1. OBJECTIVE:

G.I. 2.710 is intended to define the respective duties and obligations required of the Saudi Aramco Project Management Team (SAPMT)/Construction Agency, Inspection Department, Loss Prevention Department, and the Proponent that are necessary to ensure a smooth and timely transition from the construction phase through the start-up and operation of a facility. The Mechanical Completion and Performance Acceptance Certificates document these duties and obligations.

- * Reference to this Instruction and its attachments in a lump sum contract as a requirement for the contractor to follow and as a sole means of defining the contractor's pre- and post-MC responsibilities is not permitted. This Instruction and its attachments define responsibilities within Saudi Aramco organizations only and are not a suitable means of assigning responsibilities to the contractor. As applicable, a customized division of responsibility based on needs should be included or referenced in lump sum contract, either in the body of Schedule "B" or as an attachment to Schedule "B" titled Completing & Accepting the WORK.

2. SUMMARY:

Saudi Aramco Gi Manual

James G. Speight

Saudi Aramco Gi Manual:

Guardian of the Holy Land Ammar Alghamdi, 2017-02-21 Guardian of the Holy Land is a book about the untold stories of the place which damaged my life and others lives A country where people are brain washed It is about the regime who created the school of terrorism This book discusses some of the Royal family who fooled many people and made fun of many their locals steeling their wealth and health It is a short book but very informative about what I think is the worst most damaging country the world has right now A dramatic change should take place at least the way we as human should think of that kingdom

The Chemistry and Technology of Petroleum, Fifth Edition James G. Speight, 2014-02-26 With demand for petroleum products increasing worldwide there is a tendency for existing refineries to seek new approaches to optimize efficiency and throughput In addition changes in product specifications due to environmental regulations greatly influence the development of petroleum refining technologies These factors underlie the need for this fifth edition of The Chemistry and Technology of Petroleum which continues in the tradition of the bestselling fourth edition proving readers with a detailed overview of the chemistry and technology of petroleum as it evolves into the twenty first century The new edition has been updated with the latest developments in the refining industry including new processes as well as updates on evolving processes and various environmental regulations The book covers issues related to economics and future refineries examines the changing character of refinery feedstock and offers new discussions on environmental aspects of refining It contains more than 300 figures and tables including chemical structures and process flow sheets A useful reference for scientists and engineers in the petroleum industry as well as in the catalyst manufacturing industry this book introduces readers to the science and technology of petroleum beginning with its formation in the ground and culminating in the production of a wide variety of products and petrochemical intermediates
