Essays on Twentieth-Century History Michael Adas,American Historical Association,2010-05-28 Probing the

paradoxes of the long twentieth century Unprecedented human opportunity and deprivation to the rise of the United States as a hegemon **Paradise Lost and the Rise of the Novel** Branko Marijanović,2022-08-17 This book claims that Paradise Lost contains all the traits of the great epics as well as the predominant characteristics of early modern novels and that every history of the novel should acknowledge Milton's unintentional contribution to the development of the genre Milton's Satan is presented as a novelistic character par excellence preceding memorable literary characters of novelistic provenance like Dostoyevsky's Raskolnikov Shelley's monster or Kafka's beetle In addition this book proves that all the elements of modernity like capitalism science all pervasive doubt the absence of unquestionable ideals radical individualism and the insatiable desire for self realization and incessant advancement are inherent to both Paradise Lost and Satan's character Just like a fully developed novelistic character and unlike any epic character in history Satan constantly surprises us by failing exceeding or simply contradicting our expectations As such the book demonstrates that Satan shares more common points with the likes of Tom Jones Moll Flanders or Lovelace than with the traditional epic heroes like Achilles or Aeneas proving that the novel as a genre owes an immense debt to Milton's grand epic and that Satan may be perceived as a precursor of the great novelistic characters **Women Who Changed the World** Candice Goucher,2022-01-24 This indispensable

reference work provides readers with the tools to reimagine world history through the lens of women's lived experiences Learning how women changed the world will change the ways the world looks at the past Women Who Changed the World Their Lives Challenges and Accomplishments through History features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective The women featured in this four volume set cover the full sweep of history from our ancestral forbearer Lucy to today's tennis phenoms Venus and Serena Williams Every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists Each biography follows a standardized format recounting the woman's life and accomplishments discussing the challenges she faced within her particular time and place in history and exploring the lasting legacy she left A chronological listing of biographies makes it easy for readers to zero in on particular time periods while a further reading list at the end of each essay serves as a gateway to further exploration and study High interest sidebars accompany many of the biographies offering more nuanced glimpses into the lives of these fascinating women

Routledge Handbook of Humanitarian Communication Lilie Chouliaraki,Anne Vestergaard,2021-09-30 The Routledge Handbook of Humanitarian Communication is an authoritative and comprehensive guide to research in the academic sub field of humanitarian communication It is broadly focused on communication that presents human vulnerability as a cause for public concern and encompasses communication with respect to humanitarian aid and development as well as human rights and humanitarian wars Recent years have seen the expansion of critical scholarship on humanitarian communication across a range of academic fields sharing recognition of the centrality of media and communications to our

understanding of humanitarianism as an agent of transnational power global governance and cosmopolitan solidarity The Handbook brings into dialogue these diverse fields their theoretical frameworks and methodological approaches as well as the public debates that lie at the heart of the contemporary politics of humanitarianism It consolidates existing knowledge and maps out this emerging field as an important site of interdisciplinary knowledge production on media communication and humanitarianism As such the Handbook is not simply a collection of texts sharing a similar theme It is a coherent intellectual contribution which systematizes current critical scholarship in terms of Domains Methods and Issues and sets an agenda of emerging and evolving research priorities in the field Consisting of 26 chapters written by international scholars who have contributed to laying the foundation of the field this volume provides an essential guide to the key ideas issues concepts and debates of humanitarian communication

Innovation In China: A Strategic Management Casebook Hugh Thomas, 2022-04-08 Innovation has shaped society since civilization began Imperial China was the most innovative society on earth but it failed to join the 19th century industrial revolution In the 20th century the Communist Party of China addressed that failure Today China boasts an internationally compliant rapidly developing IP system State planning continues to be critical as the case of the largest single technology acquisition and infrastructure project in world history high speed rail demonstrates But most of the innovation in China comes from the private sector government incubators are among the government stimuli of private initiative both local and global And as the case on Cisco shows foreign MNCs management of innovation in China is attractive but must involve co ordination with government policy This book presents cases where managers determine policy in China s increasingly innovative society Readers take the roles of decision makers to make strategy decisions The cases in this volume showcase China s traditional three teachings socialist market institutions and modern management using studies on current Chinese companies and their leaders among them big names such as Haier and Huawei Each case stands alone as teaching material for instructors Taken together the book presents evolving models of innovation Their subtle differences from western constructs critically impact the development of our global society

Motion and Knowledge in the Changing Early Modern World Ofer Gal, Yi Zheng, 2013-11-08 This volume comprises studies of the early modern drama of motion and transformation of knowledge It is unique in taking its global nature as fundamental and contains studies of the theme of motion and knowledge in China Europe and the Pacific from the 16th to the 18th century People living around the turn of the 17th century were experiencing motion in ways beyond the grasp of anyone less than a century earlier Goods and people were crossing lands and oceans to distances never envisioned and in scales hardly imaginable by their recent predecessors The earth itself has been set in motion and the heavens were populated by a whole new array of moving objects comets moons sun spots Even the motion of terrestrial objects so close at hand and seemingly obvious was being thoroughly reshaped In the two centuries to follow this incessant world changing motion would transform the creation interpretation and dissemination of knowledge and the life and experiences of the people producing it
