**Grandeur et décadence d'un enfant du siècle** Éric Tistouret, 2012-01-12. *Grandeur et décadence d'un enfant du siècle* décrit la lente ascension d'un opportuniste un brin déshabillé et perdu dans le grand tourbillonnement du siècle naissant qui dépose d'une fille de notable de province terminera grand industriel et ministre avant de sombrer dans un tourbillon duquel il ne pourra s'extraire. Rongé par ses propres contradictions et conscient de ses limites, il aimerait être un autre mais ne peut ou ne veut fournir l'effort qui lui permettrait peut-être de parvenir à la vérité. Une partie de lui-même se rend bien compte de la futilité de ce qu'il est de la vacuité de son existence dans le vide entre et autour de lui. Mais qu'en est-il de l'autre de la fragilité de l'homme contemporain ? Illusionnant cortège des vanités des ivresses de l'âme et du corps. Ce roman démonte les travers de notre société contemporaine, essaie de déchiffrer les mécanismes du pouvoir qu'il soit politique, économique ou financier, et se intéresse au diktat du monde des apparences. En définitive, l'enfant du siècle dont le destin est déordinaire dans ce texte sera vraiment proche dans sa complexité, ses attentes, ses espoirs et sa faiblesse primordiale de chacun d'entre nous.

[Home Words](#) Mavis Reimer, 2009-08-01. The essays in *Home Words* explore the complexity of the idea of home through various theoretical lenses and groupings of texts. One focus of this collection is the relation between the discourses of nation which often represent the nation as home and the discourses of home in children's literature which variously picture home as a dwelling, family, town or region, psychological comfort and a place to start from and return to. These essays consider the myriad ways in which

discourses of home underwrite both children's and national literatures Home Words reconfigures the field of Canadian children's literature as it is usually represented by setting the study of English and French language texts side by side and by paying sustained attention to the diversity of work by Canadian writers for children including both Aboriginal peoples and racialized Canadians It builds on the literary histories bibliographical essays and biographical criticism that have dominated the scholarship to date and sets out to determine and establish new directions for the study of Canadian children's literature

Library of Pittsburgh, 1907      **It's Not What You Say...It's What You Do** Laurence Haughton, 1907 An indispensable management guide to making sure that the long term strategies and day to day goals a company sets are successfully executed. Written by the coauthor of the national bestseller *It's Not the Big That Eat the Small It's the Fast That Eat the Slow*. Good managers at every level recognize the importance of strategic planning and setting concrete goals for their employees. But even the best among them often fail to implement and support the crucial processes that turn well laid plans into visible successes. Studies show that over the last fifty years a whopping 83 percent of corporate slowdowns were attributable not to outside economic forces but to the lack of vigilant follow through within the company itself. In *IT'S NOT WHAT YOU SAY IT'S WHAT YOU DO* Laurence Haughton identifies the missteps that allow initiatives to fall through the cracks and explains how to close the gap between what a company sets out to do and what actually happens. Drawing on interviews with top level executives from such companies as IKEA, the Wall Street Journal, Charles Schwab, Time Warner, Watson, Wyatt, Pella Corp and scores of others both large and small, he presents the essential strategies for ensuring the success of innovations and change, including: Get more buy in from employees on new initiatives; Balance control with coordination to make your team more effective; Make sure that expectations are crystal clear; Maintain a sense of urgency and momentum on a daily basis; Filled with real life examples of how effective follow through stems the waste of resources, improves productivity and prevents costly mistakes. *IT'S NOT WHAT YOU SAY IT'S WHAT YOU DO* gives managers up and down the corporation or company the tools they need to eliminate failure resulting from lack of follow through and achieve their goals.
