Porter, 2023-05-15 When her father dies Pollyanna an 11 year old girl is sent to live with her only living relative Aunt Polly Despite a challenging start Pollyanna's exuberance and positivity touches everyone she meets spreading joy and love wherever she goes But when tragedy strikes her optimism is put to the test and she must learn to find happiness again Published in 1913 Pollyanna is a universal classic that has enchanted generations of readers of all ages and languages It's a must read for anyone seeking a life devoid of bitterness and willing to discover the good in everything Insolubles Barbara Bartocci, Stephen Read, 2024-10-17 Paradoxes such as the Liar What I am saying is false fascinated medieval thinkers What I said can't be true for if it were it would be false So it must be false but then it would be true after all Attempts at a solution to this contradiction led such thinkers to develop their theories of meaning reference and truth A popular response until it was attacked at length by Thomas Bradwardine in the early 1320s was to dismiss such self reference as impossible no term here false could refer to or in medieval terms supposit for a whole e.g. a proposition of which it is part In light of Bradwardine's criticisms Walter Segrave writing around 1330 defended so called restrictivism restrictio by claiming that such paradoxes exhibited a fallacy of accident The classic example of this fallacy the first of Aristotle's fallacies independent of language is the Hidden Man puzzle you know Coriscus Coriscus is the one approaching but you don't know the one approaching since e.g. he is wearing a mask But Aristotle's account is unclear and Segrave building on ideas of Giles of Rome and Walter Burley

shows how the fallacy turns on an equivocation over the supposition of the middle term or one of the extremes in a syllogism. Thereby Segrave is able to counter Bradwardine's arguments one by one and defend the restrictivist solution. In this volume Segrave's text is edited from the three extant manuscripts, is translated into English and is preceded by a substantial Introduction. Publisher description: Perry Rhodan NEO: Volume 5 (English Edition) Frank Borsch, Christian Montillon, 2021-12-30. With Arkonide technology in the hands of the US army, Perry Rhodan and his team mount a dangerous recovery mission. Disguised as the president himself, Rhodan brings alien Thora da Zoltral and telepath John Marshall straight into enemy territory to steal back a starship that far exceeds any of Earth's capabilities. But can they deceive one of the president's oldest friends? Back in the nascent city of Terrania, supplies are scarce. What should be the gateway to the stars is still a building site where volunteer workers survive on meager rations. New arrivals Julian and Mildred soon find their disappointment replaced with awe, however, as they meet some of the city's strangest residents and when a theft occurs, they step up to help Bull find the perpetrators. Meanwhile, Crest learns that his true reason for traveling to Earth is not as secret as he thought. The world is in chaos and suspicions abound as mankind inches ever closer to the dream of the stars.

The Maxims (Bilingual Edition: French Text, with a Revised English Translation) François de La Rochefoucauld, 2022-02-14 Of all the French epigrammatic writers La Rochefoucauld 1613-1680 is at once the most widely known and the most distinguished Voltaire said One of the works that most largely contributed to form the taste of the French nation and to diffuse a spirit of justice and precision is the collection of maxims by François duc de La Rochefoucauld though there is scarcely more than one truth running through the book that self love is the motive of everything yet this thought is presented under so many varied aspects that it is nearly always striking And Lord Chesterfield in his letters to his son Till you come to know mankind by your own experience I know no thing nor no man that can in the

meantime bring you so well acquainted with them as La Rochefoucauld his little book of Maxims which I would advise you to look into for some moments at least every day of your life is I fear too like and too exact a picture of human nature I own it seems to degrade it but yet my experience does not convince me that it degrades it unjustly The Maxims were first published in 1665 under the title Reflections or sentences and moral maxims and the edition of 1678 the fifth from which the text has been used for the present translation was the last revised by the author and published in his lifetime with maxims numbered 1 to 504 Maxims which appeared in previous editions and were suppressed by La Rochefoucauld can be found in the second part entitled Maxims withdrawn by the author here numbered 505 to 583 The French original of this bilingual edition was reviewed by Philippe Renaud The English translation originally by John William Willis Bund and James Hain Friswell has been thoroughly revised by Rebecca Hazell and Philippe Renaud **The Defective Version of Mandeville's Travels** Michael C. Seymour, 2002 Mandeville's Travels was written in French in c 1356 by an unknown author possibly a regular in an abbey in northern France This volume an edition of the earliest and most important English translation of the French text of the Travels contains a full commentary with new information about the sources
