Rongo University Admission Date:

International Journal of Applied Sciences: Current and Future Research Trends (IJASCFRT), 2021-12-31 Student Stress in Higher Education Aloka, Peter, 2023-12-07 In the realm of higher education the journey to academic success is often accompanied by an array of challenges particularly in the form of stress and its profound impact on mental health The multifaceted nature of these challenges stemming from a variety of factors has sparked significant interest among scholars and educators alike Student Stress in Higher Education delves into the intricate interplay between stressors coping mechanisms and the psychological well being of students within higher education institutions This book addresses a conspicuous gap in existing literature meticulously examining the dimensions of stress uniquely experienced in higher education settings The chapters contained within illuminate various facets of this complex issue From the barriers obstructing effective stress management to the gender disparities in mental health experiences each chapter dissects a critical aspect of the overarching theme The insights garnered from these chapters hold potential to reshape institutional approaches to mental health awareness and support This book serves as a beacon of knowledge for a diverse readership Scholars seeking to explore the nuanced landscape of student well being will find this volume to be an indispensable resource Administrators and counselors entrusted with the welfare of students will discover pragmatic approaches to aid students in acclimating to the challenges of higher education From gender specific stress manifestations to the intricacies of institutional mental health provision this book delivers a holistic perspective Handbook of Research on Managing Intellectual Property in Digital Libraries Tella, Adeyinka, Kwanya, Tom, 2017-08-16 Taking into consideration the variety of information being created produced and published the acquisition and archiving of e resources by digital libraries is rapidly increasing As such managing the rights to these resources is imperative The Handbook of Research on Managing Intellectual Property in Digital Libraries is a pivotal reference source for the latest scholarly research on strategies in which digital libraries engage in the management of increasing digital intellectual property to protect both the users and the creators of the resources Featuring coverage on a broad range of topics such as copyright management open access and software programs this book is ideally designed for academicians researchers and practitioners seeking material on property rights and e resources *Deaf Education Beyond the Western World* Harry Knoors, Maria Brons, Marc Marschark, 2019-01-16 If teachers want to educate deaf learners effectively they have to apply evidence informed methods and didactics with the needs of individual deaf students in mind Education in general and education for deaf learners in particular is situated in broader societal contexts where what works within the Western world may be quite different from what works beyond the Western world By exploring practice based and research based evidence about deaf education in countries that largely have been left out of the international discussion thus far this volume encourages more researchers in more countries to continue investigating the learning environment of deaf learners based on the premise of leaving no one behind Featuring chapters

centering on 19 countries from Africa Asia Latin America and Central and Eastern Europe the volume offers a picture of deaf education from the perspectives of local scholars and teachers who demonstrate best practices and challenges within their respective regional contexts This volume addresses the notion of learning through the exchange of knowledge outlines the commonalities and differences between practices and policies in educating deaf and hard of hearing learners and looks ahead to the prospects for the future development of deaf education research in the context of recently adopted international legal frameworks Stimulating academic exchange regionally and globally among scholars and teachers who are fascinated by and invested in deaf education this volume strengthens the foundation for further improvement of education for deaf children all around the world Media and Information Literacy Curriculum for Educators and Learners UNESCO,2021-09-30

Media, Conflict and Peacebuilding in Africa Jacinta Maweu,Admire Mare,2021-03-29 This book explores the role and place of popular traditional and digital media platforms in the mediatization representation and performance of various conflicts and peacebuilding interventions in the African context The role of the media in conflict is often depicted as either good as symbolized by peace journalism or bad as exemplified by war journalism but this book moves beyond this binary to highlight the in between role that the media often plays in times of conflict The volume does not only focus on the relationship between mass media conflict and peacebuilding processes but it broadens its scope by critically analysing the dynamic and emergent roles of popular and digital media platforms in a continent where the semi literate and oral communities still rely heavily on popular communication platforms to get news and information Whilst social media platforms have been hailed for their assumed democratic and digital dividends this book does not only focus on these positive aspects but also shines a light on dark forms of participation which are fuelling racial gender ethnic political and religious conflicts in highly polarized and stratified societies Highlighting the many ways in which traditional digital and popular media can be used to both escalate conflicts and promote peacebuilding this volume will be a useful resource for students researchers and civil society groups interested in peace and conflict studies journalism and media studies in different contexts within Africa

Handbook of Research on Sustainable Development and Governance Strategies for Economic Growth in Africa Teshager Alemu, Kassa,Abebe Alebachew, Mulunesh,2018-02-09 Despite increasing reports across the globe on renewable development and maintenance little is known regarding what strategies are required for improved economic growth and prosperity in Africa Improving an understanding of the methods for promoting growth through reusable resource development and administration is a vital topic of research to consider in assisting the continent s development The Handbook of Research on Sustainable Development and Governance Strategies for Economic Growth in Africa provides emerging research on the strategies required to promote growth in Africa as well as the implications and issues of the expansion of prosperity While highlighting sustainable education pastoral development pathways and the public sector role readers will learn about the history of sustainable development and governmental approaches to improving Africa s economy

This publication is a vital resource for policy makers research institutions academics researchers and advanced level students seeking current research on the theories and applications of development in societal and legal institutions

Governance and Transformations of Universities in Africa Fredrick. M. Nafukho, Helen M. A. Muyia, Beverly Irby, 2014-06-01 While universities world over are undergoing reforms and change in the case of African universities as illustrated in this book the reforms and changes are profound and can best be described as transformative This book is unique in many ways which makes it extraordinary First unlike other books that have examined issues on higher education in Africa from externalist positions the contributors to this book are scholars who have been educated are currently teaching in African universities or have taught in African universities The book specifically focuses on transformations in the governance of African universities and its implications on equity entrepreneurship innovation quality assurance information and communication technologies ICTs and reform issues in higher education in Africa The book presents pertinent research on governance in African universities in an experiential and empirical manner The contributors of the book chapters include individuals actively involved in teaching researching and governance of higher education institutions in Africa The chapters are based on empirical data including review of relevant literature The book also recognizes that university governance is more than just crisis in financial or economic issues but includes best management practices shared governance meaningful reforms strategic planning consultation transparency and accountability client students lecturers parents and the public satisfaction as well as the role of the university in development The contributions take cognizance of the fact that governance as a concept is facing fundamental changes in the context of global knowledge economy and African local conditions Contributors also take cognizance of the fact that one important source of change in Africa has been the accelerating speed of scientific and technological advancement in learning at universities where lifelong learning programs adult learning programs distance and online learning are relatively new The chapters are also sensitive to new changes in gender demographical technological education reforms social and economic transformations in the governance of African universities The book is basically an academic book for use by undergraduates and graduate students at universities policy makers and formulators in African ministries of Education supra national organizations foreign organizations working in Africa NGOs and CBOs as well as development stakeholders and community organizers

Achieving UN Sustainable Development Goal 8: Economic Growth and Decent Work For All Lotta Dellve, Sharon Fonn, Gunnar Köhlin, Katrin Skagert, 2025-03-21 This book brings together knowledge on how to achieve the UN Sustainable Development Goal 8 to bring societal change through sustainable economic growth and decent work for all by 2030 At its core is the great challenge of achieving economic growth without compromising the environment while ensuring respect for fundamental human rights and in particular the right to employment with equal and safe work conditions This book provides a critical analysis of Sustainable Development Goal SDG 8 in the 2030 Agenda its targets and indicators to reveal biases tensions and

contradictions that need to be addressed to achieve this goal and to guide policymaking The role and potential of academia to contribute to achieving this SDG is scrutinized Chapters examine and assess specific targets for SDG 8 which includes policies resource efficiency youth employment child labour and sustainable tourism Higher education institutions tools for capacity building are presented examining how education and academic research can play a role in achieving the SDG 8 targets Overall this book offers a synthesis of how research and higher education can make a difference in achieving a complex SDG This book will be of great interest to academics and professionals working on the United Nations Sustainable Development Goals and can be used as a policymaking guide for 2030 and beyond Mental Health Crisis in Higher Education Aloka, Peter,2023-12-29

The COVID 19 pandemic brought about a sudden transition from traditional face to face instruction to online and blended learning The repercussions of this seismic change have left an indelible mark on students particularly those thrust into the challenging realm of fully engaging in online learning during this tumultuous period As we navigate the delicate landscape of higher education post pandemic a critical gap in scholarly literature becomes glaringly apparent there is a scarcity of focused works addressing the nuanced well being of students in this new academic reality Mental Health Crisis in Higher Education is a groundbreaking book that boldly steps into this void offering a comprehensive and meticulously researched examination of the challenges faced by students transitioning from secondary to higher education amid the pandemic By delving into stressors coping mechanisms and the intricate web of factors influencing emotional psychological and physical well being the book is an invaluable resource for academics researchers and institutions seeking to understand and address the multifaceted dimensions of student well being *Kenya Gazette*

,2012-03-02 The Kenya Gazette is an official publication of the government of the Republic of Kenya It contains notices of new legislation notices required to be published by law or policy as well as other announcements that are published for general public information It is published every week usually on Friday with occasional releases of special or supplementary editions within the week **Factors Impacting Student Well-Being and Coping Tactics** Aloka, Peter Jo,2024-08-23

Higher education institutions grapple with a pressing challenge the well being of their students Amidst the transition to university life students face a myriad of stressors from academic pressures to managing finances and social connections Yet there continues to be a lack of robust evidence and focused literature addressing this critical issue Factors Impacting Student Well Being and Coping Tactics presents a comprehensive analysis of the factors influencing mental emotional and social health in higher education settings This book explores the intrinsic and extrinsic elements shaping student well being through meticulously curated chapters from risk factors to protective mechanisms By offering evidence based strategies and practical recommendations the book empowers academics administrators and counselors to proactively address students challenges and foster a supportive environment conducive to personal and scholarly growth **Post-Conflict Institutional Design** Abu Bakarr Bah,2020-01-15

Since gaining independence from colonial rule most African countries have been

struggling to build democratic and peaceful states While African multiparty politics may be viewed as a democratic system of governance in reality it is plagued by ethnic and regional political grievances that undermine meaningful democracy By examining post conflict institutional reforms in several African countries this book sheds light on the common causes of violent conflicts and how institutional design can affect the conditions for peace and democracy in Africa Focussing on conceptual and practical questions of designing ethnically and regionally inclusive state institutions and the way institutions are perceived by the citizenry Post Conflict Institutional Design addresses political autonomy and control over resources issues which are often key sources of ethnic and regional grievances Crucially it examines the meanings of institutional reforms as well ethnic and regional representation The Environmental Crunch in Africa Jon Abbink,2018-05-31 This book discusses the problems and challenges of environmental ecological conditions in Africa amidst the current craze of economic growth and development Africa s significant economic dynamics and growth trajectories are marked by neglect of the environment reinforcing ecological crises Unless environmental ecological and population growth problems are addressed as an integral part of developmental strategies and growth models the crises will accelerate and lead to huge costs in later years Chapters examine multiple emerging tension points all across the continent including the potential benefits and harm of growing urban based ecotourism the trajectory of labour saving technologies and the problems facing agro pastoralism Although environmental management and sustainability features of African rural societies should not be idealized functional traditional economies interests and management practices are often bypassed seen by state elites as inefficient and inhibiting growth In many regions the seeds are now sown for lasting environmental crises that will affect local societies that have rarely been given opportunity to claim accountability from the state regimes and donors driving these changes **Best New African Poets 2019 Anthology** Rinos Mwanaka,Nsah Mala,2020-05-19 Over 600 poets have been given voice in this series which was started five years ago making it an important archive of new African poetry Every year space is given to as many poets as can be accommodated it takes at least 10 years to make a poet The greatest positive aspect of this series is the poems received from writers who contribute each year Archie Swanson Chaun Ballard Chengetai Mhondera Troydon Wainwright Tendai Rinos Mwanaka and Soberano Canhanga and several who have poems in the 2016 2017 and 2018 anthologies and so many new ones Many poets have gone on to publish their first collection and more several have won prizes all over the world some have become academics some influential performers of their work and some have travelled all over the world presenting their work This years Best New African Poets 2019 Anthology there is 197 poems from a more than one hundred poets including collaborations writing in English Portuguese French and a whole host of African indigenous languages Featured are poems which deal with love relationships politics governance spirituality existence identity and place We invite you to this years anthology to engage with the most important new African poets writing from the continent and the diasporas and enjoy this African pot pourri of art and life Treatise on Geomorphology ,2013-02-27 The changing focus

and approach of geomorphic research suggests that the time is opportune for a summary of the state of discipline The number of peer reviewed papers published in geomorphic journals has grown steadily for more than two decades and more importantly the diversity of authors with respect to geographic location and disciplinary background geography geology ecology civil engineering computer science geographic information science and others has expanded dramatically As more good minds are drawn to geomorphology and the breadth of the peer reviewed literature grows an effective summary of contemporary geomorphic knowledge becomes increasingly difficult The fourteen volumes of this Treatise on Geomorphology will provide an important reference for users from undergraduate students looking for term paper topics to graduate students starting a literature review for their thesis work and professionals seeking a concise summary of a particular topic Information on the historical development of diverse topics within geomorphology provides context for ongoing research discussion of research strategies equipment and field methods laboratory experiments and numerical simulations reflect the multiple approaches to understanding Earth s surfaces and summaries of outstanding research questions highlight future challenges and suggest productive new avenues for research Our future ability to adapt to geomorphic changes in the critical zone very much hinges upon how well landform scientists comprehend the dynamics of Earth s diverse surfaces This Treatise on Geomorphology provides a useful synthesis of the state of the discipline as well as highlighting productive research directions that Educators and students researchers will find useful Geomorphology has advanced greatly in the last 10 years to become a very interdisciplinary field Undergraduate students looking for term paper topics to graduate students starting a literature review for their thesis work and professionals seeking a concise summary of a particular topic will find the answers they need in this broad reference work which has been designed and written to accommodate their diverse backgrounds and levels of understanding Editor in Chief Prof J F Shroder of the University of Nebraska at Omaha is past president of the QG G section of the Geological Society of America and present Trustee of the GSA Foundation while being well respected in the geomorphology research community and having won numerous awards in the field A host of noted international geomorphologists have contributed state of the art chapters to the work Readers can be guaranteed that every chapter in this extensive work has been critically reviewed for consistency and accuracy by the World expert Volume Editors and by the Editor in Chief himself No other reference work exists in the area of Geomorphology that offers the breadth and depth of information contained in this 14 volume masterpiece From the foundations and history of geomorphology through to geomorphological innovations and computer modelling and the past and future states of landform science no stone has been left unturned

Contemporary Far-Right Culture Marc-André Argentino, Amarnath Amarasingam, 2025-09-30
