its origins in the populist right wing politics of the 1990s Ronald Reagan has long been lionized for building a conservative coalition sustained by an optimistic vision of American exceptionalism small government and free markets But as historian Nicole Hemmer reveals the Reagan coalition was short lived it fell apart as soon as its charismatic leader left office In the 1990s a decade that has yet to be recognized as the breeding ground for today s polarizing politics changing demographics and the emergence of a new political entertainment media fueled the rise of combative far right politicians and pundits These partisans from Pat Buchanan and Newt Gingrich to Rush Limbaugh and Laura Ingraham forged a new American right that emphasized anti globalism appeals to white resentment and skepticism about democracy itself Partisans is essential reading for anyone seeking to understand the crisis of American politics today

Image Makers Robert Jackall,Janice M. Hirota,2000-07-20 Talking dogs pitching ethnic food Heart tugging appeals for contributions Recruitment calls for enlistment in the military Tub thumpers excoriating American society with over the top rhetoric At every turn Americans are exhorted to spend money join organizations rally to causes or express outrage Image Makers is a comprehensive analysis of modern advocacy from commercials to public service ads to government propaganda and its roots in advertising and public relations Robert Jackall and Janice M Hirota explore the fashioning of the apparatus of advocacy through the stories of two organizations the Committee on Public Information which sold the Great War to the American public and the Advertising Council which since the Second World War has been the main coordinator of public service advertising They then turn to the career of William Bernbach the adman s adman who reinvented advertising and grappled creatively with the profound skepticism of a propaganda weary midcentury public Jackall and Hirota argue that the tools in trade and habits of mind of image makers have now migrated into every corner of modern society Advocacy is now a vocation for many and American society abounds as well with technicians in moral outrage including street smart impresarios feminist preachers and bombastic talk radio hosts The apparatus and ethos of advocacy give rise to endlessly shifting patterns of conflicting representations and claims and in their midst Image Makers offers a clear and spirited

understanding of advocacy in contemporary society and the quandaries it generates Leading Men Jackson Katz, 2012-10-22 Why Americans always elect men as presidents It s no secret that there is a wide and growing gender gap in American presidential politics Over the past thirty years Democrats have made major gains with women while Republicans have been doing far better with men especially white working class men The question is why In Leading Men Jackson Katz argues that racial politics and economic anxieties are not enough to explain the dramatic gender divide in American voting patterns Cutting against the grain of typical analyses of the gender gap that have focused almost exclusively on women Katz trains his focus the other way around on the male side of the equation He offers stunning evidence that American presidential campaigns have evolved into nothing less than quadrennial referenda on competing versions of American manhood And in the process he never takes his eye off what this development means for women as both candidates and citizens Written in an engaging style that will appeal to general readers political experts and activists alike Katz explores some of the major political developments news events and campaign strategies that have made the presidency the center of a cultural conversation about manhood over the past few decades Ranging from the election of the former Hollywood actor Ronald Reagan in 1980 through the election of Barack Obama in 2008 and into the 2012 campaign season Katz zeroes in on how the very notion of what it means to be presidential has in many ways become synonymous with traditional definitions of manhood Whether he is examining right wing talk radio s relentless attacks on the masculinity of Democratic candidates or how fears of appearing weak and vulnerable end up shaping candidates actual policy positions Katz offers a new way to understand the power of image in presidential politics In the end Leading Men offers nothing less than a paradigm shifting way to understand the dynamics of presidential elections and the very nature of the American presidency *New York Magazine* ,1995-03-27 *New York magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Podcast Journalism David Dowling, 2024-03-19 Runner up 2025 Tankard Book Award Association for Education in Journalism and Mass Communication Podcasting s stratospheric rise has inspired a new breed of audio reporting Offering immersive storytelling for a binge listening audience as well as reaching previously underserved communities podcasts have become journalism s most rapidly growing digital genre buoying a beleaguered news industry Yet many concerns have been raised about this new medium such as the potential for disinformation the influence of sponsors on content the dominance of a few publishers and platforms and at times questionable adherence to journalistic principles David O Dowling critically examines how podcasting and its evolving conventions are transforming reporting and even reshaping journalism s core functions and identity He considers podcast reporting s most influential achievements as well as its most consequential

ethical and journalistic shortcomings emphasizing the reciprocal influences between podcasting and traditional and digital journalism Podcasting both as a medium and a business has benefited from the blurring of boundaries separating news from entertainment editorial from advertising and neutrality from subjectivity The same qualities and forces that have allowed podcasting to bypass the limitations of traditional categories expand the space of social and political discourse and provide openings for marginalized voices have also permitted corporations to extend their reach and far right firebrands to increase their influence Equally attentive to the medium's strengths and flaws this is a vital book for all readers interested in how podcasting has changed journalism
