[Dancing Around the Elephant](#) Bruce Muirhead,2007-01-01 A generation of Canadian historians has viewed the mid twentieth century as an era when Canada gave ground to the United States in most areas of foreign trade policy In *Dancing around the Elephant* Bruce Muirhead elegantly and cogently disputes this view Drawing on extensive archival research Muirhead notes a number of cases where Canadian policy makers actually got the better of their American counterparts such as the Auto Pact and examines contextual reasons for the pessimistic view of Canada s trade position and hostile scepticism

of American dominance the rise of Canadian nationalism the growth of anti Americanism based largely on the American role in Vietnam and the election of Pierre Elliot Trudeau as prime minister in 1968 Muirhead also dispels the myth that the poor relationship between Prime Minister John Diefenbaker and President John F Kennedy served to wreak havoc on Canadian American relations clearly demonstrating its lack of effect on trade patterns While not disregarding a number of trade failures particularly with the United Kingdom and Europe Dancing around the Elephant refutes the position of those who question Canada s economic independence in the mid century and will prove tremendously controversial with economic historians and those who study Canadian nationalism The United States Postal Guide and Official Advertiser ,1850

Maloney,2007 In Learning to Love the Bomb Sean M Maloney explores the controversial subject of Canada s acquisition of nuclear weapons during the Cold War Based on newly declassified Canadian and U S documents it examines policy strategy operational and technical matters and weaves these seemingly disparate elements into a compelling story that finally unlocks several Cold War mysteries For example while U S military forces during the 1962 Cuban Missile Crisis were focused on the Caribbean Sea and the southeastern United States Canadian forces assumed responsibility for defending the northern United States with aircraft armed with nuclear depth charges flying patrols and guarding against missile attack by Soviet submarines This defensive strategy was a closely guarded secret because it conflicted with Canada s image as a peacekeeper and therefore a more passive member of NATO than its ally to the south It is revealed here for the first time The place of nuclear weapons in Canadian history has until now been a highly secret and misunderstood field subject to rumor rhetoric half truths and propaganda Learning to Love the Bomb reveals the truth about Canada s role as a nuclear power American Machinist ,1917 America the Great Edward Hawkins Sisson,2014-06-22 America the Great is the result of five years research and writing that began in late 2009 in response to the contemporary American tea party movement and criticisms that the movement s participants did not know the history and theory of the original 1773 Boston Tea Party from which the modern movement takes its name The extensive library of original books newspapers magazines etc now available primarily via google books to anyone over the Internet means that researchers have available to them the university libraries of the world The availability of accurate original documents made it possible to expand the original scope of research into other historical events and into other countries primarily Great Britain and enabled the work to develop into a more general examination of theories of human dignity and of the differing conception of government that arises depending on the conception of human dignity that is characteristic of the people that is creating that government Parties Long Estranged Margaret

MacMillan, Francine McKenzie, 2003 This book brings together recent and original work to illuminate comparisons and contrasts between two former colonies of the British Empire The contributors include some of the top names in history and political science in Canada and Australia They cover the entire twentieth century and examine different aspects of Canadian Australian relations including trade civil aviation and military constitutional imperial and diplomatic relations The comparisons include Aboriginal rights nation building middle powers and attitudes toward the Empire This timely volume is well situated in the field of comparative studies a new and growing area It will be of interest to students and scholars of foreign affairs the British Commonwealth and its dismantling constitutional history and international relations The Israeli Response to Jewish Extremism and Violence Ami Pedahzur, 2002 Ami Pedahzur looks at the theoretical issue of how a democracy can defend itself from those wishing to subvert or destroy it without being required to take measures that would impinge upon the basic principles of the democratic idea The text links social and institutional perspectives to the study and includes a case study of the Israeli response to Jewish extremism and violence which tests the theoretical framework outlined in the first chapter There is an extensive diachronic scrutiny of the state's response to extremist political parties violent organizations and the infrastructure of extremism and intolerance within Israeli society The book emphasises the dynamics of the response and the factors which encourage or discourage the shift from less democratic and more democratic models of response *Personal Policy Making* Eliezer Tauber, 2002-02-28 Without the Canadian mediation between the two world blocs in 1947 UN resolution 181 II to partition Palestine would likely have failed to secure the two thirds majority necessary for adoption by the General Assembly In fact the Canadians were among the main initiators of the partition plan and the establishment of a Jewish state Tauber demonstrates that this Canadian involvement was not an official government policy but rather a private initiative of some high ranking Canadian foreign service officials who believed partition to be the only practicable solution for the Palestine question Thus due to humanitarian concerns these officials followed an independent policy against the express will of their prime minister The results would forever change the history of the Middle East Tauber explores this little known aspect of Canadian foreign policy Canada's under secretary of state for external affairs Lester Pearson assisted by other foreign service officials decided on his own accord which policy to follow in this instance Based upon many original Canadian British American UN and Israeli documents this study shows that Pearson's motivation was not the desire to make Canada a middle power involved in international affairs as some scholars of Canadian international affairs have previously argued Instead the impact of the Holocaust drove these officials to break ranks with their superiors at home to support the establishment of a Jewish state in Palestine Hispanic American Report Ronald Hilton, 1957 List of Publications Pertaining to Government Ownership of Railways Association of American Railroads.
