Handbook of Research on Electronic Collaboration and Organizational Synergy Salmons, Janet, Wilson, Lynn, 2008-11-30

Offers exhaustive research on collaborations in education business and the government and social sectors **Philip Roth and World Literature: Transatlantic Perspectives and Uneasy Passages** Velichka D. Ivanova, 2014-03-18 A book like this is long overdue because not many are aware of the numerous intersections between Philip Roth's fiction and world literature In highlighting these intersections and uneasy passages this comparative approach offers an important contribution to Philip Roth studies as well as to comparative literary study in general The fourteen chapters on this book summon Roth's intertextual links to authors ranging from the anonymous writer of the medieval play Everyman through Thoreau Hawthorne Crane Ellison Coover and the New York intellectuals in the United States to Swift Chekhov Svevo Kafka Schulz Gombrowicz Camus and Kipling in Europe and on to Coetzee in South Africa The book does not deal with all the works in Roth's canon but it offers a selection of works representing the different stages of Roth's development as a writer By offering new readings of both well studied and lesser studied works sometimes in unexpected company the book discloses the critical difference that comparative scholarship can affect The uneasy passages the book opens will not exhaust the numerous intersections between Roth and the work of other writers The book's contribution is to place Roth's fiction firmly

in a larger transnational context Far from insular Roth's work appears as deeply rooted in the American canon while at the same time showing a remarkable openness a persistent need for contact with his European forebears and true engagement with contemporary world literature The transnational perspective of the book makes it important for the rapidly growing field of transatlantic and transnational American studies The book will be value to collections in American literature and Jewish studies comparative literature and criticism and transatlantic and transnational American studies
