Past Scents Jonathan Reinartz, 2014-03-30 In this comprehensive and engaging volume medical historian Jonathan Reinartz offers a historiography of smell from ancient to modern times Synthesizing existing scholarship in the field he shows how people have relied on their olfactory sense to understand and engage with both their immediate environments and wider corporal and spiritual worlds This broad survey demonstrates how each community or commodity possesses or has been thought to possess its own peculiar scent Through the meanings associated with smells osmologies develop what cultural anthropologists have termed the systems that utilize smells to classify people and objects in ways that define their relations to each other and their relative values within a particular culture European Christians for instance relied on their noses to differentiate Christians from heathens whites from people of color women from men virgins from harlots artisans from aristocracy and pollution from perfume This reliance on smell was not limited to the global North Around the world Reinartz shows people used scents to signify individual and group identity in a morally constructed universe where the good smelled pleasant and their opposites reeked With chapters including Heavenly Scents Fragrant Lucre and Odorous Others Reinartz s timely survey is a useful and entertaining look at the history of one of our most important but least understood senses

Shaping the Church Martyn Percy, 2010 Shaping the Church seeks to dynamically alter the way that theologians ecclesiologists students of religion and ministers look at the church Taking the ideas of composition formation and vocation as basic ecclesial categories Martyn Percy explores how apparently innocent and incidental material is in fact highly significant for the shaping of theological and ecclesiological horizons The Introduction sets the tone with a meditation on how the apparently ordinary scent of a country church can be redolent with meaning setting the tone of expectation in relation to subsequent worship This book is not however simply about reading meanings into events ideas conversations and contexts Rather it sets out to faithfully interpret much of the material that surrounds us yet is often taken for granted or more usually unnoticed The book is an invitation to involve the scholar or minister paying close and patient attention to beliefs language

artefacts rituals practices and other material all of which are constitutive for ecclesial life and theological identity Lire Descartes aujourd'hui Maurice F. Wiles, Edward Yarnold, 2001

Celibate Marriages in Late Antique and Byzantine Hagiography Anne P. Alwis, 2011-10-27 Celibate Marriages in Late Antique and Byzantine Hagiography explores the puzzling phenomenon of celibate marriage as depicted in the lives of three couples who achieved sainthood Marriage without intercourse appears to have no purpose especially in Christian antiquity yet these three tales were copied for centuries What messages were they promoting What did it mean to be a virgin husband and a virgin wife Including full translations this volume sets each life in its historical context and by examining their individual and shared themes the book shows that the tension raised by pitting marriage against celibacy is constantly debated It also highlights the ingenuity of Byzantine hagiographers as they attempted to reconcile this curious paradox This book addresses a gap in late Antique and Byzantine hagiographic studies where primary sources and interpretative material are very rarely presented in the same volume By providing a variety of contexts to the material a much more comprehensive revealing and holistic picture of celibate marriage emerges

This is Improbable Too Marc Abrahams, 2014-03-06 The mind behind the infamous Ig Nobel Prizes presents an addictive collection of improbable research all about us and you Marc Abrahams collects the odd the imaginative and the brilliantly improbable Here he turns to research on the ins and outs of the very improbable evolutionary innovation that is the human body brain included What's the best way to get a monkey to floss regularly How much dandruff do Pakistani soldiers have If you add an extra henchman to your bank robbing gang how much more money will you earn How many dimples will be found on the cheeks of 28 282 Greek children Who is the Einstein of pork carcasses

The Spirit of Witness

Martyn Percy, 2023-02-28 The term witness has become synonymous with evangelism but true witnessing is usually found in dissenting it refuses to bow to idols or to take the easy road or deny Christ and all he died for This collection is rooted in that belief that having the mind of Christ means we will do things differently It offers practical resources for pastoral care that celebrates people on the margins of the church and provides liturgies for those who suffer racism or injustice who experience tragedy and loss who raise their voices in protest or lament and more These texts do not carry the stamp of approval of any church body but will bring the light of the gospel where it is needed Arranged in six sections it includes contributions from well known and new voices covering the themes of Witness in Ordinary Time Communion Birth and Baptism United in Love Suffering Presence Death and Resurrection

Between Jerusalem and Europe, 2015-06-02 Between Jerusalem and Europe Essays in Honour of Bianca K hnel analyses how Jerusalem is translated into the visual and material culture of medieval early modern and contemporary Europe and in what ways European encounters with the city have shaped its holy sites The volume also demonstrates methodological shifts in the study of Jerusalem in Western art by mapping the diversity of concepts that underlie imaginations of the city as an earthly presence and a heavenly realization as a physical and a mental space and as a unique location which is multiplied and re imagined in numerous copies elsewhere Contributors are Lily Arad Pnina Arad Barbara Baert Neta B Bodner Iris Gerlitz Anastasia Keshman Wasserman Katrin Kogman Appel Ora Limor Galit Noga Banai Robert Ousterhout Yamit Rachman Schrire Bruno Reudenbach Alessandro Scafì Tsafra Siew and Victor I Stoichita

Women in John's Gospel Susan Miller, 2023-01-26 Closely examines John's portrayal of women in relation to discipleship and the theme of new creation arguing that these

depictions are influenced by his apocalyptic world view By employing historical and literary methods of biblical interpretation to analyse John s presentation of women and gender Miller explores the extent to which John gives any indications of the female role in both John s community and the beginnings of the Christian faith Beginning with the Virgin Mary s portrayal at the wedding at Cana where she prompts Jesus to carry out his first sign Miller then thoroughly asses several crucial female characters in John to stress how Jesus female followers truly recognise him as the Messiah These include the Samaritan woman Martha and Mary of Bethany and Mary Magdalene and her encounter with Jesus in the garden Crucially Miller suggests that John s frequent use of woman links these female followers particular Jesus venerated mother with the figure of Eve in Genesis and she concludes that women are associated with the hour of Jesus when he casts out the ruler of the world and inaugurates the new creation

Sensing the Past Mark Michael Smith, 2007 Smith s history of the sensate is destined to precipitate a revolution in our understanding of the sensibilities that underpinned the mentalities of past epochs David Howes author of *Sensual Relations Engaging the Senses in Culture and Social Theory* Mark M Smith presents a far ranging essay on the history of the senses that serves simultaneously as a good introduction to the historiography If one feels in danger of sensory overload from this growing body of scholarship Smith s piece is a useful preventive Leigh E Schmidt author of *Restless Souls The Making of American Spirituality* This is a masterful overview The history of the senses has been a frontier field for a while now Mark Smith draws together what we know with an impressive sensory range and encourages further work A really exciting survey Peter N Stearns author of *American Fear The Causes and Consequences of High Anxiety* Who would ever have guessed that a book on the history of the senses seeing hearing touching tasting and smelling could be informative thought provoking and at the same time most entertaining Ranging in both time and locale Mark Smith s *Sensing the Past* makes even the philosophy about the senses from ancient times to now both learned and exciting This work will draw scholars into under recognized subjects and lay readers into a world we simply but unwisely take for granted Bertram Wyatt Brown author of *Southern Honor Ethics and Behavior in the Old South* Mark M Smith has a good record of communicating his research to a broad constituency within and beyond the academy This will be required reading for anyone addressing sensory history Penelope Gouk author of *Music Science and Natural Magic in Seventeenth Century England* This is a fine cultural history of the body which takes Western and Eastern traditions and their texts quite seriously Smith views a history of the senses not only from below but places it squarely in the historical imagination It will be of interest to a wide range of readers Sander L Gilman author of *Difference and Pathology*

The Works of Saint Augustine Saint Augustine (of Hippo), 1990 As the psalms are a microcosm of the Old Testament so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought In the Book of Psalms are to be found the history of the people of Israel the theology and spirituality of the Old Covenant and a treasury of human experience expressed in prayer and poetry So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine s personal life his theological reflections and his

pastoral concerns as Bishop of Hippo Publisher's website [Preaching after Easter: Mid-Pentecost, Ascension, and Pentecost in Late Antiquity](#) Richard W. Bishop, Johan Leemans, Hajnalka Tamas, 2016-06-21 The studies collected in *Preaching after Easter* examine the festal history and homiletics of Mid-Pentecost, Ascension and Pentecost in the late antique Mediterranean world. Articles on individual sermons or the work of individual preachers such as John Chrysostom, Augustine of Hippo, Peter Chrysologus, Leo the Great and Severus of Antioch exhibit the richness of late antique festal preaching. Questions of authenticity, heresiology and theological exegesis or liturgical history are addressed with methodological rigor. Complementary contributions that deal with ancient Jewish-Christian dialogue, art, historical reception and contemporary liturgical theology illustrate the wide ramifications of ancient Christian festal practice. Students and scholars of these feasts and the interpretive traditions devoted to them will find this volume to be an indispensable source of information and analysis.

[Scent Of A Man](#) Maree Anderson, 2020-07-13 The one woman who can resist him is the only woman he's ever wanted. Joseph is an Anglian noble living in a harshly religious society where the Council and their clerics enforce chastity and women are oppressed and treated as chattel. Overnight Joseph undergoes a rare transformation and becomes a Scentinel, a man who exudes powerful sexual pheromones that make him irresistible to females. His people believe he is evil and will execute him on sight. He's on the run, starving and desperate. He has nothing more to lose or so he believes. Liliana is a morally corrupt European woman with an agenda. She's a creature even rarer than Joseph, a Null who can neutralize Scentinel pheromones. Her mission is to do whatever it takes to bring Joseph safely to European shores. There he'll join Empress Vashti's elite band of Scentinel spies provided he survives his training with his sanity intact and learns how to suppress his pheromones at will. And falling in love with the man she must ultimately betray was never part of Liliana's plan. Originally published 2011 by Red Sage Publishing. Contains graphic language and scenes more suited to adult readers. [Salvation's Fire](#) Justina Robson, 2018-09-04 The Tzarkomen necromancers sacrificed a thousand women to create a Bride for the Kinslayer so he would spare them in the war. But the Kinslayer is dead and now the creation intended to ensure his eternal rule lies abandoned by its makers in the last place in the world that anyone would look for it. Which doesn't prevent someone finding her by accident. Will the Bride return the gods to the world or will she bring the end of days? It all depends on the one who found her. Kula, a broken-hearted little girl with nothing left to lose. **Salvation's Kiss** Kathryn Jayne, 2022-02-10 For Conrad moving to Overton was the promise of a fresh start, a way to escape the pain and ridicule and leave behind the hateful words that reminded him every day he was a monster. He would not make the same mistake again. He would keep his other self hidden, his heart shielded. Or that had been his intention. The moment his gaze met Ashley's, his resolve faltered. With a single disarming glance she became all he could think about. An infatuation he knew must be shed. But she was human, incompatible with his kind. To love her would be to one day watch her burn. He had thought wrestling with his heart was his biggest concern, but his new friends harbour a secret. They hold the answers to one of the most burning questions of their

time But how much is Conrad willing to sacrifice to get those answers This book contains graphic sex and is not suitable for readers under the age of 18 **The Smell of Slavery** Andrew Kettler, 2020-05-28 In the Atlantic World different groups were aromatically classified in opposition to other ethnic gendered and class assemblies due to an economic necessity that needed certain bodies to be defined as excremental which culminated in the creation of a progressive tautology that linked Africa and waste through a conceptual hendiadys born of capitalist licentiousness The African subject was defined as a scented object appropriated as filthy to create levels of ownership through discourse that marked African peoples as unable to access spaces of Western modernity Embodied cultural knowledge was potent enough to alter the biological function of the five senses to create a European olfactory consciousness made to sense the African other as foul Fascinating informative and deeply researched The Smell of Slavery exposes that concerns with pungency within the Western self were emitted outward upon the freshly dug outhouse of the mass slave grave called the Atlantic World
