World War II Complete Unit Guide Packet

Overview

World War II was the most deadly conflict in human history. It was a global conflict that involved most of the world's major powers, including all the great powers, in a series of battles that resulted in the deaths of over 70 million people.

World War II was fought between the Axis powers (Germany, Italy, and Japan) and the Allied powers (the United States, the United Kingdom, and the Soviet Union). The war was fought in Europe, the Pacific, and the North Africa.

The war began in 1939 when Germany invaded Poland. This led to the United Kingdom and France declaring war on Germany. In 1941, Japan attacked the United States at Pearl Harbor, which led to the United States entering the war.

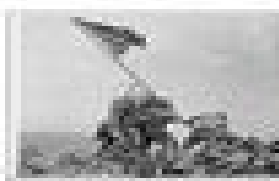

The war ended in 1945 when the Allies defeated the Axis powers. The war was the deadliest conflict in human history, with over 70 million people killed.

The war had a major impact on the world. It led to the creation of the United Nations, the end of colonialism, and the beginning of the Cold War.
