**Pearson's Peacekeepers** Michael K. Carroll,2010-01-01 In 1957 Lester Pearson won the Nobel Peace Prize for creating the United Nations Emergency Force during the Suez crisis The award launched Canada's enthusiasm and reputation for peacekeeping Pearson's Peacekeepers explores the reality behind the rhetoric by offering a detailed account of the UNEF's decade long effort to keep peace along the Egyptian Israeli border While the operation was a tremendous achievement the UNEF also encountered formidable challenges and problems This nuanced account of Canada's participation in the UNEF challenges perceived notions of Canadian identity and history and will help Canadians to accurately evaluate international peacekeeping efforts today

**Cautious Beginnings** Kurt F. Jensen,2009-01-01 Kurt F Jensen argues that Canada was a more active intelligence partner in the Second World War alliance than has previously been suggested He describes Canada's contributions to Allied intelligence before the war began as well as the distinctly Canadian activities that started from that point He reveals how the government created an intelligence organization during the war to aid Allied resources This is a convincing portrait of a nation with an active role in Second World War intelligence gathering one that continues to influence the architecture of its current capabilities

When Harlem Nearly Killed King Hugh Pearson,2011-01-04 When Harlem Nearly Killed King spins the tale of a little known episode in the life of Dr Martin Luther King Jr how in 1958 King was stabbed by a deranged black woman in Harlem and then saved by Harlem Hospital's most acclaimed African American surgeon using a little known and difficult procedure Pearson recreates America at the dawn of the civil rights movement and in so doing probes and examines the living body politic of the nation black and white and shows us how change really occurs painfully not in one grand gesture but in a thousand small and contradictory ways As the story of When Harlem Nearly Killed King unfolds it offers up surprising truths how Harlem's leading black bookseller was snubbed by King and his entourage in favor of a Jewish owned department store and how the acclaimed surgeon seems not to have been the doctor responsible for the surgery As truths and apocrypha clash in these pages what emerges is a powerful picture of change in race perspectives in America and how such change really occurs reminding us today that race in America is still unfinished business

**School Life**, 1921     **At Home and Abroad** Patrick Lennox, 2010-07-01 Canada's relationship with the United States and its place in the world currently occupy distinct spheres in the minds of policymakers, intellectuals, and citizens. At home, Canada is thought to enjoy a special relationship with the United States; abroad, it occupies a place as the world's problem solver and peacekeeper. Patrick Lennox analyzes six key events in the history of relations between the two countries to reveal the underlying connection between the Canada-US relationship and Canada's place in the world. The war in Afghanistan is but the latest in a series of paradoxical interactions between the two states abroad that has resulted from the hierarchy in Canada-US relations at home.

Edgar Hoover's FBI to tell the full story for the first time of the most spectacular crime wave in American history: the two-year battle between the young Hoover and the assortment of criminals who became national icons: John Dillinger, Machine Gun Kelly, Bonnie and Clyde, Baby Face Nelson, Pretty Boy Floyd, and the Barkers. In an epic feat of storytelling and drawing on a remarkable amount of newly available material on all the major figures involved, Burrough reveals a web of interconnections within the vast American underworld and demonstrates how Hoover's G-men overcame their early fumbles.
