Practical Social Work Ethics Dr Lorraine Green, Dr Malcolm Carey, 2013-09-28 This is the first text of its kind to deal exclusively with applied social work ethics It focuses on an eclectic mix of difficult moral questions or issues encountered in much modern day practice It is therefore not theoretically driven with some practical elements attached but is instead is a practice based book where any theory introduced is linked to tangible practice situations It is also thought provoking controversial in parts and always engaging With a focussed and clear writing style this book will be of interest to all social work students and practitioners interested in the practical yet complex moral ramifications of their applied role

Governing Child Abuse Voices and Victimisation Jodi Death, 2017-10-25 Child sexual abuse by clergy within the Roman Catholic Church has emerged as a social and political discourse over the last three decades The analysis here specifically focuses on the establishment conduct and outcomes of the extensive public inquiries of Australia although inquiries in other jurisdictions are also discussed Unlike criminal or civil processes although they may be inquisitory in nature public inquiries emerge from a specifically political context and are a tool of governance embedded in a larger context of governmentality Understanding the broader political and cultural contexts of public inquiries is important then in understanding their value and effectiveness as justice processes especially for victims of CSA by clergy What is interesting about public inquiry is that it situates victims of

CSA by clergy outside of criminal and civil justice processes and recognises a different politicised relationship between victims as citizens the state and Catholic institutions where abuse has occurred At the cutting edge of disciplinary and methodological understandings of the interconnections between the church state and families his book explores the dynamics of the emergence and politicisation of victims of CSA by clergy their expressions of resistance and the legitimisation of their voice in public and political spheres

The Sacred in the Modern World Gordon Lynch, 2012-02-17 It is often claimed that we live in a secular age But we do not live in a desacralized one Sacred forms whether in religious or secular guise continue to shape social life in the modern world giving rise to powerful emotions polarized group identities and even the very concept of moral society Analyzing contemporary sacred forms is essential if we are to be able to make sense of the societies we live in and think critically about the effects of the sacred on our lives for good or ill The Sacred in the Modern World is a major contribution to this task Re interpreting Durkheim s theory of the sacred and drawing on the strong program in cultural sociology Gordon Lynch sets out a theory of the sacred that can be used by researchers across a range of humanities and social science disciplines Using vividly drawn

contemporary case material including the abuse and neglect of children in Irish residential schools and the controversy over the BBC's decision not to air an appeal for aid for Gaza the book demonstrates the value of this theoretical approach for social and cultural analysis The key role of public media for the circulation and contestation of the sacred comes under close scrutiny Adopting a critical stance towards sacred forms Lynch reflects upon the ways in which sacred commitments can both serve as a moral resource for social life and legitimate horrifying acts of collective evil He concludes by reflecting on how we might live thoughtfully and responsibly under the light and shadow that the sacred casts asking whether society without the sacred is possible or desirable FCC Record United States. The Legacy and Limits of Vatican II in an Age of Crisis Massimo Faggioli, Edward P. Hahnenberg, Kristin M Colberg, Catherine Clifford, 2025-04-26 A renewed approach to the critical study of the event and documents of Vatican II necessary for responding to the challenges facing today's church Packed with new insights from some of today's most highly regarded voices on the Second Vatican Council The Legacy and Limits of Vatican II in an Age of Crisis enacts the living tradition of the church by proposing a richer history to be told sixty years from its celebration and a broader theology to inspire our work today Vatican II did not anticipate our contemporary challenges nor do its documents provide specific guidelines or step by step instructions for addressing them But that does not make the council irrelevant As a touchstone of the church's magisterial tradition the Second Vatican Council remains foundational for the life and mission of the Catholic Church today However like any monument of the tradition the council requires ongoing investigation critical analysis and constant reconsideration from a diversity of contemporary perspectives if it is going to contribute to the living tradition of the church Through historical and theological lenses the contributors aim to rediscover forgotten voices and overlooked moments of Vatican II that may have something even more important to say today Each chapter promises to surprise enlighten inspire and teach in fresh and unexpected ways The contributors offer readers striking insights on the council's teaching related to the sexual abuse crisis antiracism politics the Synod on Synodality and much more By reexamining the teaching of Vatican II from the perspective of our present ecclesial crisis readers will have a better understanding of how its legacy and limits affect the ongoing reform of the church in a much changed theological ecclesial and social landscape Contributors Matteo Caponi Catherine E Clifford Kristin M Colberg Agn's Desmazires Massimo Faggioli Theresa Gardner Edward P Hahnenberg Timothy Hanchin Tuan A Hoang Mary Kate Holman Jaisy A Joseph Florian Klug William Kuncken Josephine Laffin Martin Madar Evgeniia Muzychenko William I Orbih Bernard G Prusak Daniel A Rober

Equivocation in Early Modern England Máté Vince, 2025-08-28 Equivocation in Early Modern England Literature Rhetoric Theology explores ideas about concealing the truth while seemingly revealing it It is about the conflict

whether historical or fictional between the interrogator's desire to gain information the suspect's desire to hide the information and the divine prohibition against lying The Gunpowder Plot supposedly led to the revelation of the doctrine of equivocation a secret teaching of the Roman Catholic Church that enabled concealing one's intentions and knowledge without lying This book examines conflicting meanings of equivocation to show how contemporary writers made sense of the theological political debates and how this in turn shaped their writings and understanding of how language works It is an intellectual history of equivocation tracing its evolution from antiquity to the present through an analysis of works by Euripides Virgil Shakespeare Donne rhetoricians from Cicero to Melanchthon and theological polemicists including Henry Garnet Robert Persons George Abbot Thomas Morton and Isaac Casaubon It combines a curiosity about equivocation as a linguistic philosophical and rhetorical notion that was keenly exploited by secular writers with a scrutiny of the cultural political and religious processes that contributed to its development It explores the impact of sixteenth and seventeenth century literature education networks of correspondence and controversies on the concept of ambiguity It reveals how encounters with various forms of deception including lying strategic silence dissimulation and equivocation resulted in an ever growing anxiety about and fascination with ambiguity It provides a radically new evaluation of equivocation that as Macbeth puts it in his final despair lies like truth

My Name is Bridget Alison O'Reilly, 2018-04-20 In 1946 twenty six year old Bridget Dolan walked up the path to the front door of the Tuam Mother and Baby Home Alone and pregnant she was following in the footsteps of more than a century's worth of lost souls Shunned by society for her sins and offered no comfort for her pain Bridget gave birth to a boy John who died at the home in a horrendous state of neglect less than two years later Her second child was once again delivered into the care of the nuns and was taken from her never to be seen or heard from again She would go on to marry a wonderful man and have a daughter Anna Corrigan but it was only after Bridget's death that Anna discovered she had two brothers her mother had never spoken about In the aftermath of the explosive revelations that the remains of 796 babies had been found in a septic tank on the site of the Tuam Mother and Baby Home she became compelled to try and find out if her baby brothers remains were among them Here Anna and Alison O'Reilly piece together the erased chapter of the life of Bridget Dolan and her forgotten sons reminding us that we must never forget what was done to the women and children of the Tuam Mother and Baby Home

Transforming Justice Responses to Non-Recent Institutional Abuses Anne-Marie McAlinden, Marie Keenan, James Gallen, 2025-03-20 Over the last few decades the issue of historical non recent institutional abuses has resonated in a range of Western states and churches Despite the recent proliferation of justice responses to such abuses including prosecutions and civil litigation inquiries redress and apologies it is a subject which is insufficiently understood in the literature Set against the complexities of the legal historical cultural and political realities of addressing non recent institutional abuses Transforming Justice Responses to Non Recent Institutional Abuses critically examines these justice responses across Northern Ireland and the Republic of Ireland Bringing together the

voices of victim survivors of non recent institutional abuses with legal actors academics media professionals and church and state actors on their experiences of justice processes this book reframes discourses on accountability and responsibility and considers how to improve justice processes at the level of praxis and increase engagement between victim survivors and institutional actors Drawing on interdisciplinary literature related to restorative transitional and transformative justice and analysis of primary research the book advances analysis of the role of innovative justice in this space and a new approach to justice which bridges the accountability gap between seeking and achieving justice for non recent institutional abuses while improving outcomes for victims and survivors This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read on Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations

Scandal Angela Senander, 2012-06-01 The Boston Globe's Pulitzer Prize winning coverage of clergy sexual abuse of minors in 2002 led to what few would hesitate to call the most significant scandal in the history of the Catholic Church in the United States In contrast Catholics themselves disagree about whether the voting records of some Catholic politicians or the particular policies and practices of Catholic institutions might be called scandalous Such questions often both reflect and intensify divisions within the Catholic community Whether understood as negative public relations or as an action attitude law or institution influencing another to sin scandal affects the Catholic Church's proclamation of the good news of God's saving love This makes theological reflection about scandal an essential aspect of being Catholic today Failure to engage in this reflection risks truncating the tradition and obscuring the Good News This book invites this reflection in order to understand differences in perception and judgment make appropriate courses of action more clear and enable Catholics to participate more effectively and authentically as a faith community in public life

Monetary Redress for Abuse in State Care Stephen Winter, 2022-12-01 Investigating a fast developing field of public policy Stephen Winter examines how states redress injuries suffered by young people in state care Considering ten illustrative exemplar programmes from Australia Canada Ireland and Aotearoa New Zealand Winter explores how redress programmes attempt to resolve the anguish injustice and legacies of trauma that survivors experience Drawing from interviews with key stakeholders and a rich trove of documentary research this book analyses how policymakers should navigate the trade offs that survivors face between having their injuries acknowledged and the difficult often retraumatizing experience of attaining redress A timely critical engagement with this contentious policy domain Winter presents empirically driven recommendations and a compelling argument for participatory flexible and survivor focussed programmes This title is also available as Open Access on Cambridge Core

Origins of the Magdalene Laundries Rebecca Lea McCarthy, 2010-03-08 The convents asylums and laundries that once comprised the Magdalene institutions are the subject of this work Though originally half way homes for prostitutes in the Middle Ages these homes often became forced labor institutions particularly in Ireland Examining the laundries within the context of a growing world capitalist economy the work argues that the process of colonization and of

defining a national image determined the nature and longevity of the Magdalene Laundries This process developed differently in Ireland where the last laundry closed in 1996 The book focuses on the devolution of the significance of Mary Magdalene as a metaphor for the organization from an affluent strong supporter of Jesus to a simple fallen woman
