The Financial Consequences of Behavioural Biases Imad A. Moosa, Vikash Ramiah, 2017-10-25 This book provides a concise analysis of behavioural biases and their implications for financial decision making The book is written in the normative tradition arguing strongly for the superiority of behavioural finance with respect to explaining observed phenomena in financial markets It offers some unique features including a discussion of the issue of conspiracy theory and how behavioural biases lead to belief in conspiracy theories Lingering belief in the principles of neoclassical finance is attributed in part to the doctrine of publish or perish which dominates contemporary academia The offshoots of behavioural finance are discussed in detail including ecological finance environmental finance social finance experimental finance neurofinance and emotional finance A comprehensive discussion of narcissism is presented where it is demonstrated that narcissistic behaviour is prevalent in the finance industry and that it led to the eruption of the global financial crisis

BUSINESS, ECONOMY AND SOCIETY IN VUCA WORLD (VOLUME 2) Rahul Sarkar, BISIC 2020 P Parwito, P Praningrum, Karona Cahya Susena, M. Yasser Iqbal Daulay, Robbi Rahim, 2021-05-11 The Faculty of Economics and Business Bengkulu University UNIB Provinsi Bengkulu Indonesia organized

the 3rd Beehive International Social Innovation Conference BISIC 2020 on 3rd 4th Oct 2020 in Bengkulu Indonesia The number of participants who joined the zoom room was recorded at 450 participants Participants came from 4 countries namely Indonesia Malaysia Philippines Thailand BISIC 2020 is implemented with the support of a stable internet network system and a zoom application In the implementation there were several technical obstacles encountered by the participants namely the difficulty of joining the zoom application due to the unstable internet signal The holding of a virtual conference felt less meaningful due to the lack of interaction between speakers and participants The BICED 2020 committee 30 papers were presented and discussed The papers were authored by researchers from Thailand Malaysia Philippines and Indonesian All papers have been scrutinized by a panel of reviewers who provide critical comments and corrections and thereafter contributed to the improvement of the quality of the papers

Kensinger, 2012-05-16 The theme of this volume is Dealing with Volatility and Enhancing Performance During a time when there is much concern about the perceived volatility of global equity markets the insights offered here could be reassuring as well as useful Financial Analysis, Planning And Forecasting: Theory And Application (Third Edition) Cheng Few Lee, John C Lee, 2016-08-10 This book is an introduction level text that reviews discusses and integrates both theoretical and practical corporate analysis and planning The field can be divided into five parts 1 Information and Methodology for Financial Analysis 2 Alternative Finance Theories and Cost of Capital 3 Capital Budgeting and Leasing Decisions 4 Corporate Policies and their Interrelationships 5 Financial Planning and Forecasting The theories used and discussed in this book can be grouped into the following classical theoretical areas of corporate finance 1 Pre M and alternative planning and forecasting models are used to show how the interdisciplinary approach can be used to make meaningful financial management decisions In this third edition we have extensively updated and expanded the topics of financial analysis planning and forecasting New chapters were added and some chapters combined to present a holistic view of the subject and much of the data revised and updated **Digital Economy for Customer Benefit and Business Fairness** Grisna Anggadwita, Erni Martini, 2020-04-08 The international conference Sustainable Collaboration in Business Technology Information and Innovation SCBTII 2019 has brought together academics professionals entrepreneurs researchers learners and other related groups from around the world who have a special interest in theories and practices in the development of the field of digital economy for global competitiveness Considering that at present technology and industry 4 0 are still a leading trend and offer great opportunities for global businesses the rise of industry 4 0 makes competition in the business world more attractive yet fierce Opportunities and challenges for business development in industry 4 0 are becoming firm and it also provides businesses the possibility to compete globally Companies that desire to

enter this global competition should pay attention to customer benefits and business fairness in order to achieve sustainability in this digital economy This proceedings volume contains selected papers from this conference and presents opportunities to communicate and exchange new ideas and experiences Moreover the conference provided opportunities both for the presenters and the participants to establish research relations and find global partners for future collaboration

Understanding Digital Industry Siska Noviaristanti,Hasni Mohd Hanafi,Donny Trihanondo,2020-02-25 These proceedings compile selected papers from presenters at the Conference Managing Digital Industry Technology and Entrepreneurship 2019 CoMDITE 2019 which was held on July 10 11 2019 There are 122 papers from various universities and higher educational institutions in Indonesia and Malaysia The main research topics in these proceedings are related to 1 Strategic Management and Ecosystem Business 2 Digital Technology for Business 3 Digital Social Innovation 4 Digital Innovation and Brand Management 5 Digital Governance 6 Financial Technology 7 Digital and Innovative Education 8 Digital Marketing 9 Smart City 10 Digital Talent Management and 11 Entrepreneurship All the papers in the proceedings highlight research results or literature reviews that will both contribute to knowledge development in the field of digital industry

The Value of Debt in Retirement Thomas J. Anderson,2015-02-27 Increase the odds you won't run out of money in retirement using debt Conventional wisdom is wrong being debt free in retirement may actually increase your risk The Value of Debt in Retirement teaches you how incorporating debt into your retirement strategy may increase your return lower your taxes and actually lower your risk You read that right If handled correctly debt that thing we've all been taught to avoid can play an integral role in your life especially in retirement New York Times Best Selling Author and nationally acclaimed financial expert Tom Anderson shows you how to use the time tested strategies of the best companies and the ultra rich to retire comfortably minimize taxes buy the things you have always wanted to have and do the things you have always wanted to do Thought provoking and against the grain Anderson explains why your risk tolerance doesn't matter why being debt free may actually increase your risk and why rushing to pay off your mortgage may be a financial disaster Full of shocking revelations and tricks high net worth individuals have used for years The Value of Debt in Retirement opens the world to a new approach to wealth management in retirement one that factors in both sides of the balance sheet as an integrated ecosystem Real world case studies illustrate how informed debt strategies can lead to a happier healthier retirement See how an individual with a net worth of more than 5 million can spend 20 000 per month after taxes and pay less than 5 000 per year in taxes how it is possible to increase your rate of return by 50% and how a lower risk portfolio with debt could increase the chances you do not run out of money Specifically written to Baby Boomers practical guides and checklists show how to use debt strategies to fund primary and secondary properties refinance credit card debt and finance hobbies such as cars and boats and recreational vehicles Additional guides show how you can help your children help your parents and leave a bigger legacy for your heirs and favorite charities Regardless of your net worth The Value of Debt in Retirement provides tools to

use to apply these concepts to your personal situation There is no free lunch the book delivers a balanced perspective focusing on the potential risks and benefits of the strategies discussed A discussion on economic history highlights some of the shocks the economy may face and provides important warnings that you should factor into your retirement plan Anderson not only shows that your life expectancy may be longer than you think but also illustrates that many investors may be on track to average returns well under 4% for the next ten years a potentially devastating combination Irrespective of your beliefs about debt The Value of Debt in Retirement proves risk is more important than return for retirees and provides suggestions on ways to minimize that risk Not all debt is good and high levels of debt are bad The Value of Debt in Retirement is about choosing the right debt in the right amounts at the right time Perhaps most importantly this book isn't for everybody This book requires responsible actions If you can't handle the responsibility associated with the ideas then this book then it isn't for you If you need a rate of return under 3% from your investments then you may not need this book But if you can handle the responsibility and if you need a return above 3% this book may offer insights into the best and potentially only way to achieve your goals
