

How to revise Geography

1. Get organised

Make sure you know what topics you are being tested on in which paper.

Use your 'topic checklists' to organise your thoughts and revision material

3. Revision cards

Condense your notes and information onto revision cards.

Use different coloured cards to represent each topic or a different case study.

5. Use Google Classroom

Use our Google Classroom to retrieve lesson PowerPoints and useful revision notes for more information.

Google Classroom™

Our classroom code is:

7. Memorise!

Now you've condensed your class notes you need to memorise them. Good memorisation, in my experience comes down to two things:

- Repetition
- Using the information in different formats.

I'd advise you to do a combination of the following:

- Read index cards out loud, cover and test yourself.
- Get other people to test you.
- Act it out.
- Make up songs or rhymes
- Whatever else works for you...

2. Make sure you understand

The first step in remembering anything is understanding it. These tips will help you with this:

- Make sure you've seen a map of the place. In this day and age this is easy with google maps, google earth and google streetview. All of these things can help you understand both the 2-D and 3-D landscape of the case study.
- Find newspaper articles and pictures to give you some background and also help you to visual the place
- Watch videos if they exist. For some case studies there are amazing clips of films (Kibera, the Nairobi shanty town at the beginning of The Constant Gardener springs to mind). For others there will be great video clips on YouTube to help you.
- If you can, visit the place. Nothing is as powerful as this in fully understanding a place.

4. Mind maps

Organise your case studies or topic notes onto mind maps. Aim for one topic per A3 page

6. Revision books

Purchase a revision book, specifically the 'Revise Edexcel GCSE (9-1) Geography B Revision Guide' published by Pearson around £6. ISBN 9781292133782

8. Exam command words

Understand the command words used in exams. What is the difference between a 'describe' and 'explain' question?

9. Past papers

Make sure you're exam ready by practising to apply your knowledge to past questions

10. Analysing mark schemes

Analysing the mark schemes to understand what the examiners are expecting you to do.
