Fortsch, Erica Dissler, 2005-10 Some dreams or visions if they are symbolic in nature require an interpretation This unique book Daniel Understanding the Dreams and Visions unlocks and explains the structure and mysteries of the prophecies in the book of Daniel It reveals the keys that the prophet Daniel has presented to unlock the prophecies of the Bible Daniel expounds the prophecies in four distinct visions of how God has revealed the rise and fall of the seven earthly kingdoms empires many centuries in advance The truths of these prophecies have withstood every attack from every scholar and skeptic According to the Talmud and the Hebrew Scriptures Daniel received and interpreted dreams and visions similar to many other Jewish prophets This new book brings much needed clarity to the text of the prophecies of Daniel through the definitions of codewords maps pictures illustrations charts tables and secular historical records The Author adds comments only where necessary An understanding of the Old Testament book of Daniel will set the foundation for a better understanding the prophecies in the book of Revelation In this book the author adopts a detailed but simple approach to an intricate and complex web of prophetic truths of coming world events The object of this book is to clarify the symbolisms and cryptic codes in the ancient yet futuristic prophecies of Daniel For as Jesus said And now I have told you before it come to pass that when it is come to pass ye might believe JOHN 14 29 Take heed that no man deceive you Matt 24 4 **The Nonviolent Coming of God** James W. Douglass, 2006-04-01 In this his most eloquent and far reaching book James Douglass explores the haunting parallels between the situation of Jesus and our situation today Jesus who lived in anticipation of the impending destruction of Jerusalem by the Romans and suffered from this vision called urgently for a radical conversion to avert the tragedy The choice then as now was between nonviolence and nonexistence This choice is even more stark in the nuclear age Whether describing the visions of Gandhi Martin Luther King Jr Archbishop Romero or the witness of his own community against the White Train carrying warheads across the country Douglass can discern the sights of a second coming a nonviolent coming of God The possibility for a different future depends on a different kind of humanity renewed and transformed by the nonviolent cross of Christ **Daniel and the Visions about the End Time** Toby Joretteg, 1998-12 The book of Daniel is a fascinating book Many have tried to understand the context in these chapters Up till the end of Chapter 11 there has been some kind of agreement in the understanding of the prophecy From there until the very end of this book the most different aspects and interpretations can be found It seems interesting to dig into the Scripture to read and study and ask the Holy Spirit for guidance and revelation Maybe today is the day of God s revelation of the unsealed parts of the

book of Daniel **Jesus the Christ** Brother Alexander David,1977 **John Calvin on the Visions of Ezekiel** Erik A. de Boer,2019-01-03 John Calvin s sermons on Ezekiel held between 1552 and 1554 in the church la Madeleine in Geneva and now studied for the first time offer intriguing material on his exposition of prophetic visions The manuscripts disclose the reformer s preaching on the book as a whole including the visions on the restoration of Israel Gog and Magog and the great temple vision The first part of this study focuses on the history of patristic medieval and 16th century exegesis of Ezekiel The second part is a systematic theological analysis of the hermeneutical principles of Calvin s exposition of visionary revelation Finally the sermons on the visions of Ezek 36 48 a unique specimen of literal historical exegesis with a christological perspective are analysed **Is Our Vision of God Obsolete?** G.R. Pafumi,2010-01-15 Our vision of God varies by culture It has changed over the millennia We no longer believe in the pagan gods of the Romans and Greeks Why should we expect that our current view of God will not change Scientific knowledge and discovery is occurring at a pace never before experienced in human history Yet our concept of God remains mired in the 15th century This is about to change It will become increasingly difficult for religions to convince believers educated in modern science to blindly accept as truth religious dogmas conceived centuries ago Religious scripture is a combination of literature myth and superstition Science will invalidate many of these myths This is why intelligent design advocates fear science The Vision of His Glory, Revised and Updated Anne Graham Lotz,2025-09-02 With a focus on Jesus Christ Anne Graham Lotz brings clarity and understanding to the book of Revelation Experience the beauty of God s divine plan with Anne Graham Lotz s revised and updated book The Vision of His Glory Through a masterful exploration of the book of Revelation Anne unveils God s incredible blueprint for the future offering clarity hope and reassurance Drawing from the apostle John s powerful eyewitness account Lotz highlights God s unwavering love and faithfulness even in the face of life s trials If you re feeling weighed down by challenges personal doubts or the uncertainties of choosing faith this book serves as a beacon pointing to God s ultimate authority and His purpose for your life With heartfelt passion and deep scriptural understanding Lotz walks readers step by step through the Revelation narrative uncovering profound truths about God s sovereign plan Discover strength encouragement and the enduring hope that comes from trusting in God s promises Don t miss this opportunity to deepen your faith and grasp the fullness of God s vision for your life by walking confidently in the light of His Word **Episodes In Visions** Zebron Ncube, D. Min. ,2018-04-30 In his book Dr Zebron Ncube argues that in spite of socio political chaos and pessimistic and secular thinking that dominate human society the Book of Revelation tells us that God is still in control This is the prism through which the Book of Revelation should be read In Episodes in Visions each episode has its own full Bible text key thought major objective overview and discussion with practical implications The preacher will find this book to be a tremendous resource for a preaching series Individuals and study groups will benefit from the easy to use outlines of the book The book is written from a preacher s perspective to give hope to a cringing spirit because the foundations of human society are crumbling God

is in control Dr Zebron Ncube explains the mysteries of symbols and numbers to connect the contemporary mind with John and his first century audience No other book has so much relevance to the contemporary church and world as does the Book of Revelation that Dr Ncube writes about The Forgotten Jesus and the Sanctuary Song David Bird,2005-05 Like a new song to sing This book contains fifteen new songs and six stories that will help you learn about a generally forgotten area of Jesus ministry **The Vision of His Glory** Anne Graham Lotz,2009-04-28 *Inochentism and Orthodox Christianity* James A. Kapaló,2019-06-05 This book explores the history and evolution of Inochentism a controversial new religious movement that emerged in the Russian and Romanian borderlands of what is now Moldova and Ukraine in the context of the Russian revolutionary period Inochentism centres around the charismatic preaching of Inochentie a monk of the Orthodox Church who inspired an apocalyptic movement that was soon labelled heretical by the Orthodox Church and persecuted as socially and politically subversive by Soviet and Romanian state authorities Inochentism and Orthodox Christianity charts the emergence and development of Inochentism through the twentieth century based on hagiographies oral testimonies press reports state legislation and a wealth of previously unstudied police and secret police archival material Focusing on the role that religious persecution and social marginalization played in the transformation of this understudied and much vilified group the author explores a series of counter narratives that challenge the mainstream historiography of the movement and highlight the significance of the concept of liminality in relation to the study of new religious movements and Orthodoxy This book constitutes a systematic historical study of an Eastern European home grown religious movement taking a grass roots approach to the problem of minority religious identities in twentieth century Eastern Europe Consequently it will be of great interest to scholars of new religions movements religious history and Russian and Eastern European studies **Ancient Aliens, the Rapture and the Return of Christ** Chet Cataldo,2011-05-24 Many cultures around the world have records of ancient aliens who visited them gave them knowledge and left Who are these aliens This book will identify these ancient aliens and describe a coming day when these aliens will return to the earth The day of the aliens return to the earth will be integrated into the idea of the Rapture and the Return of Christ *Revelation: A Mid-Tribulation View* Tan Geok Hock,2014-09-28 Many readers acknowledge difficulty in understanding the book of Revelation Some avoid it altogether Part of the problem may be a tendency among interpreters to use prophecies from other parts of the bible especially the Old Testament to dictate how we should read Revelation This commentary treats Revelation as a self contained and internally consistent work More emphasis is placed on the natural reading of the text than on similar words and images from other sources Context and structure take priority over theological presuppositions about the end time The result is a pleasant surprise It becomes clear that John organises and develops his thoughts in a systematic way The visions no longer appear so mysterious when read in this light It helps us to sieve through the different interpretive approaches that have contributed to our confusion over this book Whether or not readers agree with its conclusions the hope is that this short commentary will

help some to no longer feel intimidated by the book of Revelation but to confidently return to it over and over again to be blessed by its message

Racial Conflict and Healing Andrew Sung Park, 2009-12-01 A Korean theologian approaches the issue of racial conflict including discrimination between minority communities and constructs a theology of seeing that aims to heal the ruptures of racism As ethnic tensions continue to simmer and occasionally erupt immigration and affirmative action laws are hotly debated in every ethnic minority African Americans Hispanic Americans Native Americans even Asian Americans the so called model minority struggle in the racially charged atmosphere of contemporary America In the aftermath of the Los Angeles riots of 1992 and the ensuing violence against Korean Americans Andrew Sung Park seeks a theological model that will help transform a society of oppression injustice and violence into a community of equity fairness and mutual consideration Park emphasizes that such a transformation does not and cannot begin only with good intentions but must be grounded in an understanding of all the socio economic and cultural issues that lead to oppression and tension Using the Korean term *han* to describe the deep seated suffering of racial oppression he then suggests resources for understanding and healing in both Christian and Asian traditions Part I of Racial Conflict and Healing describes the status quo from a Korean American perspective including discrimination against ethnic minorities and the discrimination they inflict on one another In Parts II and III Park suggests that American society as a whole needs a superordinate vision to form a unified community Park argues that our profoundly individualistic society must learn to understand an idea of self that is formed through relationship with others Finally in Part IV he presents a theological model a theology of seeing as a way to genuinely understand the other and to promote healing within our society
