How could she relax and heal her broken heart when he was always around? But after Kale saved her from almost getting raped by her no-good ex-boyfriend, they started to be friends. Opening up to each other deepened their feelings and led them to take the relationship to another level. Erin had never felt happier. It was like living in their very own paradise without a care in the world. But then she started noticing strange things about him: how he always seemed to appear when she was in danger, how he would heal from a wound in a snap, how he could vanish into thin air. Furthermore, when Erin's mother and Kale's father got back earlier from their honeymoon in order to have some family bonding time with them, Erin couldn't help being consumed by guilt. Having a summer affair with her stepbrother was one thing. Falling in love with him was another. It was dead wrong. Or was it? Would Erin still feel the same way when she discovers his real identity? Would she even stand up for them, or simply settle for brotherly love? A stand-alone story with guaranteed HEA.
