Voyages of Malolo Robert Bonville, 2011-12 For thousands of years before documented history chronicled the achievements of the great Asian and European seafaring explorers the world's largest geographical attribute the Pacific Ocean was being navigated explored and colonized by the intrepid and heroic peoples of the South Seas For millennia their migrations eastward and northward from their origins in Asia allowed them to discover and populate most of the 20 000 islands considered to be one of the last and final frontiers of habitable earth For reasons of famine religion overpopulation war or just the overwhelming human desire for exploration these passionate and resourceful people set out on perilous voyages in wooden canoes to find new homes and better lives During this period in Polynesian history countless adventures myths and legends of tragedy conquest cataclysmic natural disasters and exploration were told and retold through oral tradition by the memory keepers down through the generations In approximately 1000 AD one such story details the spiritually guided unparalleled epic voyages of a double hulled deep sea sailing canoe and its crew of fourteen courageous loyal men Lead by a young western Polynesian mariner warrior who is inspired by his discovery of a piece of driftwood a wooden tablet containing undecipherable but somewhat recognizable hieroglyphic script known to these primitive people as Rongo In order to seek out and discover the meaning of the Rongo the gods directed the creation of a great seagoing canoe appropriately named Malolo the Flying Fish Built with great care and quality by expert craftsmen and artisans this beautiful sleek craft was special in every way built to withstand everything known and unknown that it could ultimately experience once it began its journey With a crew of skilled handpicked loyal men they set sail eastward on their momentous quest which takes them completely across the South Pacific to the seemingly endless land mass of South America then northward guided by their myths legends and visions of those they

encounter along the way Their heroic adventures including their escape from sacrifice island their survival of a Tsunami the revenge of Pele the fire goddess and others describe in historically based detail the wonders experiences tragedies triumphs and discoveries by the men of Malolo during every phase of their voyage including their long and arduous time at sea For this intrepid crew of ancient mariners the questions remain will they ever discover the hidden meaning of the wooden tablet according to the will of their gods will their journey return them once again to their tiny Western Pacific island and will their epic adventure be worth all their suffering and loss
