The Continuum of Consumer Choice Gordon R. Foxall,2024-03-12 Human consumption is multi faceted and so requires inter disciplinary exploration in order to explain a spectrum of experiences that is at once particular and allpervading Consumer choice is a microcosm of human activity which transcends the purview of the archetypal marketing or consumer psychology textbook Its perspective is that of social science itself This book understands the study of consumer choice as a paradigm of human socio economic activity and seeks further understanding of its socio economic and philosophical bases The Continuum of Consumer Choice provides a novel view of consumer choice based on the temporal horizon of the consumer giving rise to a spectrum of consumption styles from the everyday to the extreme The focus is on explaining this continuum in behavioral cognitive and neurophysiological terms affording the reader a unique perspective on the intellectual basis of consumer psychology and marketing The reader gains insight into a critical combination of economic psychology neurophysiology and philosophy which contributes to establishing marketing and consumer research as scholarly academic pursuits The book s particular focus is the proper place and form of an intentional cognitive and perceptual

explanation of consumer choice This is an essential monograph for advanced students in consumer psychology and marketing as well as for researchers in these areas It is particularly relevant to marketing and consumer theory providing appreciation of their scholarly foundations It also appeals to students lecturers and researchers in social science generally who are alert to the intellectual potential of consumer psychology and marketing as contributors to a full understanding of human behavior and experience
