How can we explain the difference between the miraculous Christianity expressed in the Gospels and the nearly miracle free
Christianity of Paul In this historically informed study senior New Testament scholar Graham Twelftree challenges the view
that Paul was primarily a thinker and reimagines him as an apostle of Jesus for whom the miraculous was of profound
importance Highlighting often overlooked material in Paul s letters Twelftree offers a fresh consideration of what the life and
work of Paul might teach us about miracles in early Christianity and sheds light on how early Christians lived out their faith
