Manning, James Midgley, Gillian Pascall**

Pearson Education Unemployment:

Work and Unemployment 1834-1911 Marjorie Levine-Clark, 2022-06-16 This volume explores questions surrounding what types of assistance were available to people out of work and who should receive that assistance during the nineteenth century Documents on the Poor Law voluntary organizations and work relief schemes all demonstrate how central the work imperative was in the ways officials decided which applicants for assistance were deserving and which were not Sources address many of the significant issues surrounding local relief to the unemployed the growing influence of methodical approaches to charitable giving and the use of measures of character embedded in the work imperative to choose worthy men to relieve Accompanied by extensive editorial commentary this volume will be of great interest to students of British History

Unemployment in the New Europe Nancy Bermeo, 2001-08-27 This book examines the consequences and interconnections between unemployment and European unification

Government and the Economy David A. Dieterle, Kathleen M. Simmons, 2014-10-14 In this non biased politically neutral compendium the authors trace the evolution of the U S government s role in the economy including the history ideas key players and court rulings that influenced its involvement Today s economic environment is in constant flux as is the participation of governments in it Local state national and global governmental agencies have taken on new responsibilities with both positive and negative economic consequences This book looks at the changing role of American government in the economy from determining the measurements of economic health to being mindful of corporate sustainability to legislating business practices and consumer affairs This comprehensive collection of essays draws from the contributions of 25 economic scholars along with seasoned educators David A Dieterle and Kathleen C Simmons to examine economic systems and the factors that influence them The work includes summaries of important Supreme Court cases that have impacted America s economic infrastructure biographies of famous economists and descriptions of the seven key economic systems command socialism democratic socialism fascism market capitalism state capitalism transitional and welfare state

Bankruptcy and Reorganization in the Digital Business Era Özsungur, Fahri, Tetik, Nevzat, Kanat, Ersin, 2023-03-13 The arrangement of bankruptcy which is a critical issue for the debtors whose financial structure has deteriorated protects the debtors from bankruptcy and enables the creditors to collect their receivables albeit partially Although the concordat is intended to protect bona fide debtors and creditors it can be said that payments not made during the concordat deadlines put the creditors in financial distress and harm the economy at the macro level In this context it is necessary to examine the subject in depth to prevent abuse of concordat requests and to obtain better results both legally and financially Bankruptcy and Reorganization in the Digital Business Era examines the basic structure of the arrangement of bankruptcy within various countries and the evaluation of the financial results of the enterprises that have declared the arrangement of bankruptcy Covering key topics such as economics financial distress risk management and banking this premier reference source is ideal for business owners

managers industry professionals researchers scholars academicians practitioners instructors and students **International Encyclopedia of Social Policy** Tony Fitzpatrick,Huck-ju Kwon,Nick Manning,James Midgley,Gillian Pascall,2013-07-04 Available in paperback for the first time this milestone work offers an in depth treatment of all aspects of the discipline and practice of social policy globally Supported by a distinguished international advisory board the editors have compiled almost 900 000 words across 734 entries written by 284 leading specialists to provide authoritative coverage of concepts policy actors welfare institutions and services along a series of national regional and transnational dimensions Also included are biographical entries on major policy makers and shapers The editors have particularly striven to provide strong coverage of differing geographical and cultural traditions so that the variety of social policy as both an academic discipline and a domain of governance is reflected Contributors draw in and make the necessary connections with social policy s associated disciplines to provide a rich picture of this vast and highly diverse field Comprehensive and authoritative the Encyclopedia has sought to open up rather than to foreclose the numerous areas in which there is on going research debate and sometimes serious disagreement and divergence in theory and practice To this end entries attempt to introduce a core or common ground of understanding before moving on to a wider discussion of debates regarding different conceptual and geographical approaches The whole is integrated by cross referencing and each entry includes a bibliography for further reading There is a full index The International Encyclopedia of Social Policy provides the most substantial mapping of the international study and practice of social policy to date and will stand as a vital storehouse of knowledge for many years to come **Economics** David A. Dieterle,2017-03-27 A comprehensive four volume resource that explains more than 800 topics within the foundations of economics macroeconomics microeconomics and global economics all presented in an easy to read format As the global economy becomes increasingly complex interconnected and therefore relevant to each individual in every country it becomes more important to be economically literate to gain an understanding of how things work beyond the microcosm of the economic needs of a single individual or family unit This expansive reference set serves to establish basic economic literacy of students and researchers providing more than 800 objective and factually driven entries on all the major themes and topics in economics Written by leading scholars and practitioners the set provides readers with a framework for understanding economics as mentioned and debated in the public forum and media Each of the volumes includes coverage of important events throughout economic history biographies of the major economists who have shaped the world of economics and highlights of the legislative acts that have shaped the U S economy throughout history The extensive explanations of major economic concepts combined with selected key historical primary source documents and a glossary will endow readers with a fuller comprehension of our economic world Digital Public Employment Services in Action Didier Demazière,Ray Griffin,Janine Leschke,Magnus Paulsen Hansen,2025-04-25 This book offers a comprehensive exploration of the ongoing digital transformation of public employment services PES the most radical remaking of the welfare state in a generation As

PES shift from analogue to fully digitised services this volume bridges the gap between technology policy and frontline service provision It provides a well rounded analysis of the practical opportunities and challenges posed by digital welfare reconnecting and reconciling technical possibilities and political ambitions with what is socially necessary as welfare systems undergo radical change

The American Middle Class Robert S. Rycroft, 2017-05-12 What is the American Dream This book's author argues that contrary to what many believe it is not achieving the wealth necessary to enter the top one percent but rather becoming members of the great middle class by dint of hard work and self discipline Americans of all classes consider themselves to be middle class There are Americans who by any objective standard should be considered poor who would insist they are middle class just as other Americans who should be considered wealthy also insist they are middle class Thinking of yourself and being thought of by others as middle class is the American Dream for tens of millions of people But an enduring problem of the American middle class is the worry that the Dream is coming apart that forces are lurking in the shadows waiting to steal their progress and throw them back into poverty This thought provoking reference explores a disparate multitude of issues associated with being middle class in America It addresses a range of questions and subtopics including the meaning of the term middle class how middle class status is expressed by both the majority and the various minorities that make up the American mosaic what economic pressures are bearing down on the middle class and how economists and others attempt to make sense of the economic issues of the day Readers will also better understand how political institutions and public policies are shaping the way the middle class views the world how labor housing education and crime related issues have influenced the development and growth of the middle class the norms of the middle class versus those of other classes in society and the role of culture and media in shaping how members of the middle class view themselves and how they are viewed by others This two volume set provides a comprehensive look at the American middle class that supports student research in economics social studies cultural studies and political history The content supports teachers in their development of lesson plans and assignments that directly align with the Common Core State Standards and the recommendations of the National Curriculum Standards for Social Studies NCSS with respect to all ten NCSS themes

The Sustainability Debate Martina Topić, George Lodorfo, 2021-03-25 This book goes beyond environmental protection and looks at sustainability by predominantly focusing on human and social sustainability and this focus is carried into sections of the book that discuss sustainable policies media and gender The book takes an academic and practitioner approach
