The Insubordinate and the Noncompliant Howard Coombs, 2008-03-28 The Unwilling and the Reluctant Theoretical Perspectives on Disobedience in the Military and The Apathetic and the Defiant Case Studies of Canadian Mutiny and Disobedience 1812 1919 are the first two volumes in a series devoted to disobedience issues in the Canadian military Now with The Insubordinate and the Noncompliant the trilogy is complete Military leadership has both formal and informal dimensions The formal leadership of any organization must ensure that it minimizes the divergence between institutional aims and the actions of informal leaders When this separation occurs the result is sometimes mutiny These incidents of insubordination and noncompliance represent a form of dialogue between military personnel and their leadership The Insubordinate and the Noncompliant offers a perspective on the Canadian experience with military mutiny in the twentieth century in an effort to provide relevant lessons for today

The Best Books: D, Society, E, Geography. 1912 William Swan Sonnenschein, 1912 Exploring Canada and Latin America Bert Bower, 1991 *The English In Canada Historical 3-Book Bundle* Lucille H. Campey, 2014-09-30 Lucille H Campey's acclaimed groundbreaking series on English immigration to Canada is finally available in a collected volume with this complete three book edition A must for genealogists and history lovers interested in the tremendous waves of English immigration to Canada whose story has never been told in its full depth and detail until now Planters Paupers and Pioneers English Settlers in Atlantic Canada The first ever comprehensive book written on early English immigration to Canada Planters Paupers and Pioneers focuses on the factors that brought the English to Atlantic Canada It traces English arrivals to their various settlements in Nova Scotia New Brunswick Prince Edward Island and Newfoundland and considers their reasons for leaving their homeland Who were they When did they arrive Were they successful And what was their lasting impact Drawing on wide ranging documentary resources this book is essential reading for individuals wishing to trace English and Canadian family links Seeking a Better Future The English Pioneers of Ontario and Quebec The exodus from England that gathered pace during the 19th century accounted for the greatest part of the total emigration from Britain to Canada And yet while copious emigration studies have been undertaken on the Scots and the Irish very little has been written about the English in Canada Drawing on wide ranging data collected from English record offices and Canadian archives Seeking a Better Future considers why people left England and traces their destinations in Ontario and Quebec Challenging the widely held assumption that emigration was primarily a flight from poverty Campey reveals how the ambitious and resourceful English were strongly attracted by the greater freedoms and better livelihoods that could be achieved by relocating to Canada's central provinces Ignored but not Forgotten Canada's English Immigrants The great exodus from England to Canada peaked in the early 20th century and although they were widely ignored in the past as an immigrant group the English are now being given the attention they deserve Drawing on wide ranging documentary and statistical sources Ignored but not Forgotten traces this major population movement on a

region by region basis Campey reveals the outstanding contributions by English immigrants to Canada's settlement and development and challenges the assumption that English Canadians were a privileged elite. In fact most came from humble backgrounds. The book is essential reading for genealogists and general readers interested in why the English immigrated to Canada and the great scope of their achievements. What critics are saying Campey's chapters are well written and hold the readers attention. GenealogyMagazine.com A major addition to the literature for those looking for insight into their pioneer immigrant ancestor experience. Anglo Celtic Connections. Lucille Campey has distilled a copious amount of research informative and engaging. The British Columbia Genealogist Engineering Journal ,1929 Vol 7 no 7 July 1924 contains papers prepared by Canadian engineers for the first World power conference July 1924 **Beyond Gated Communities** Samer Bagaeen, Ola Uduku, 2015-06-12 Research on gated communities is moving away from the hard concept of a gated community to the more fluid one of urban gating. The latter allows communities to be viewed through a new lens of soft boundaries modern communication and networks of influence. The book written by an international team of experts builds on the research of Bagaeen and Uduku's previous edited publication Gated Communities Routledge 2010 and relates recent events to trends in urban research showing how the discussion has moved from privatised to newly collectivised spaces which have been the focal point for events such as the Occupy London movement and the Arab Spring. Communities are now more mobilised and connected than ever and Beyond Gated Communities shows how neighbourhoods can become part of a global network beyond their own gates. With chapters on Australia Canada Europe South America Asia Africa and the Middle East this is a truly international resource for scholars and students of urban studies interested in this dynamic growing area of research **The Zoroastrian Diaspora** John R. Hinnells, 2005-04-28 What is the distinctive Zoroastrian experience and what is the common diasporic experience. The Zoroastrian Diaspora is the outcome of twenty years of research and of archival and fieldwork in eleven countries involving approximately 250 000 miles of travel. It has also involved a survey questionnaire in eight countries yielding over 1 840 responses. This is the first book to attempt a global comparison of Diaspora groups in six continents. Little has been written about Zoroastrian communities as far apart as China East Africa Europe America and Australia or on Parsis in Mumbai post Independence. Each chapter is based on unused original sources ranging from nineteenth century archives to contemporary newsletters. The book also includes studies of Zoroastrians on the Internet audio visual resources and the modern development of Parsi novels in English. As well as studying the Zoroastrians for their own inherent importance this book contextualizes the Zoroastrian migrations within contemporary debates on Diaspora studies. John R Hinnells examines what it is like to be a religious Asian in Los Angeles or London Sydney or Hong Kong. Moreover he explores not only how experience differs from one country to another but also the differences between cities in the same country for example Chicago and Houston. The survey data is used firstly to consider the distinguishing demographic features of the Zoroastrian communities in various countries and secondly to analyse different patterns of

assimilation between different groups men and women and according to the level and type of education Comparisons are also drawn between people from rural and urban backgrounds and between generations in religious beliefs and practices including the preservation of secular culture **General Catalogue of Printed Books** British Museum. Department of Printed Books,1969 The Justice System and the Family Sheila Royo Maxwell,Sampson Lee Blair,2022-10-14 An enlightening insight into the family dynamics surrounding contact with the justice system Police Courts and Incarceration is interesting reading for researchers and students of family sociology and criminology *Locative Media* Rowan Wilken,Gerard Goggin,2014-08-07 Not only is locative media one of the fastest growing areas in digital technology but questions of location and location awareness are increasingly central to our contemporary engagements with online and mobile media and indeed media and culture generally This volume is a comprehensive account of the various location based technologies services applications and cultures as media with an aim to identify inventory explore and critique their cultural economic political social and policy dimensions internationally In particular the collection is organized around the perception that the growth of locative media gives rise to a number of crucial questions concerning the areas of culture economy and policy **Canadiana** ,1985 **The Best Books: D, Society.
