Canada's Prime Ministers and the Shaping of a National Identity Raymond B. Blake, 2024-06-15 Since Confederation Canadian prime ministers have consciously constructed the national story Each created shared narratives formulating and reformulating a series of unifying national ideas that served to keep this geographically large ethnically diverse and regionalized nation together This book is about those narratives and stories Focusing on the post Second World War period Raymond B Blake shows how regardless of political stripe prime ministers worked to build national unity forged a citizenship based on inclusion and defined a place for Canada in the world They created for citizens an ideal image of what the nation stood for and the path it should follow They told a national story of Canada as a modern progressive liberal state with a strong commitment to inclusion a deep respect for diversity and difference and a fundamental belief in universal rights and freedoms Ultimately this innovative history provides readers with a new way to see and understand what Canada is and what holds us together as a nation

The Canada-Israel Nexus Eric Walberg, 2017-11-07 The Canada Israel Nexus is a comparative political history of two settler nations their colonial past their relations with the indigenous peoples on whose territories they created and imposed new states and their close linkages to former and current imperial powers The battle for justice in the Middle East involves treachery terrorism exile apostasy and yes conspiracy It is the stuff of legend of which Canada Israel and their relationship is a crucial part The conflict of interests and rights between the colonizer and the colonized is central to this narrative as is the relationship between Jews and the state in history and how that relationship was transformed by the creation of a Jewish state The history of Israel Palestine is like an accelerated version of Canada's dispossession of native peoples though with differing endgames ethnic cleansing vs forced assimilation Canada is Israel's best friend not just in former Conservative prime minister Harper's words or when a youthful Lester Pearson pushed through the plan for a separate Jewish state leading to Israel's creation and his own Nobel Peace prize but in many little known and unexpected ways On the other hand Canadians have numbered among the few daring questioners of the Holocaust for which they have paid dearly Not least this book examines the central question of the identity of Jews in Canada will they be just that with a primal loyalty to an Israeli homeland or will they become Jewish Canadians even anti Zionist Canadians melting easily into Canadian popular culture itself replete with the influence of Jewish east European Yiddishkeit

At Home and Abroad Patrick Lennox, 2010-07-01 Canada's relationship with the United States and its place in the world currently occupy distinct spheres in the minds of policymakers intellectuals and citizens At home Canada is thought to enjoy a special relationship with the United States abroad it occupies a place as the world's problem solver and peacekeeper Patrick Lennox analyzes six key events in the history of relations between the two countries to reveal the underlying connection between the Canada US relationship and Canada's place in the world The war in Afghanistan is but the latest in a series of paradoxical interactions between the two states abroad that has resulted from the hierarchy in Canada US relations at home **The Middle Power Project** Adam Chapnick, 2011-11-01 The Middle Power Project describes a defining period of Canadian and international history During the Second World War Canada transformed itself from British dominion to self proclaimed middle power It became an active enthusiastic and idealistic participant in the creation of one of the longest lasting global institutions of recent times the United Nations This was in many historians' opinions the beginning of a golden age in Canadian diplomacy Chapnick suggests that the golden age may not have been so lustrous During the UN negotiations

Canadian policymakers were more cautious than idealistic The civil service was inexperienced and often internally divided Canada's significant contributions were generally limited to the much neglected economic and social fields Nevertheless creating the UN changed what it meant to be Canadian Rightly or wrongly from the establishment of the UN onwards Canadians would see themselves as leading internationalists Based on materials not previously available to Canadian scholars The Middle Power Project presents a critical reassessment of the traditional and widely accepted account of Canada's role and interests in the formation of the United Nations It will be read carefully by historians and political scientists and will be appreciated by general readers with an interest in Canadian and international history

Growing Up Muslim Andrew Garrod, Robert Kilkenny, 2014-04-11 While 9/11 and its aftermath created a traumatic turning point for most of the writers in this book it is telling that none of their essays begin with that moment These young people were living probing and shifting their Muslim identities long before 9/11 I've heard it said that the second generation never asks the first about its story but nearly all the essays in this book include long intimate portrayals of Muslim family life often going back generations These young Muslims are constantly negotiating the differences between families for whom faith and culture were matters of honor and North America's youth culture with its emphasis on questioning exploring and inventing one's own destiny from the Introduction by Eboo Patel In *Growing Up Muslim* Andrew Garrod and Robert Kilkenny present fourteen personal essays by college students of the Muslim faith who are themselves immigrants or are the children of immigrants to the United States In their essays the students grapple with matters of ethnicity religious prejudice and misunderstanding and what is termed Islamophobia The fact of 9/11 and subsequent surveillance and suspicion of Islamic Americans particularly those hailing from the Middle East and the Asian Subcontinent have had a profound effect on these students their families and their communities of origin
