**Tuition and Fees at Virginia's State-Supported Colleges and Universities, 2015-16** Yan Zheng, Dan Hix, 2015

Analysis of tuition and fees at public colleges and universities in Virginia must include a discussion of the funding received from the General Assembly. The period covered by this report represents a particularly complicated scenario that impacted not just higher education but all entities that receive general fund tax dollars in Virginia. The first goal of the Virginia Plan for Higher Education, the statewide strategic plan for higher education recently developed by the State Council of Higher Education for Virginia (SCHEV) and endorsed by the legislature, is to provide affordable higher education access for all. The alignment of state appropriations, financial aid, and tuition and fees will be critical to achieving this goal. This report focuses on tuition and fees for in-state undergraduates and provides a summary of the following four items: 1) board-approved tuition and fee increases for the 2015-16 academic year; 2) tuition and fee trends in Virginia over the past 25 years; 3) the cost-sharing relationship between the state and students; and 4) trends in tuition increases nationally. The appendices provide comparisons of changes in tuition and fees for student groups including in-state undergraduate, out-of-state undergraduate, in-state graduate, out-of-state graduate, in-state first professional, and out-of-state first professional. The following are appended: 1) Tuition Policy; 2) 2015-16 Full-Time In-State Undergraduate Student Charges; 3) Full-Time Undergraduate Mandatory Non-Educational and General Fees; 4) 2014-16 Full-Time In-State Undergraduate Student Charges; 5) 2014-16 Full-Time Out-of-State Undergraduate Student Charges; 6) 2014-16 Full-Time In-State Graduate Student Charges; 7) 2014-16 Full-Time Out-of-State Graduate Student Charges; 8) 2014-16 In-State First Professional Student Charges; 9) 2014-16 Out-of-State First Professional Student Charges; 10) In-State Undergraduate Tuition and Total Mandatory Fees in Selected States; Public Doctoral Research Universities; 11) In-State Undergraduate Tuition and Total Mandatory Fees in Selected States; Public Comprehensive Colleges and Universities; and 12) In-State Undergraduate Tuition and Total Mandatory Fees in Selected States; Public Two-Year Colleges.

Analyzing Members of Public's Reaction to the 2015/2016 Fees Hike on Higher Education in Public Universities in Malawi Samson Kajawo, 2019

This study aimed at analyzing the members of public's reactions to the 2015 and 2016 public universities fees hike announcements in Malawi through their comments made on the two online news articles. The study responded to two research questions which tried to find out the extent to which the public university fees hike was justified as well as its impact on Malawians. The study used social inquiry research design in which 80 comments posted in response to two online news articles related to fees hike in Malawi were analyzed. Findings revealed mixed reactions amongst the online news readers: 42.5 percent were of the opinion that public university fees hike was justified while the rest 57 percent thought it was not justified. According to the 42.5 percent in favor of the fees hike, running higher education institution costs money; it is for individuals' benefits and quality higher education does not come cheap; hence the need for students to pay. The rest 58

percent argued that the majority of Malawians are poor hence cannot afford expensive higher education and that it was government's responsibility to finance higher education in the country. The study therefore concluded that the higher education fee hike was long overdue in Malawi; however, the fees hike implementation strategy was not noble. It should have been a gradual process with small percentages every year so that people would have not felt the pain of the 300% hiked fees in a single year.

**Tuition and Fees Report**

Colorado. Department of Higher Education, 2015 Tuition policy for Colorado's public institutions has been impacted by two statutory requirements that were added in the 2014 legislative session. First, the Governor requested and the General Assembly approved in the College Affordability Act SB14 001 a historic 60 million 11 percent increase for public institutions of higher education. Tied to the 11 percent operating increase was a requirement that resident tuition rate increases be capped at no more than 6 percent for FY 2014 15 and FY 2015 16. All Colorado public institutions of higher education again complied with the requirements of tuition restraint in FY 2014 15. Next, HB 14 1319 was passed by the Colorado General Assembly and signed by the Governor in May 2014. The bill eliminated the existing funding structure for how state General Fund dollars are allocated to public institutions of higher education as of Fiscal Year 2015 16 and directed the Colorado Commission on Higher Education (CCHE) to develop and adopt a new base funding allocation formula for these funds within specified parameters. HB 14 1319 also requires that the Colorado Commission on Higher Education (CCHE) provide tuition policy recommendations to the General Assembly by November 1, 2015. Using the HB 14 1319 project structure, CDHE has established the Cost Driver Analysis expert team to provide the CCHE with a thoughtful analysis of what is driving costs of higher education in Colorado, which will be used to inform the Commission's tuition policy recommendations. In accordance with C.R.S. 23-1-105.5(2), this report provides detailed information on the tuition and fee rates Colorado public institutions of higher education charged to resident and nonresident students in FY 2014 15. It is the product of comprehensive tuition and fee schedules collected annually from Colorado's public institutions of higher education. This report focuses on tuition and fee rates charged to resident undergraduate students, but the attached summary tables provide greater detail and information for resident and nonresident rates as well as graduate and professional program rates. Key findings include:

1. For FY 2014 15, the median percentage increase in resident tuition 5% was the lowest since FY 2006 07 2 5%.
2. In FY 2014 15, the average increase in tuition and mandatory fees for Colorado resident students was 289.4 7% over FY 2013 14. The average increase at four-year institutions was 462.5 7% and 150.3 8% at community colleges.
3. Tuition and mandatory fees for nonresident students increased by an average of 808.4 4% or 1,238.6 0% at four-year institutions and 450.3 0% at community colleges.

The Appendix provides detailed tables on current tuition and fees for resident and nonresident classified undergraduate and graduate students.
