Pearson Essential Questions Journal:

Essential Questions Journal 10-pack Pearson Staff, *Essential Questions in Adolescent Literacy* Jill Lewis, 2009-05-04

In each chapter of this unique volume an exemplary teacher collaborates with a prominent scholar to present real world strategies for putting literacy research to work in grades 5-12. These lively dialogues tackle key questions in adolescent literacy including issues of motivation, critical thinking skills, content area writing, differentiated instruction, assessment, English language learning and technology. Suggestions for incorporating adolescents out of school literacies and working with reading specialists and coaches show how to build connections between the classroom and wider communities. In-depth portraits of challenges and successes in the classroom, practical instructional tips and stimulating questions for reflection make the book a valuable resource for inservice and preservice teachers.

Supporting the Professional Development of English Language Teachers Melissa K. Smith, Marilyn Lewis, 2017-11-22. Applying the principles of facilitative teaching to mentorship, this book brings together well-established knowledge about mentoring with the experiences and ideas of mentors in the field to advance and support the professional development of language teachers. Recognizing the impact of globalization and technology, Smith and Lewis identify processes and pathways for mentors to develop multi-layered skills for working with teachers in both their own and cross-cultural contexts and in face-to-face and virtual settings. Grounded in theory, this innovative approach is illustrated with authentic experiences and ready to be applied by readers in their specific settings around the world. With an interactive design that encourages participation and practice, each chapter includes vignettes, reflections and challenging scenarios from mentors in training. Self-reflection and task sections at the end of each chapter engage the reader in combining theory with practice. Sample materials such as mentor-mentee contracts, work plans, journal templates, discussion suggestions, face-to-face or online and observation forms deepen understanding and enable mentors to adapt or create their own materials. This practical and context-adaptable guide is accessible to mentors at any career stage for use in personal professional development or as part of mentor training sessions.
