The War on Words Michael T. Gilmore, 2010-08-15 How did slavery and race impact American literature in the nineteenth century In this ambitious book Michael T Gilmore argues that they were the carriers of linguistic restriction and writers from Frederick Douglass to Stephen Crane wrestled with the demands for silence and circumspection that accompanied the antebellum fear of disunion and the postwar reconciliation between the North and South Proposing a radical new interpretation of nineteenth-century American literature The War on Words examines struggles over permissible and impermissible utterance in works ranging from Thoreau's Civil Disobedience to Henry James's The Bostonians Combining historical knowledge with groundbreaking readings of some of the classic texts of the American past The War on Words places Lincoln's Cooper Union address in the same constellation as Margaret Fuller's feminism and Thomas Dixon's defense of lynching Arguing that slavery and race exerted coercive pressure on freedom of expression Gilmore offers here a transformative study that alters our understanding of nineteenth-century literary culture and its fraught engagement with the right to speak

Learning One's Native Tongue Tracy B. Strong, 2019-11-26 Citizenship is much more than the right to vote It is a collection of political capacities

constantly up for debate From Socrates to contemporary American politics the question of what it means to be an authentic citizen is an inherently political one With *Learning One's Native Tongue* Tracy B Strong explores the development of the concept of American citizenship and what it means to belong to this country starting with the Puritans in the seventeenth century and continuing to the present day He examines the conflicts over the meaning of citizenship in the writings and speeches of prominent thinkers and leaders ranging from John Winthrop and Roger Williams to Thomas Jefferson Nathaniel Hawthorne Abraham Lincoln Frederick Douglass and Franklin Roosevelt among many others who have participated in these important cultural and political debates The criteria that define what being a citizen entails change over time and in response to historical developments and they are thus also often the source of controversy and conflict as with voting rights for women and African Americans Strong looks closely at these conflicts and the ensuing changes in the conception of citizenship paying attention to what difference each change makes and what each particular conception entails socially and politically

Hawthorne, Sculpture, and the Question of American Art Deanna Fernie, 2016-12-05 Deanna Fernie analyzes the significance of sculpture in Hawthorne's fiction through the recurring motif of the fragment in its double guise as ruin and project Her book casts new light on Hawthorne's memorable ruined and unfinished images from the rough hewn figurehead of Drowne's Wooden Image 1844 to the tattered letter A in the unfinished loft of the Custom House in *The Scarlet Letter* 1850 and the unfinished bust of Donatello in *The Marble Faun* 1860 Fernie shows how the tension between the formed and unformed enabled Hawthorne to interrogate the origins and the distinctive possibilities of art in America in relation to established European models At the same time she suggests that sculpture challenged and provoked Hawthorne's shaping of his own specifically literary art stimulating him to develop its capacities for expressing irresolution and change Fernie establishes the intellectual contexts for her study through a discussion of sculpture and fragmentary form as revealed in American British and Continental thought Her book will be an important text not only for American literature scholars but also for anyone interested in British and Continental Romanticism and the intersections of art and literature

Adventures in Literature Circles Christina Baxter, 2008

Dear Reader Garrett Stewart, 1996 Ready now reader Easy then That should put you in the right historical frame of mind put you in mind of the right historical frame For it did seem easier then certainly more relaxed Like the addressed and otherwise rendered nineteenth century reader who is my subject of study you are invited to take it slow while we back our way into the last century We do so by moving from an unexpected modernist send up of Victorian direct address an early twist of phrase in E M Forster's 1907 *The Longest Journey* to the underlying aesthetic of classic realism on which even this one rhetorical irony is

by no means intended to pull the plug On the way back to the nineteenth century certain realist assumptions help mark out our course from Dear Reader With the great tradition from Austen through Dickens and Eliot to Hardy read here for the first time alongside the non canonical best sellers of the period we get a revised picture of an evolving readership narrated rather than merely implied the mass audience conscripted written with figured in Redirecting response aesthetics away from the a priori reader function toward this reader figure Garrett Stewart s Dear Reader intercepts two tendencies in the recent criticism of fiction the blanket audience determinations of ideological critique and the thinness of historicizing discourse analysis when divorced from literary history s own discursive field Margaret Fuller, Wandering Pilgrim Meg McGavran Murray, 2012-07-01 How is it that I seem to be this Margaret Fuller the pioneering feminist journalist and political revolutionary asked herself as a child What does it mean Filled with new insights into the causes and consequences of Fuller s lifelong psychic conflict this biography chronicles the journey of an American Romantic pilgrim as she wanders from New England into the larger world and then back home under circumstances that Fuller herself likened to those of both the prodigal child of the Bible and Oedipus of Greek mythology Meg McGavran Murray discusses Fuller s Puritan ancestry her life as the precocious child of a preoccupied grieving mother and of a tyrannical father who took over her upbringing her escape from her loveless home into books and the unorthodox and influential male and female role models to which her reading exposed her Murray also covers Fuller s authorship of *Woman in the Nineteenth Century* her career as a New York Tribune journalist first in New York and later in Rome her pregnancy out of wedlock her witness of the fall of Rome in 1849 during the Roman Revolution and her return to the land of her birth where she knew she would be received as an outcast Other biographies call Fuller a Romantic Margaret Fuller *Wandering Pilgrim* illustrates how Fuller internalized the lives of the heroes and heroines in the ancient and modern Romantic literature that she had read as a child and adolescent as well as how she used her Romantic imagination to broaden women s roles in *Woman in the Nineteenth Century* even as she wandered the earth in search of a home *The Eternal Crossroads* Leon V. Driskell, Joan T. Brittain, 2014-07-15 Flannery O Connor was a writer of extraordinary power and virtuosity Her strong supple prose blends humor pathos satire and grotesquerie which leads the reader to the evil at the center of the self s labyrinth There she confronts that evil with originality and power pulling the reader into consideration of the terrifying dependencies of love in the recesses of the heart This study focuses on Flannery O Connor s sense of the coincidence of the eternal and cosmic with worldly time and place the eternal crossroads and how that sense controls and infuses her fiction From an examination of various influences upon Miss O Connor s work Pierre Teilhard de Chardin Mauriac Nathaniel West and Hawthorne the authors consider her novels and stories as well as several stories never collected Their textual analysis shows that her structures images motifs and symbols became vehicles for anagogical meaning as she progressed from early promise to artistic fulfillment Considering Miss O Connor s own comments on her writing the authors illuminate some frequently misunderstood features of her work such as

her grotesques and her stress on death and violence In so doing they make an important contribution to our understanding of how Flannery O Connor arrived at the eternal crossroads *Laird Cregar* Gregory William Mank,2018-01-12 In 1944 Laird Cregar played Jack the Ripper in *The Lodger* giving one of the most haunting performances in Hollywood history It was the climax of a strange celebrity that saw the young American actor who stood 6 3 and weighed more than 300 pounds earn distinction as a portrayer of psychopaths and villains Determined to break free of this typecasting he desperately desired to become a beautiful man embarking on an extreme diet that killed him at 31 This first biography of Cregar tells the heartbreaking story of the brilliant but doomed actor Appendices cover his film theatre and radio work Many never before published photographs are included **The Life and Works of Augusta Jane Evans Wilson, 1835-1909** Professor Brenda Ayres,2012-08-01 Over the course of her 57 year career Augusta Jane Evans Wilson published nine best selling novels but her significant contributions to American literature have until recently gone largely unrecognized Brenda Ayres in her long overdue critical biography of the novelist once referred to as the first Southern woman to enter the field of American letters credits the importance of Wilson s novels for their portrait of nineteenth century America As Ayres reminds us the nineteenth century American book market was dominated by women writers and women readers a fact still to some extent obscured by the make up of the literary canon In placing Wilson s novels firmly within their historical context Ayres commemorates Wilson as both a storyteller and maker of American history Proceeding chronologically Ayres devotes a chapter to each of Wilson s novels showing how her views on Catholicism the South the Civil War male authority domesticity Reconstruction and race were both informed by and resistant to the turbulent times in which she lived This comprehensive and meticulously researched biography contributes not only to our appreciation of Wilson s work but also to her importance as a figure for understanding women s roles in history and their art evolving gender roles and the complicated status of women writers *The Latest Early American Literature* R. C. De Prospro,2016-01-21 *The Latest Early American Literature* according to readers for the University of Delaware Press is a collection of polemics and manifestoes In it R C De Prospro bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prospro proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America s lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard s semiotics its

synchronic differend Closer to earth De Prospro tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of The Latest Early American Literature what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer

Natural Magic Renée Bergland,2024-04-30 A captivating portrait of the poet and the scientist who shared an enchanted view of nature Emily Dickinson and Charles Darwin were born at a time when the science of studying the natural world was known as natural philosophy a pastime for poets priests and schoolgirls The world began to change in the 1830s while Darwin was exploring the Pacific aboard the Beagle and Dickinson was a student in Amherst Massachusetts Poetry and science started to grow apart and modern thinkers challenged the old orthodoxies offering thrilling new perspectives that suddenly felt radical and too dangerous for women Natural Magic intertwines the stories of these two luminary nineteenth century minds whose

thought and writings captured the awesome possibilities of the new sciences and at the same time strove to preserve the magic of nature Just as Darwin s work was informed by his roots in natural philosophy and his belief in the interconnectedness of all life Dickinson s poetry was shaped by her education in botany astronomy and chemistry and by her fascination with the enchanting possibilities of Darwinian science Casting their two very different careers in an entirely fresh light Ren e Bergland brings to life a time when ideas about science were rapidly evolving reshaped by poets scientists philosophers and theologians alike She paints a colorful portrait of a remarkable century that transformed how we see the natural world Illuminating and insightful Natural Magic explores how Dickinson and Darwin refused to accept the separation of art and science Today more than ever we need to reclaim their shared sense of ecological wonder **Transatlantic Conflict and Consensus** Roberta N.
