4 Student A:
I wasn't a very motivated student when I was younger, so I failed my exams in 1999 and had to retake them the following summer. I'd already decided I wanted to take a gap year then go to business school, so this time I completed all the coursework and revised thoroughly; I passed easily. I spent a year abroad as an assistant in a secondary school and then went to business school – I'd already applied and successfully attended an interview before revisiting my exams.
In my second year as an undergraduate, I spent a semester as an intern at Hewlett Packard, which was very rewarding. In fact, I went straight into a job at HP after I graduated the following June. They encouraged me to do a Master's degree by correspondence – I just have to finish writing a dissertation. I need a break now, but I may take a sabbatical to study for an MBA in a few years' time.

5 Student B:

Advanced Study Institute Staff, 2012-12-06 The first international conference on differential games was held at Amherst Massachusetts in September 1969. A second meeting partially supported by NATO was held in Varenna Italy in June 1970. At these conferences many new theoretical results and applications especially in economic problems were presented. The present volume consists of the lectures presented at a NATO Advanced Study Institute on the Theory and Applications of Differential Games held at the University of Warwick Coventry England from 27th August to 6th September 1974. The main contributions during the first week consisted of a survey of two person zero sum differential games by L D Berkovitz and four integrated lectures by R J Elliott and N J Kalton who have made important contributions to the concept of value of a differential game. Applications were featured during the second week and included tactical air games pursuit and evasion problems as well as computational aspects. A closing lecture with historical perspectives was given by Rufus Isaacs the recognised pioneer of differential games theory.
