

The background of the cover features a detailed illustration of various microscopic organisms. In the foreground, there are several large, oval-shaped cells with a yellowish-orange internal structure, possibly representing eukaryotic cells or large bacteria. A prominent, branching, filamentous structure with a reddish-orange core and yellowish outer layer extends across the middle of the cover. Other smaller, similar cells are scattered in the background, some appearing as clusters. The overall color palette is dominated by warm tones of yellow, orange, and red against a dark background.
