F.D. Ascoli: A Revenue History of the Sundarbans Ananda

Bhattacharya,2019-12-09 Frank David Ascoli s Revenue History of Sundarbans during the Period 1870 1920 looks at the area bounded on the north by the limits of Permanent Settlement in 24 Parganas Khulna and Bakarganj districts and on the south by the sea face stretching from the Hughli estuary to the mouth of the Meghna River A quarter of this large area consisted of water out of 19 501 sq km For administrative purposes the Division was grouped in three circles known as the Bagerhat Khulna and Satkhira Revenue stations were established at all the principal points of egress from the Sundarbans and purchasers proceed to the forests and take their requirements from any locality they choose The process of land formation appears to have been followed by the growth of different vegetation and plants which turned into forest it left uncleared The entire Sundarban tract is managed by the Forest Department which has operated a yearly auction for cutting rights for many decades In this way the Sundarbans emerged between the Bay of Bengal and the fringes of the Bengal delta The revenue history of the Sundarbans is distinct from that of the rest of the district that presents several peculiar features so that a separate account of it is necessary It is apparent that some of the most forbidding remnants of Sundarbans jungle were transformed into fertile rice fields schools dispensaries post offices markets and cooperative societies Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Resurgence and Revalorization of Indigenous Knowledge Systems in the Contemporary Society* Masenya, Tlou Maggie, Bhuda, Monica Thulisile,2025-05-08 Indigenous knowledge is the comprehensive body of knowledge that locals accumulate from life experience unofficial research and close observation of their surroundings within a particular culture It connects the entirety of nature and the components that sustain life to the survival of every human being Additionally it gives specific community conditions in respect to the environment and offers workable answers to people s problems As a result by preserving indigenous knowledge systems indigenous knowledge may provide value to the community by offering innovative solutions to social environmental and economic issues *Resurgence and Revalorization of Indigenous Knowledge Systems in the Contemporary Society* explores the role of indigenous knowledge in the contemporary society Furthermore it discusses the importance of preserving and sharing indigenous knowledge for community development Covering topics such as epistemic diversity traditional load and indigenous curricula this book is an excellent resource for sociologists policymakers government officials environmentalists educators records managers professionals researchers scholars academicians and more **World Regional and Cultural Footprints and Environmental Sustainability** Ebenezer O. Aka,2017-04-26 The book examines the issues of sustainability in general It addresses various socioeconomic determinants of ecological footprints in different world s nations regions and cultures Major socioeconomic determinants of ecological footprints are fleshed out using Comparative Model Analysis and rigorous Multiple Regression Analysis The study exposes the inequitable distribution of the world s ecological footprints and also heightens the concern about ecological imbalances and overshoots It explains how sustainable development can be promoted and achieved in regional national and local jurisdictions The study provides

information that will likely help various governments and policy makers determine if a given nation region or culture is on a sustainable path It helps government leaders planners policy makers and even students of sustainability make a difference in mitigating the effects of various environmental stressors If this book makes people and policy makers in different countries regions and cultures think globally but act locally then the objectives are well served Grading Goal Four Antonia Wulff,2020-04-14 For the third time in three decades world leaders reaffirmed their promise of Education For All when adopting Sustainable Development Goal 4 in 2015 It is the most far reaching commitment to quality and equity in education so far yet there is no consensus on what the agenda means in practice With a decade left until the 2030 deadline Grading Goal Four calls upon the education community to engage more thoughtfully and critically with SDG 4 and related efforts As an ever growing number of actors and initiatives claim to contribute to its achievement it is becoming clear that the ambitious but broad priorities within the goal are vulnerable to cherry picking and misrepresentation placing it at the heart of tensions between instrumentalist and rights based approaches to education This text a critical analysis of SDG 4 provides a framework for examining trends and developments in education globally As the first volume that examines early implementation efforts under SDG 4 Grading Goal Four formulates a critique along with strategies for moving forward By scrutinising the challenges tensions and power dynamics shaping SDG 4 it advances rights based perspectives and strategies for effective implementation and builds capacity for strengthened monitoring and analysis of the goal **What Birdo is that?** Libby Robin,2023-05-30 The idea that a bird is good news and needs all our support is probably the only thing amateur birdos professional zoologists and birdscapers people who redesign their gardens to support birdlife have in common But together they form a conservation community that cares about the future of birds and their habitats who are working to heal the damage wrought by those who don t notice birds What Birdo is That reveals how bird people in Australia have gone about their craft across the years Its stories come from wild places at sea as well as on the land from dusty archives from restoration projects gardens and urban wastelands They are human stories but the birds themselves interject and interrupt any self important anthropocentrism They educate They counter the imperialism of the ever expanding economies of the new millennium They turn up in unexpected places giving surprise and joy This field guide to Australia s bird people provides a basis for understanding the complex relationship between people and birds in a land of extremes at the forefront of changing climate and habitats Human Health Risks from Chemical Exposure R. Warren Flint,John Vena,1991-04-22 More than 100 professionals have contributed to this important book summarizing much of what is known about the issue of chemicals in the Great Lakes environment and the risks these chemicals pose to human health The book makes significant recommendations for action in policy communication education and research regarding the chemicals and their risks The views of individuals from government universities industries and public special interest groups in Canada and the United States have been integrated into a comprehensive statement that reflects scenarios that are applicable worldwide
