seventeenth century the Royal Marines have accrued a rich history of rituals artefacts and material culture that is consciously deployed in order to define and shape the institution both historically and going forward into an uncertain future Drawing upon this heritage Mark Burchell offers a unique method of understanding how the Royal Marines draw upon this material culture in order to help transform ordinary labour power to political agency comprising acts of controlled and sustained violence He demonstrates how a barrage of objects and items including uniforms weapons landscapes architecture personal kit drills rituals and iconography are deployed in order successfully to integrate the recruits into the Royal Marines culture It is argued that this material culture is a vital tool with which to imprint the military's own image on new recruits as they embark on a process of de-individualisation Having been granted unprecedented access to the Commando Training Centre at Lympstone as an anthropologist Burchell observed an intake of recruits throughout their demanding and

exhausting year long training programme The resulting book presents to the academic community for the first time a theorised in depth account of a relatively unexplored social community and how its material culture creates and reifies new military identities This path breaking interdisciplinary analysis provides fresh understanding of the multiple processes of military enculturation through a meticulous revision of the relationships that exist between disciplinary and punishment practices violence and masculinity narratives and personhood and will explore how these issues are understood by recruits through their practical application of body to physical labour and by the cues of their surrounding material culture The Royal Marines Circuit Training Robin Eggar, Dieter Loraine, 1996 Low tech circuits or repetitive exercises on specific muscle groups are an increasingly popular way of exercising and this is exactly what the Royal Marines have been doing for years THE ROYAL MARINES ULTIMATE CIRCUIT BOOK gives structured fitness programme designed to keep exercising time down to a minimum with hints and motivation tips and advice from experts on diet and avoiding and coping with sport injury The book starts with an 8 week beginner course leading to a basic level of fitness which can then be maintained indefinitely using the maintenance and specialisation circuits The section on sports specific circuits shows how to concentrate on individual requirements for a wide range of games and sports and also tells you how to design your own individual circuit There are self assessment tests throughout and the final section gives a four week course designed to bring you up to a peak of physical and mental fitness for a tough challenge based on SBS selection procedures which even those who achieved total fitness will find daunting *Secrets of Success in Brand Licensing* Andrew Levy, 2011-10-11 Brand Licensing is the most exciting and inspiring element of the marketing mix reaching all of us in every product sector from clothing food giftware household music and publishing to stationery and toys Brand Licenses can come from a fantastic variety of backgrounds including the arts design entertainment celebrities online and sport Whether you are a brand owner looking to license out your brand or a manufacturer thinking of buying into a license getting it RIGHT has never been so important *Secrets of success in Brand Licensing* is written by Brand Licensing Industry experts Andrew Levy and Judy Bartkowiak who share their years of practical experience and contacts worldwide to bring you the inside story on today's successful brand licensing campaigns What is Brand Licensing What makes a successful Brand License The process of Brand Licensing The role of key players in Brand Licensing Promoting your Brand License Maximising Retail Impact Keeping up with information and news on Brand Licensing There is a plethora of successful globally Licensed Brands all competing for a share of retail space This book is the key to unlocking the inside track on Brand Licensing **VW Polo Petrol & Diesel Service & Repair Manual** R.
